African Countries

Burkina Faso

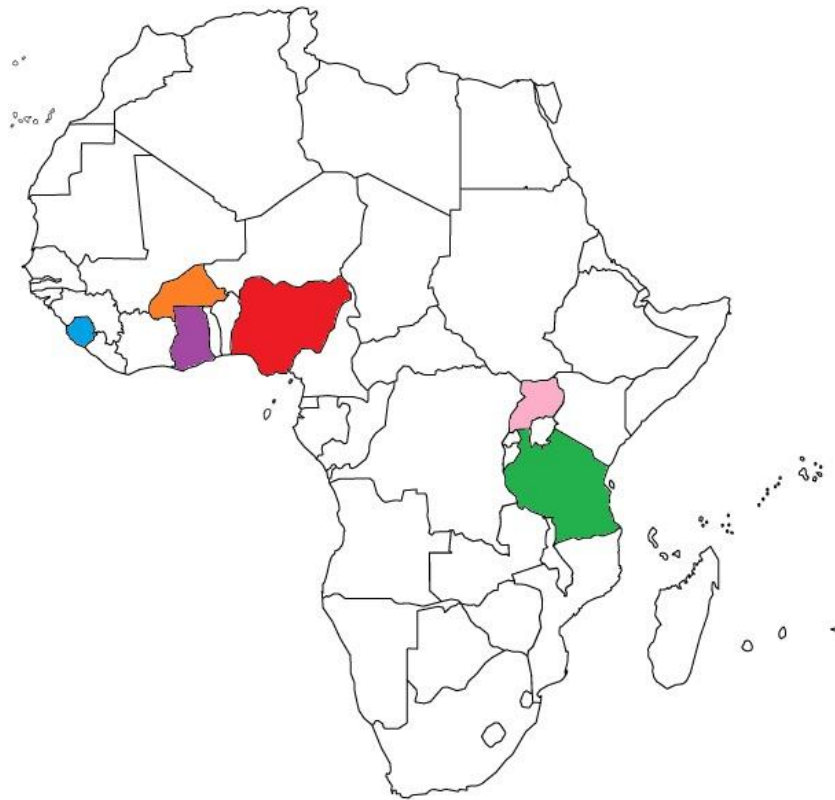

Sierra Leone

Tanzania

Uganda

Nigeria

Ghana

Directions: In your small group, read the text selection on your assigned country. Discuss the project described in the text and how it's helping to solve one or more development problems. Then, create a plan for presenting the information to the class.

During your presentation must include at least 10 slides

1. Title slide that introduces your topic and the names of all your group members
2. Point out the location of your country on a map of Africa

3. Share a first important details about your country (Ex: HDI, GDP, Economic System, Government Type, Current Problems, Imports / Exports, etc.)
4. Share a second important details about your country (Ex: HDI, GDP, Economic System, Government Type, Current Problems, Imports / Exports, etc.)
5. Share a third important details about your country (Ex: HDI, GDP, Economic System, Government Type, Current Problems, Imports / Exports, etc.)
6. Describe the project that is being implemented in your country (projects are on MOODLE)
7. Describe the development problem the class is trying to help address (Ex: Lack of Food, Lack of Clean Water, Lack of Manufactured Goods, Lack of Industry, etc.)
8. Explain why you think this project will / will not promote economic growth and development.
- 9 Describe how this project might be extended to other countries of Africa (will your solution / project be useful in other African countries? Why or why not?)
10. Sources slides which lists all the websites that you've used

Your presentation will be evaluated using the following rubric:

Content (What was said)	Delivery (How it was said)	Visual Aids (How it was illustrated)
Did you explain all the slides? Was your information correct? Did you cite your sources?	Did you face the class? Did you speak loud & clear? Did you pronounce words correctly?	Did you have at least 10 slides? Did you include a map? Did you have many typos?
