

Announcement Week 3 (May 23-27)

- If you are a U.S. citizen and will be 18 by June 7th, you can vote in the primary election.
- If you have your ballot already, make a plan to vote! When will you sort through the educational materials? When will you make your decisions? Who will you consult with? Don't forget that votersedge.org has lots of useful nonpartisan information to help you understand what's on your ballot. And the League of Women Voters created a special website to help you out as well. Go to <http://tinyurl.com/paloaltovotes>.
