

Drinks List 2: Electric Boogaloo

It's that time again, if by "that time again," you mean time to prepare a thematic adult (or semi-adult) beverage in the early morning or afternoon so you can play a trivia game and celebrate the festive season with your friends who all like to see Spike and Buffy make a real go of it.

Girlytek used her immense knowledge to expertly curate this list. Bookishy made some extra jokes and got the pictures to show up on Google docs. Truly a holiday miracle.

Here's to raising a glass to everyone who makes this fandom such an excellent place to be!

Love,

Girlytek and Bookishy

OVU MOBANI

(aka the Zombie)

1 oz. light rum

1 oz. gold rum

1 oz. 151-proof dark rum.

1 oz. each of the following fruit juices:

Lemon

Lime

Pineapple

Passionfruit

Tired of hearing what a disappointment you are to your friends?

Mix the rums, then add all of the fruit juice so it goes straight to your head.

Serve over crushed ice, just like your self-worth. Bonus if you drink it from a tiki mug that *definitely* does not raise the dead.

(Probably).

(... *Americans*).

Add a dash of bitters and a mint garnish. Garnish with cranberries if you're feeling nostalgic, Andrew.

VAMPIRE'S KISS

Raspberry jam

1 oz. lemon juice

2 oz. vodka, divided

2 oz. Chambord

2 oz. club soda

Black food coloring

Makes you want to die, especially if you chase it with the homonymous movie starring Nic Cage.

Rim a double old-fashioned glass with raspberry jam; add ice, the lemon juice, 1 oz vodka, Chambord, and club soda. Mix 2-3 drops black food coloring with remaining 1 oz vodka, float on top. Garnish with a gummy bat.

SEX ON THE BEACH

1 ½ oz. vodka

½ oz. peach schnapps

2 oz. orange juice

2 oz. cranberry juice

Okay, Anya, it's got schnapps. (And sand. No one talks about the sand).

Mix together all ingredients and serve over ice with orange wedge and maraschino cherries. Tiny umbrellas and little plastic monkeys are encouraged. (What is not encouraged is turning the “safe search” function off while looking for a picture of this drink).

SOMETHING BLUE

2 oz. Hypnotiq

2 oz. white wine

1 oz. . . . ginger ale?

Mix all ingredients while Giles is busy being blind or something in the corner, but it doesn't matter because you're getting married! To Spike!

How, why, how indeed.

U-BOOT

Beer

Vodka

Drop a shot glass of vodka into a pint of beer.

Yeah, it sure sounds like a beer-bad idea, but at least you didn't get sucked in by that whole virgin sacrifice thing.

DEATH IN THE AFTERNOON

(If you're American. The Europeans are fine).

1 ½ oz. Absinthe

1 ½ oz. champagne

Simple declarative sentences

Mix all ingredients in a coupe. Go write those holiday fics before you sober up.

MEZCAL

Drink straight from the bottle, try to not wake up on fire.

BRANDY ALEXANDER (LAVELL HARRIS)

1 ½ oz. cognac

1 oz. crème de cacao

1 oz. cream

. . . Not as classy as you think, bub.

Garnish with grated nut. Meg.

VAMPIRO

2 oz. tequila

4 oz. orange juice

1 oz. lime juice

½ oz. grenadine

1-2 dashes of hot sauce (or to taste)

Rim a Collins glass with salt and fill glass with ice. In a cocktail shaker, combine tequila, orange juice, lime juice and hot sauce, shake well and strain into glass. Slowly add grenadine, allowing it to sink to the bottom. Garnish with lime wedge, and a cherry, William. Do you want it?

YOU MADE A POLAR BEAR!

Er, I mean:

½ oz. Peppermint schnapps

½ oz. crème de cacao

Shake over ice and serve in a chilled shot glass.

Find someone to hold your hair if you need to undo it.

The MOO

(aka the Brown Cow)

Your acronym game sucks, but who cares? You're drinking your dessert.

JOYCE VERSION:

Chocolate ice cream

½ oz. crème de menthe

½ oz. crème de cacao

1 oz. white rum

Blend until smooth, just like you.

DAWN VERSION

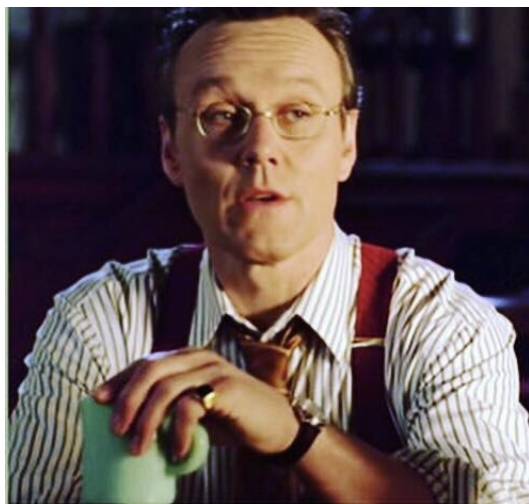

Ice cream

Root Beer

Chocolate syrup

CUPPA TEA (CUPPA TEA, ALMOST GOT SHAGGED, CUPPA TEA)

Twinnings or PG Tips. Whisky is optional . . . but recommended if you're thinking about spilling it.

CHAOS

1 ½ oz. gin

½ oz. chartreuse

3-4 drops Boker's bitters.

Shake with ice, serve up with a twist, then, whatever you do, definitely don't stick around and gloat. It's the stick around and gloat that always gets you.

Good luck tomorrow, you sexy beast!
