Video Kayıt Özellikleri

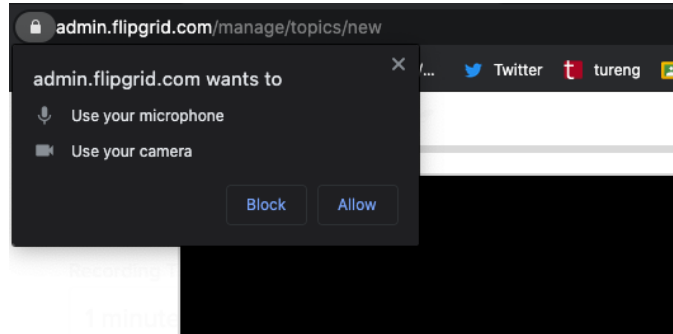

Öğrencilerinize kendi videonuzu çekerek, yönerge olarak verebilirsiniz. Bunun için yeni konu yaratırken ayarlar ekranındaki **Media** bölümünden **Record Video** seçeneğine tıklayın.

Media

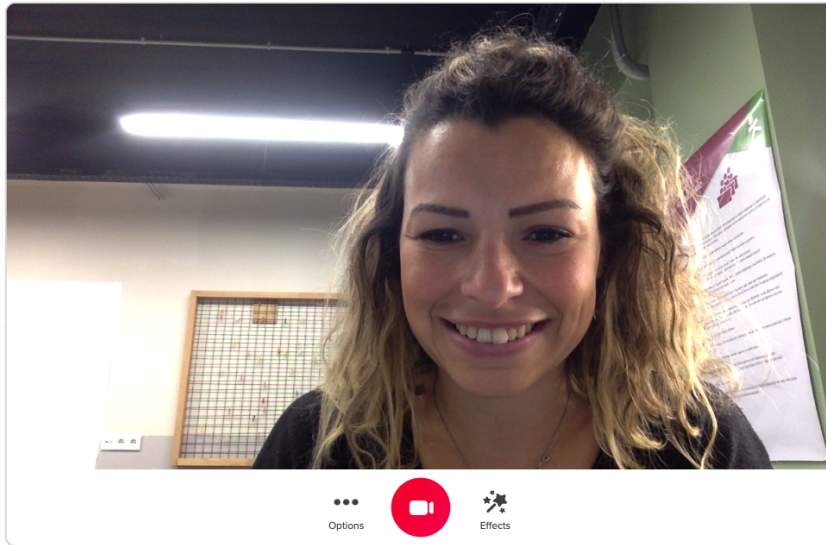

Add a media resource to engage your students.

Video çekebilmek için Chrome üzerinde beliren kamera ve mikrofon izni ile ilgili uyarıya **Allow / İzin Ver** e tıklayın.

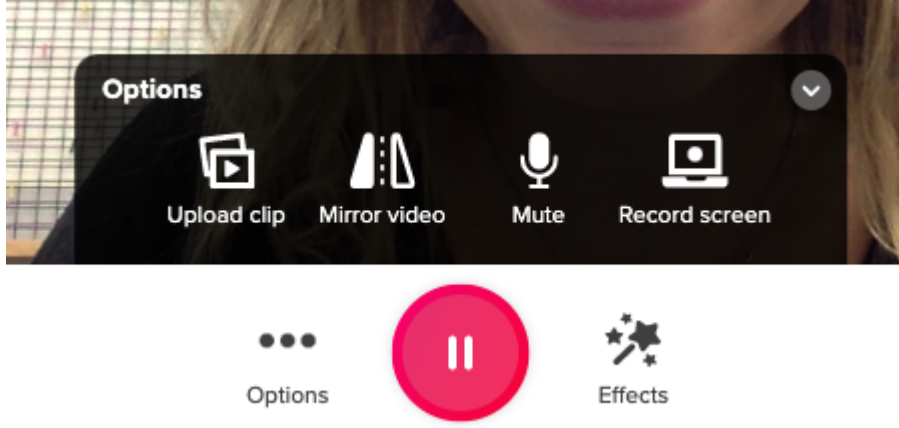

Ortada yer alan kayıt ikonuna tıklayarak, kaydınıza başlayın.

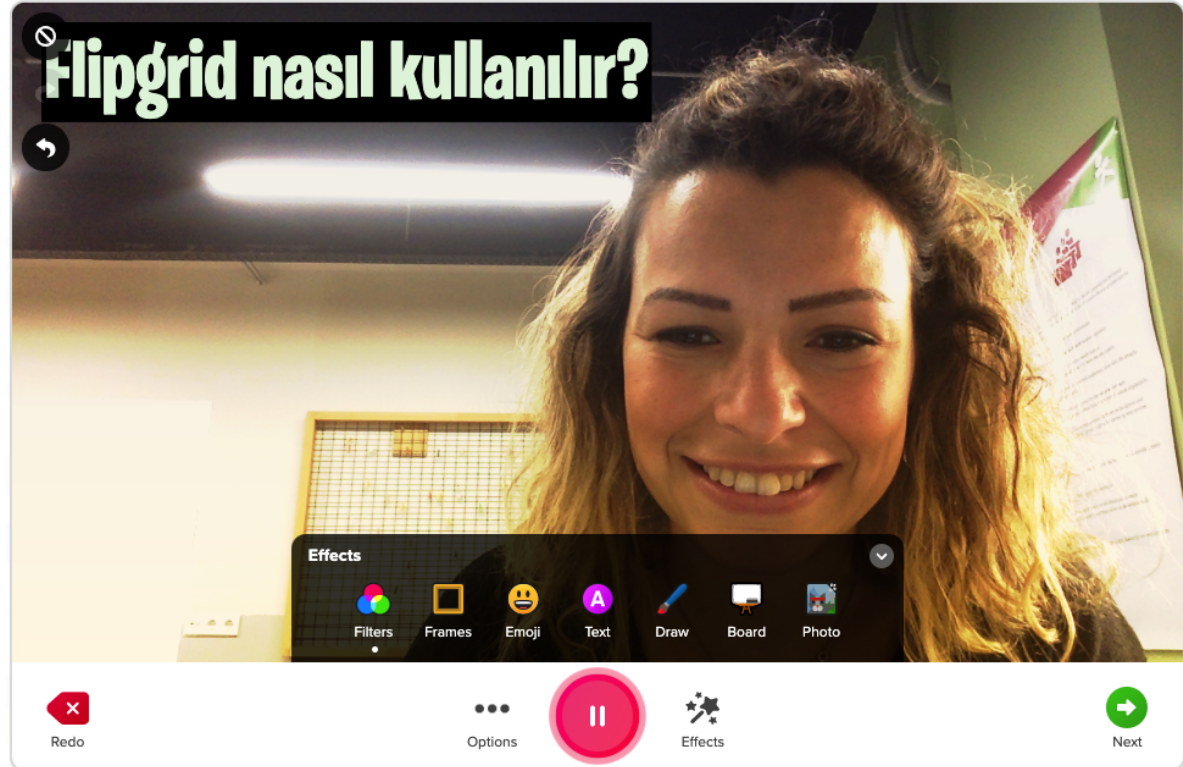

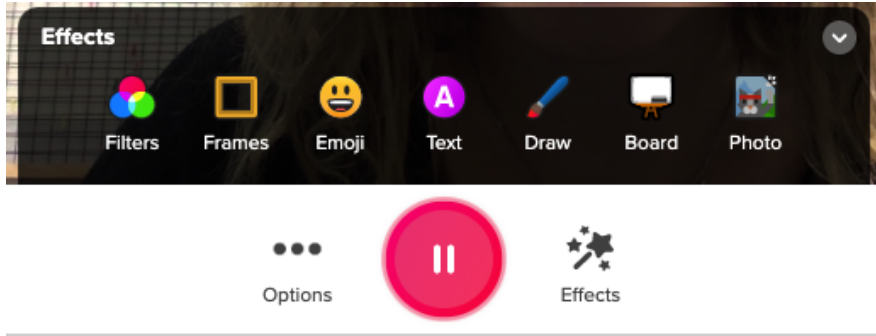

Kayıt sırasında **Options** seçeneklerini kullanarak yeni bir klip ekleyebilir, görüntünüzü yatay ekseninde döndürebilir, sesinizi kapatabilir ya da ekran kaydı başlatarak bilgisayarınızı

yansıtabilirsiniz. Bilgisayarınızı yansıtma kısmında kendi videonuzda sağ alt köşede yer almaktadır.

Kayıt sırasında **Effects** menüsünü kullanarak videnouza anlam katacak nesneler ekleyebilirsiniz. Filtreler, çerçeveler, yazı, çizim yapma, görüntünüzün yanına beyaz tahta ya da fotoğraf ekleme vb.

Çekiminiz bittiğinde Next tuşuna basın. Videonuzu baştan ya da sondan kırpabilir ya da **Add More** seçeneği ile yeni video kaydedip ekleyebilirsiniz. Son olarak kendi selfie fotoğrafınızı çekerek öğrencilerin göreceği yönergenin başına eklenecek fotoğraf olarak belirleyebilirsiniz. Ardından videonuz yüklenecektir. **Complete** butonuna basarak vereceğiniz ödevi düzenlemeye devam edebilirsiniz.

Success!

At any time you can delete or redo the Topic video from the settings page.

Complete

Video Ekleme Özellikleri

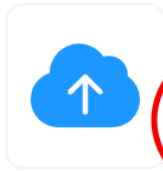

Video Ekleme Özellikleri ile ise öğrencilerinizle bir video paylaşabilir, izledikten sonra size görüntülü geri bildirim vermesini isteyebilirsiniz. Bunun için yeni konu yaratırken ayarlar ekranındaki **Media** bölümünden **Add a Video** seçeneğine tıklayın.

Videonuz karşınızda belirttiğinde **Add** tuşuna basarak videoyu ödevinize ekleyin. Ardından ödevinizin detaylarını girmeye devam edin.

The image shows a video player interface for a TEDx talk. The video frame shows a man in a white shirt and grey trousers standing on a stage with large, illuminated letters 'A' and 'mer' in the background. The TEDx logo is in the top left corner. The title 'Köprüyü Yavaş Geçenler | Barış Özcan | TEDxS...' is displayed at the top. A 'Copy link' button is in the top right. Below the video frame, the title 'Title: Köprüyü Yavaş Geçenler | Barış Özcan | TEDxSEVAmericanCollege' and the duration 'Duration: 15:28' are shown. At the bottom, there are two buttons: 'Find another video' and 'Add'.

Video moderation: If you don't want videos posted by your students to be visible to the whole class, make this field open. You can change this setting at any time.

Video Moderation

New videos will be hidden from students until you activate them. Previously submitted videos will remain active.

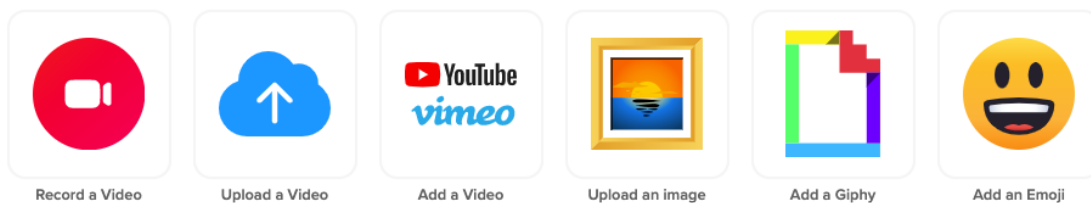

[Learn more about Moderation.](#)

Media: You can use **Record Video** to add your own video to your directive or other options to add videos / images / websites from different sources.

Media

Add a media resource to engage your students.

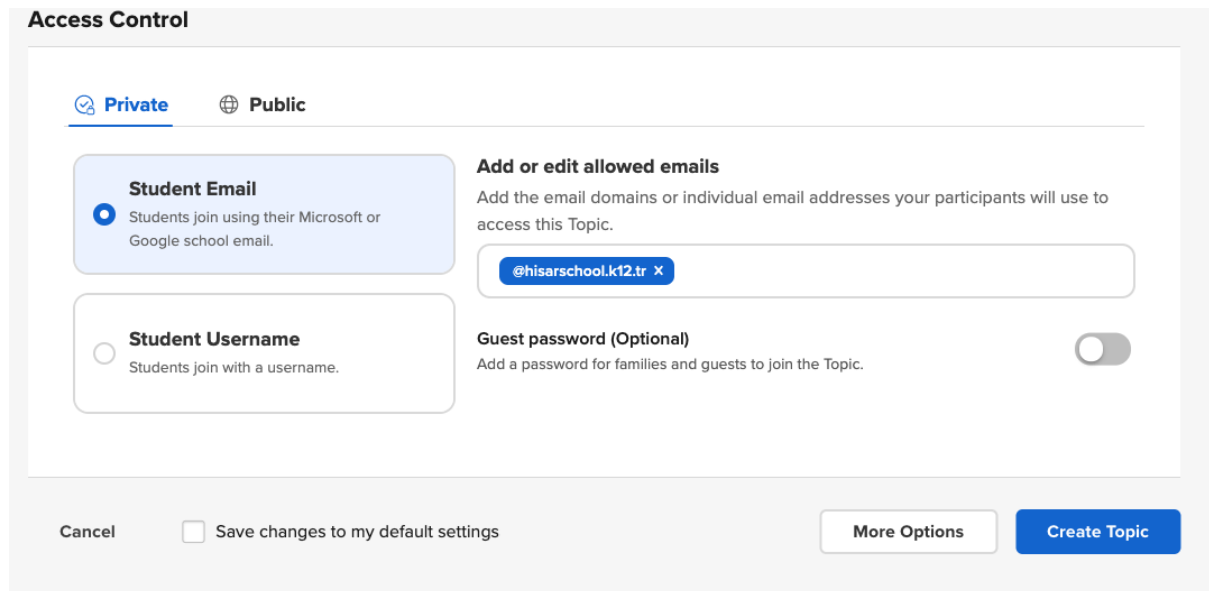

Record a Video: When you want to shoot your own video with the Video Recording Features option, you can use the details by clicking the [link](#).

Add a Video: You can share a video with your students and ask them to give you visual feedback after watching.

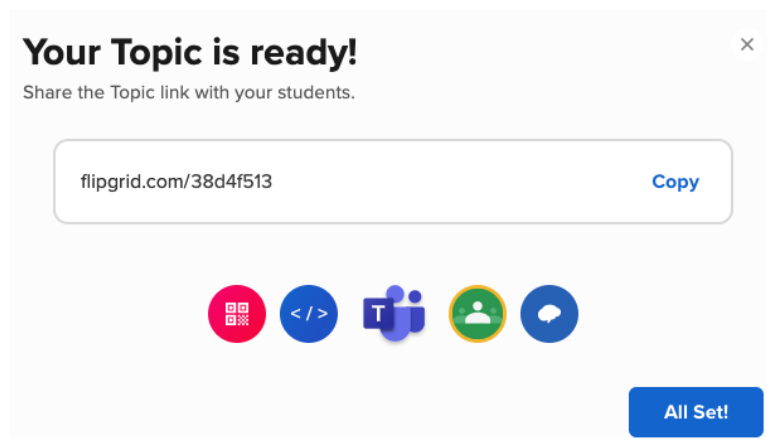

Access Control: Students can log in with their school email account. You can leave this field with the default settings.

4. Create your new assignment by clicking the **Create Topic** button.

The 'Access Control' panel shows two tabs: 'Private' (selected) and 'Public'. Under 'Private', there are two options: 'Student Email' (selected with a radio button) and 'Student Username'. The 'Student Email' option has a description: 'Students join using their Microsoft or Google school email.' To the right, there is a section 'Add or edit allowed emails' with a description: 'Add the email domains or individual email addresses your participants will use to access this Topic.' Below this is a text input field containing '@hisarschool.k12.tr' and a close button 'x'. Further down, there is a section 'Guest password (Optional)' with a description: 'Add a password for families and guests to join the Topic.' and a toggle switch that is currently turned off. At the bottom of the panel, there are three buttons: 'Cancel', 'Save changes to my default settings' (with an unchecked checkbox), and 'More Options'. On the far right, there is a blue 'Create Topic' button.

5. Your homework / topic has been created. You can share the given link with your class in Classroom, or you can add it directly by clicking the Classroom icon for Classroom integration.

The 'Your Topic is ready!' notification box has a close button 'x' in the top right corner. It contains the text 'Share the Topic link with your students.' Below this is a text input field containing the link 'flipgrid.com/38d4f513' and a blue 'Copy' button. At the bottom, there are five circular icons: a red icon with a QR code, a blue icon with code symbols '</>', a purple icon with a person and a plus sign, a green icon with a person, and a blue icon with a speech bubble. At the bottom right, there is a blue 'All Set!' button.

6. You can open your topics on the **Discussion** page to see the responses.

8. On the **Discovery** page, you can review the homework given by teachers registered to Flipgrid.

Record a Video

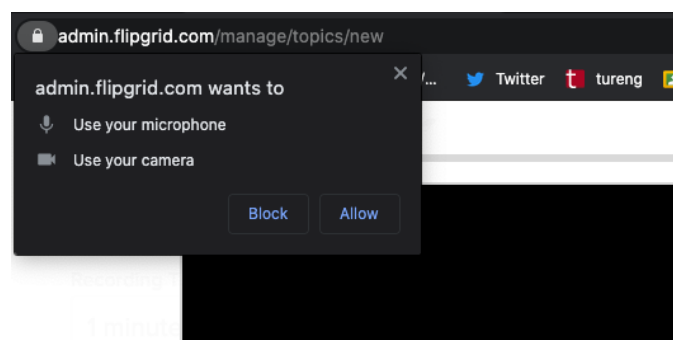

You can take your own video and give it to your students as an instruction. To do this, click the **Record a Video** option from the **Media** section in the settings screen while creating a new topic.

Media

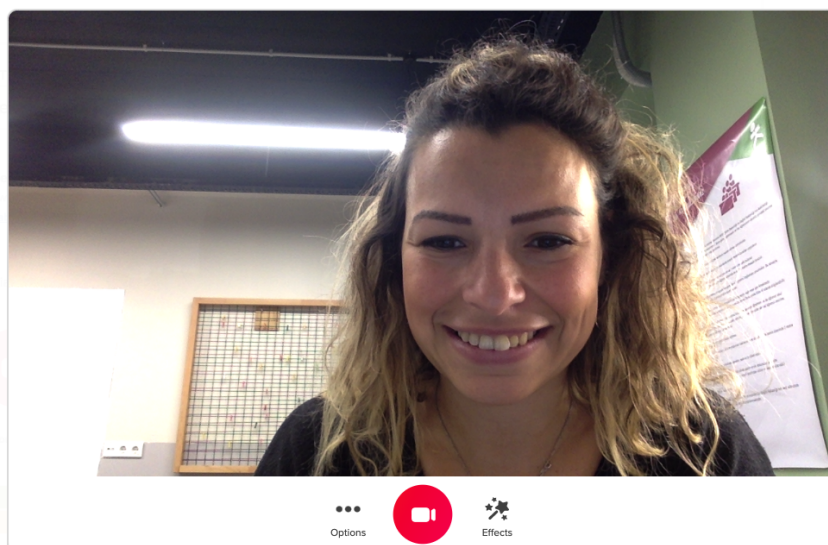

Add a media resource to engage your students.

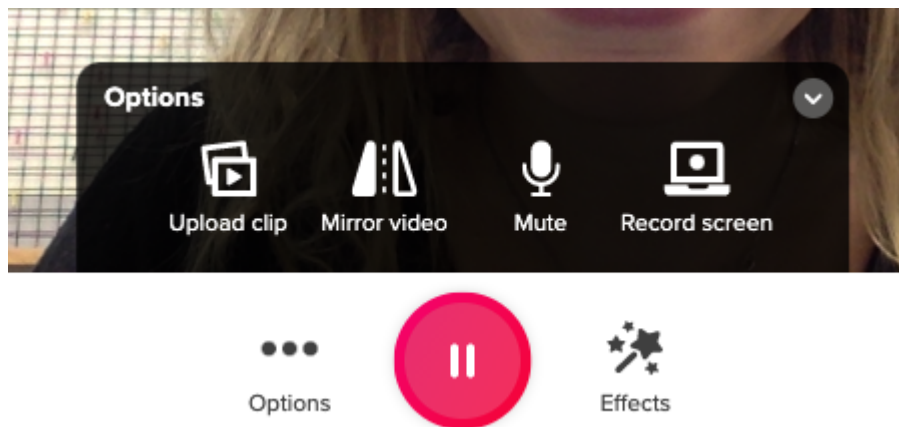

In order to be able to shoot video, click on the warning about camera and microphone permission that appears on Chrome.

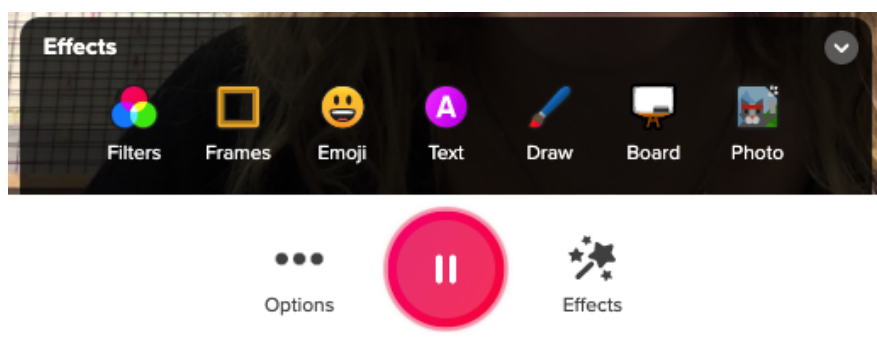

Start your registration by clicking the registration icon in the middle.

While recording, you can use **Options** options to add a new clip, rotate your image horizontally, mute your voice or start a screen recording and mirror your computer. Your own video It is located in the lower right corner when you share your screen.

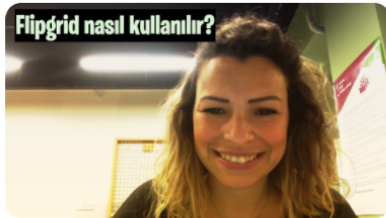

You can add objects that will add meaning to your video using the **Effects** menu while recording. Filters, frames, writing, drawing, adding a whiteboard or photo next to your image, etc.

Press **Next** when you're done shooting. You can trim your video from the beginning or the end, or you can record and add a new video with the **Add More** option. Finally, you can take your own selfie photo and set it as a photo to be added to the beginning of the instruction that students will see. Then your video will be uploaded. You can continue editing your assignment by clicking the **Complete** button.

Success!

At any time you can delete or redo the Topic video from the settings page.

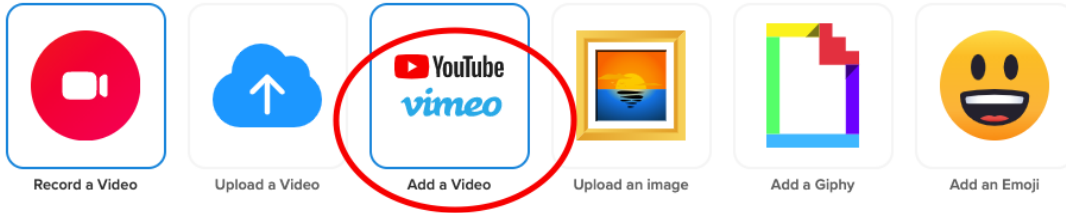

Complete

Add a Video Option

You can share a video with your students and ask them to give you visual feedback after watching. For this, click **Add a Video** option from the **Media** section of the settings screen while creating a new topic.

Media

Add a media resource to engage your students.

Then paste the link of the video you want (Youtube or Vimeo) to the screen that appears and click **Next**.

Add a Video ×

Enter a YouTube or Vimeo link

Youtube/Vimeo Link

By using YouTube, you agree to the [privacy policy](#) and [terms of service](#).

Next

When your video appears in front of you, click the **Add** button to add the video to your homework. Then continue entering the details of your homework.
