Tuesday, November 22, 2022

Hello,

I just wanted to provide an update to our families and community on our scheduled Active Shooter/Intruder drill this morning. The students and staff did a fantastic job responding to the scenario that was presented to them. I want to thank our staff and families for helping prepare our students for today's event. We also want to thank the Durand and Pec Police for helping us today. We will take the feedback collected from this drill and use this information to continue to improve our safety measures.

The district also continues to monitor the health and well-being of our students and staff as we continue to move on from the pandemic. It sounds like COVID numbers across Winnebago county are on the rise which does pose a concern with the likelihood of large family and friend gatherings over the next few days. We have seen an increase in illnesses in general that usually happens as we shift weather seasons. Just a reminder that students that are ill or have flu like symptoms should not come to school until those subside.

On behalf of our Pecatonica CUSD #321 schools, I would like to wish everyone a safe and relaxing Thanksgiving break. I hope everyone is able to connect with family and friends during this holiday season. School will resume on Monday, November 28th and will leave us with just under four weeks left in the first semester!

Yours in Education,

Carl B. Carlson, Superintendent
