Abstract (10 points, Times New Roman, Boldface, Left)

In order to get a homogeneous look for all the papers to be published in the proceedings of the 2024 The 19th National Conference on Hydrogen Energy and Fuel Cell (2024 HEFC), held in National Chin-Yi University, Sep. 20 to Sep. 21, 2024, a set of guidelines for preparing these papers are given. **(Abstract content 10 points, Times New Roman)**

Keywords: *Hydrogen Energy, Fuel Cell, Thermodynamic and Fluid Mechanic Analysis*
(2~4 Words,10 points, Times New Roman)

1. Introduction (10 points, Times New Roman, Boldface, Left)

All papers are limited to 4 pages. Authors should adhere to these guidelines wherever possible and only modify suggested formats if this helps in accommodating a certain figure, table etc. It could, for example, be of advantage to collect all figures and tables on the final page (as demonstrated in this template). It is of course equally acceptable to include the figures in the running text. **(Introduction content 10 points, Times New Roman)**

2. Format

2.1 Paper format

2.1.1 Margin setting

The paper size is A4 (21 cm wide by 29.7 cm tall) with the following margins: upper 3 cm, lower 3 cm, left 2 cm, right 2 cm. **These margin settings must not be altered under any circumstances!**

2.1.2 Font setting

The only fonts that should be used are: Times New Roman and Symbol. Please pay in particular attention to avoiding other fonts with non-Latin characters. The title is in capitals, 12 point, boldface, the authors and their affiliations 10 points. The subtitles in the text are 10

point, boldface. The rests of the text are 10 point.

2.1.3 Line space setting

Line space is fixed to 12 point. Figures, tables and equations are edited by a single space.

2.2 Keywords

A list of up to 2-4 keywords should be included right after the abstract.

3. Figures, tables, and equations

3.1 Figures and tables

Figure (and table) captions should be written in 10 points, Times New Roman. Captions can either be centered or fully justified, depending on the width of the figure.

3.2 Equations

Equations should be centered and labeled with a number towards the right margin, in case there is more than one equation.

$$A = \int_0^x B dx \quad (1)$$

4. References

References are identified by a number in brackets and should follow the format as seen in the examples below for journal paper [1], book [2], conference paper [3], thesis [4], technical report [5], patent [6], and website [7].

5. Conclusions

We hope that you found these instructions helpful. We are looking forward to receiving your contributions.

6. Acknowledgment

Thanks to all those people helping in making 2024HEFC very special events. [Please add the sponsor project number if possible.](#)
