Learning Goals: Differentiate between literal and figurative uses of heart.

Identify text evidence to support a focus and organize ideas, citing the source and attributing direct quotation.

Currently, we are writing a paragraph about the figurative great heart of Clara Barton. Please work with your child on capitalization, spelling, and punctuation. They are allowed to bring their paragraphs home each night. It will be in their binders for ELA.

Please let me know if you have any questions or concerns!

Current Social Studies Topics:

- The War for Independence 1700s-1780s
- England Goes from Lost Colony to 13 Colonies
