Dear Minister Woods and Minister Robertson,

I/We are writing to you today in support of the IRRS 4 ALL Campaign, and in support of the tenants' call to extend the Income Related Rent Subsidy (IRRS) to Wellington City Council housing tenants.

(Introduce yourself - Who are you? Where do you live? What organization or community are you from?)

I/We urge you to extend the IRRS to Wellington Council housing tenants because...

- (Why is this important to you? Equality? Community? Everybody deserving a fair go?)
- (Why is this important to the community?)
- (Why is this important to the country?)

It only costs \$13.2 million dollars a year to change the lives of thousands of people for the better. Ministers, do the right thing and extend the IRRS to the 3500 tenants in Wellington Council housing.

In solidarity with the council housing tenants of Wellington,
