

DJ Darling's Party Questionnaire

Hello and thank you for giving me the opportunity to be a part of your special event! My goal is to make sure that your event will be everything that you want by asking you to fill out this form. This will give me an idea of what kind of music and atmosphere you would like. Also if there are special announcements you want me to make please write what you would like me to say and whom the announcement is for. Do your best to answer as much as you can. This is more of a guideline for myself! Changes can be made at any time if need be.

– Jessica Hubbard
