

Questions. Answered.

How do I register my child for the Move-A-Thon? You can register your child on this link for the Move-A-Thon: <https://pledgestar.com/franklinmoveathon/>

What does the Move-A-Thon raise money for? Funds raised by the PTA through the Move-A-Thon go directly to and for students at Franklin including: educational software, technology, classroom supplies, campus improvements, PE equipment, and field trips for both this year and next school year. And for the **5th Grade, the money they raise will go directly toward their Culmination** so we are encouraging all of them to participate by each sending about 10 emails through the registration site.

What does “participation” mean for qualification of prizes? Participation means that you register your child on the pledge site and send emails to gain support for the Move-A-Thon. Signing up on the registration site does not qualify you for participation unless emails are sent. The cut off for qualifying is 11:59pm PST on Friday, November 22nd.

Can my child participate if they are not at school on the date of the event? Yes, they are still able to participate through the registration site and can qualify for all of the prizes. They just won't be on site for the activities on the day of the event. They can make up for their “movement” during their normal PE class when they are back at school.

What time of day does the Move-A-Thon take place on campus? How long does it last? This event is happening on campus, during school hours. The schedule for November 22nd will be released soon. Please check back.

What takes place during the Move-A-Thon? The Move-A-Thon is similar to a traditional Jog-A-Thon event but instead of running to earn pledge laps, children will walk and run simply to participate in the day's activities. We will have 4 stations – Jump Rope/Sack Races, Hula Hoop/Corn Hole, an Obstacle Course, Running/Walking laps and a culminating Finish Line celebration which will include drinks and snacks. We will have music playing for everyone's enjoyment as well as two entertainers to help keep the kids spirits high and full of energy.

If families aren't able to participate financially, do their kids still get to participate in the event? ALL students in attendance on Friday, November 22nd during their designated Move-A-Thon time will be able to participate. We are encouraging participation through moving and being active while raising money for our school.

If families aren't comfortable asking others for donations, can they just donate themselves? The short answer is yes; however, Pledgestar's website is designed to do all the work for you. Adding email invitations is easy but if you prefer, you can skip asking all together and go straight to the “Donate Now” button and make a donation on your own without having to ask anyone. Either way, we appreciate your support!

Is there a minimum donation required? Are there prizes? The minimum fixed pledge is \$5. Children can win prizes through collective classroom participation or independently. See prize page for more details.

How are parents able to participate? We are asking for 2 volunteers per class to volunteer during their child's designated time on the day of the event. We will also have extra volunteer slots for parents to assist across all activities on the field. Be on the lookout for a sign up email from your room parent coming soon.
