

RevGenius Slack 101

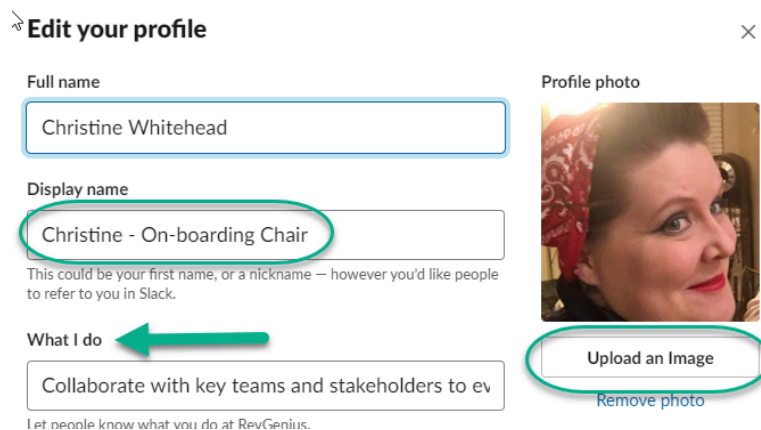

Setting up your profile 👤

To set your profile up, you will just select your name on the upper left hand side this will pull up a box to then view your profile, set if you are active or away, set a status, and pause notifications.

Once you choose, view your profile, the edit profile box will pop up. We ask that all members in the community add a profile picture, make sure your full name is listed. Here is where you will also be able to modify the name that will be displayed to members in slack.

You are also able to share a little something about yourself in the “What I do” section.

Introduce yourself in the #introductions channel 🙋😊

Everyone is eager to meet and welcome you to the RevGenius family! Say “Hello!” and tell us a little about yourself in the “introductions” channel. Provide some background, who referred you, and also include your LinkedIn profile link so members can connect with you.

Dave Cunningham 6:29 AM
Hi everyone! My name is Dave Cunningham and I'm the CEO and founder of Flint Hills Group custom software in Wichita Kansas - www.flinthillsgroup.com. We are a team of 40 highly experienced US software developers in 7 states with the US as our target market. I am also the founder and prior Board Chair for a new technology trade association to grow the Tech industry in Kansas, USA called FlagshipKansas.Tech. I want to give a shout out to @Maria Bross who lead me to this group and was SUPER helpful with my questions. I'm looking to scale my business and tech businesses in Kansas with Sales and Bus Dev people. I'm starting with my business and will share what I've learned with the FlagshipKansas.Tech Board to help other Kansas Companies. Here are the LinkedIn profiles for myself, Flint Hills Group and FlagshipKansas.tech <https://www.linkedin.com/in/davecunninghamjr/> <https://www.linkedin.com/company/flint-hills-group> <https://www.linkedin.com/company/flagshipkansastech>

Introduce yourself here by telling us about your background and who referred you to RevGenius. Include your LinkedIn profile link so members can connect with you.

Message #introductions

To join a channel +

Select the “+” sign next to Channels on the left hand side of Slack. This will bring up the list of available public channels available to all members. We do have more channels, but they are private and are invite only. We do this to keep certain topics contained.

Once you find a channel you would like to join, simply hover over the channel in the list and a Join button will populate. Select “join” you will then see the channel in your channel lineup on the left.

Join

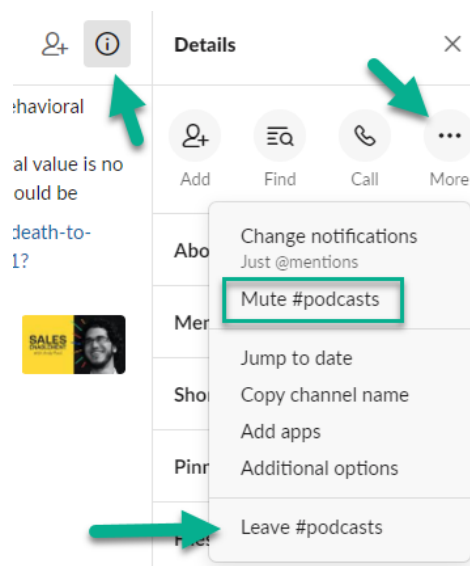

To STAR or mark a channel as a favorite ★

When you are in a channel, you will see a star at the top next to the channel name, just select the star, this will add the star to your list of Starred channels in your channel lineup.

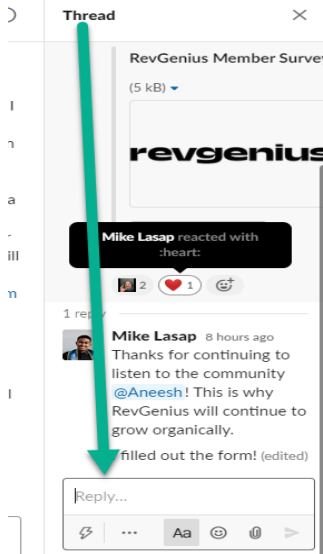

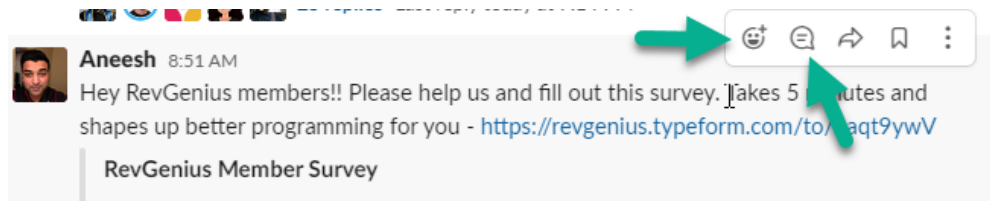

To mute a channel 🤫

Select the “i” icon at the top of the channel, this will bring up the details box. Select “more” then select “mute” You also have a chance to leave the channel from here or you can choose to leave a channel by simply typing `/leave` in the chat bar of the channel you wish to leave.

How to engage in a post 💬

When you come across a post in a channel that you want to engage in, we ask that you please keep the Slack channels clean by commenting in a **thread** and not commenting directly to a post in the channel itself. To do this, hover over the post and when the options appear, select the “chat” bubble. This will open a side window to the right where you can comment in a thread.

How to view pinned messages 📌

Important messages and files are pinned to each channel for easy reference. Simply click the pushpin icon located directly under the channel name.
