

Warzone Events Model Policy

Model & Conversion Policy

Playing exciting, atmospheric games with painted miniatures is an important part of the Warzone Events experience, and a critical component of our “total hobby” approach to the game.

With this in mind, all miniatures in your army must be fully assembled, painted and based. We understand that the changes in editions and the expense of having a fully WYSIWYG army is difficult to accomplish so unless a packet clearly states that your models need to be accurate we only require that your opponents can know what a unit is equipped with. This does not mean that entire units can be replaced with another unit.

If you are planning on using ANY conversions you need to contact us to let us know and provide us with photos of the models in question. Our goal is to ensure that every model is clear to your opponent's and to the Judges to minimize any confusion which could arise during games.
