

## **Soil Setting Characterization Worksheet**

Use the worksheet to document your observations and findings as you look at the characteristics of soils in different settings.

## **South Carolina Ecoregion Reflection**

| ook at the f | ger version of the <u>South Caro</u><br>ve ecoregions. What kinds of |                     |                   | areas? W    |
|--------------|--|---------------------|-------------------|-------------|
|              |  |                     |                   |             |
|              |  |                     |                   |             |
|              |  |                     |                   |             |
