Provide Greater Access to STEM Education to All Students

Wesley H.

Tutor
San Antonio Math Include

Wesley is part of the Class of 2025 at UT Austin. He loves math and the natural sciences. His favorite classes are Multivariable Calculus, AP Physics C, and AP Computer Science A. Wesley has participated in FIRST Robotics for 6 years and qualified to compete at the FTC World Championship 2 years in a row. He also has significant experience in Python artificial intelligence. Since math and computer science have always been a few of his many passions, he has decided to help provide resources for younger children to pursue goals in these courses through programs like SaMi.
