

C04-5-17 Israel vs Iran in Isa 21 and 22

This is the big escalation we've been waiting for, waiting years. We have been talking about this war breaking out between Israel and Iran. Iran is the ancient Persia and scripturally is called Elam. It's called Medes and the Parthians.

This is the moment. This is the big escalation, Israel attacking Iran, attacking leaders, initiating this thing called 'operation rising lion' or something. We're going to see scriptural references. Everyone is going to be saying keywords, biblical, apocalyptic, Armageddon. You'll be seeing all these things and yes it is. We're going to show you exactly what this is looking like.

What we're looking at, you can see in the title of the video, is Isaiah 21, predominantly Isaiah 21, and we're going to see a little bit of Isaiah 22 with Elam. We believe this is one of many places of this war of Israel against Iran. We have other videos covering this where we have the 10 kings. There's a local 10 kings and those local 10 kings go against Israel.

We've covered, in a video, the two daughters. The two daughters, if you don't remember the prophecy of the two daughters, Mystery Babylon has two daughters, Samaria and Jerusalem. Samaria is the United States and Jerusalem is the modern state of Israel. They are the two daughters of Mystery Babylon. Mystery Babylon is both the United States and Israel and you can see them working together on this.

We've had rumors, there's an attack, it's coming, it's coming. Well there it was the attack came and this is not over. This is not over but this is leading to the second coming of the Lord Jesus Christ. What's going to happen is the scripture says clearly, we'll do a whole video to explain this, when Jerusalem is surrounded with armies that's when He's coming on His white horse.

Things could happen very quickly as we have Israel continuing the war in Gaza. We have Tyre and Sidon and we have Lebanon. We had Damascus. We had Syria. All these apocalyptic end times wars are all in the scripture. We covered all of them including Daniel chapter 8 which is dealing with Iran.

Let us get right to it. We have the Antichrist in here as well. I'm going to show it to you as we get into the scriptures. The first one we want to reference here is the book of Enoch. The book of Enoch chapter 56 is dealing with Iran attacking Israel or this war. What's interesting about this is it's talking about angels returning. We've talked about this in previous videos. Angels were detained and then they're released for the end times.

And in those days, this is Enoch chapter 56 and verse 5, [the angels shall return and hurl themselves to the east upon the Parthians and the Medes](#). Parthians and the Medes is in Iran, it is towards the west of Iran, the ancient Persia. [They shall stir up the kings, so that the spirit of unrest shall come upon them, and they shall rouse them from their thrones](#). They'll rouse them from their thrones, this is what it talks about the shaking of the thrones in Haggai 2. [That they may break forth as lions from their lairs](#). Israel's campaign against Iran is called 'operation rising lion' or something, lions. We're going to see that as well in Isaiah 21. [And as hungry wolves amongst the flocks](#). Verse 6, [and they shall go up and tread underfoot the land of His elect ones, and the land of His elect ones shall be before them as a threshing floor and a highway](#). The land of the elect ones is talking about Israel.

This is the book of Enoch chapter 56 verses five and six. You can see in there it's Persia. It's like the kings of the east. Angels are stirring up this war.

Now we're going to take a look here at Isaiah 21. Isaiah 21:1, [the vision of the wilderness](#). As a blast through the wilderness (ABP). Now the King James is going to say, [the burden of the desert of the sea as whirlwinds passed through the south](#). This is also going to tell us about the Antichrist, the son of perdition.

Now in the King James it says in the next verse (2), [the treacherous dealer deals treacherously, and the spoiler spoils](#). The treacherous dealer we know this is the Antichrist. When we look at the Greek of this verse in the Apostolic Bible polyglot or Septuagint it says, [the one disregarding disregards; the one acting lawlessly acts lawlessly](#). Now the one acting lawlessly he despises and this is the root word to the lawless one in Second Thessalonians chapter 2 verses 8 and 9 dealing with the son of perdition. This is what we saw Trump do. Trump supposedly had this deal with Iran but it's been a set up the whole time. There's not going to be any deal. It's the treacherous dealer. It's the Antichrist dealing treacherously.

That is verse two and clearly we have the Antichrist. Then it says, [go up O Elam: besiege, O Media](#), this is Persia. In this conflict many have looked at this and said that this is Babylon because it's going to say in verse 9, [Babylon is fallen](#). We know that historically what happened is Babylon was fallen and fell to the Persians. Yes, but we also have in this prophecy a little bit later, a few verses later, it is talking about Judah and Israel which continues into chapter 22.

Let's go to the lion and the war that is taking place. It says in verse 5, [prepare the table, watch in the watchtower, eat, drink: arise you princes and anoint the shield](#). Verse 6, [for thus says Yahweh unto me, go set a watchman, let him declare what he sees](#). Verse 7, [and he saw a chariot with a couple of horsemen, a chariot of donkeys, and a chariot of camels; and he hearkened diligently with much heed](#). Verse 8, [and he cried, a lion](#). Here's the lion. Remember we talked about the lion that will raise up like lions and that's the name of the campaign of the Israelis against Iran. [My lord, I stand continuously upon the watchtower in the daytime, and I am set in my ward the whole nights](#). Verse 9, [and, behold, here cometh a chariot of men, with a couple of horsemen](#).

This is Armageddon. This is the war. This is what they had called it, the Jews and Trump as the Antichrist when they were putting him on coins.

This is Trump, the Antichrist, and the Jewish temple. We've already shown you the third temple is already built underground. Then they had this dove on there that was the "peace deal" but it wasn't. This was war.

Now the interesting thing is that when they did this they have seals and just like we have seen that Persia is the sign of the lion if you look there you have Trump and the seal of United States and then you have Cyrus the king of Persia and the seal of Cyrus and that's a little lion in the seal. That is what's taking place in Armageddon. It is this war of Babylon and Persia.

What's amazing is that Enoch had talked about this lion. This lion is in the Israeli operation, military operation, war or whatever you want to call it.

They also had another coin.

This is that coin that they had a few years ago. Sons of light against the sons of darkness and on the other side the Persian Empire. That's what they think, that they are destroying the Persian Empire. They think the Antichrist is going to rule the world from Jerusalem but this one has Netanyahu and Trump on this coin. It's called the sons of light against the sons of darkness and that is talking about Armageddon and this war.

Who is this sons of light and sons of darkness? What they did is they put Persia on the other side of the coin and that is really what they think. They think that they're the sons of light and they think that Iran, Persia, is the sons of darkness and so they have to do this great war against Iran. That's what the Jews think. That's what they think and that's what's happening.

Now not only do we have Elam and the Persians here in Isaiah 21 with Babylon has fallen but also this prophecy continues into chapter 22. Isaiah 22 verse 6, [and Elam bare the quiver](#), or the arrows, [with chariots of men and horsemen](#), and [Kir uncovered the shield](#). Now when we get into chapter 22 this is talking about Israel. It's talking about Elam bearing the quiver and this war of Israel and Iran.

Let's take a look at some of the other aspects of what we have here. Now what the Septuagint does in Isaiah 22 verse one is they make it clear that this is Jerusalem, this is Israel, and they call it for Zion. They translate the burden of the valley of the vision, the valley is Zion and that's what it is. That's Isaiah 22. Isaiah 22 then being Zion is the war of Zion against Elam, against Iran.

Here's the wording, ABP Isaiah 22:6, [but the Elamites took quivers, and the men riders upon horses, and there were a gathering of a battle array](#). This is it.

That's what I had. That's what I wanted to show you. Isaiah 22 is the famous verse of Eliakim. The seal of Eliakim you can see here.

Eliakim was given the key to the House of David. That's right there in Isaiah 22. Amazing.

Let me just see if there's anything else I want to share with you. As we summarize here what we're saying is that Isaiah 21 and Isaiah 22, up to a certain point, is talking about the war of Israel and Iran. How do we know this? Well we have Babylon is fallen and what most scholars think is that Babylon is over there in Iraq. We've been showing you that Babylon is both the United States and Jerusalem. We can see here that this is Persia, go up Elam, go up Media, prepare the table, they cried a lion and that's what we heard Netanyahu call this campaign the 'operation rising lion' or something and Babylon is fallen.

This is Armageddon. This is leading to Jerusalem is surrounded by armies and the Son of man is coming in the clouds. Very exciting. All glory to His name.

Let's take a look at a couple of things here in Isaiah 22. Verse 1, [the burden of the valley of Zion](#). [What ails you now, that you are wholly up to the housetops?](#) Verse 2, [a tumultuous city](#). Verse 5, [it is a day of trouble, and treading down, and of perplexity by the Lord of hosts in the valley of Zion, valley of vision, breaking down the walls, and of crying to the mountains](#). Verse 6, [and Elam bare the quiver with chariots of men and horsemen, and Kir uncovered the shield](#). Verse 7, [it shall come to pass, that your choicest valleys shall be full of chariots, and the horsemen shall set themselves in array at the gate](#). This is definitely Judah. [He discovered the covering of Judah](#), verse 8. Verse 9, [you have seen also the breaches of the city of David](#). Verse 10, [you have numbered the houses of Jerusalem](#).

Judah, city of David, Jerusalem. Isaiah 22 is Israel and the burden of the valley of vision and Elam, which is Persia, which is modern day Iran. This is the war. This is what I want to share with you. We'll have some more. We're excited about this big event. This is the big event. We'll see what happens.

As people say these words biblical, apocalyptic, it's going to be confusing things. Yes, this does include elements of the Gog Magog war where you have Persia there. It's going to include that so that is global Armageddon. Then we have local Armageddon which is, he gathered them to the place in the Hebrew tongue called Har, mountain, Megiddo. That's the valley of Jezreel and that's just south and west of the sea of Galilee. That is Israel. That's what I'm getting at.

Thanks for watching. What we're going to do is this is part of our Armageddon playlist. I'm going to try and put this together with notes. I wanted to get the video out and the team is going to try and get this with a transcription. If we don't have that in time look for it in the description field of the video where we give a reference to the notes there. The transcription is where you can get a copy of what was recorded in the video and then you could take that and translate that to other languages as well.

This will be posted on leelandjones.com. We will also notify you. If you subscribe to BitChute, if you go on BitChute subscribe you'll get notified and you can see when we're posting videos.
