

Site-65 General Security Department

Cross-test Escort Program

Document ID: ER-Q15344653820

Aim and Purpose

This program aims to allow for Security containment units to be utilized by MTF E-11 in Cross-tests as Containment specialists in SCP-related matters. Through this documentation, the utilization of these personnel is granted and through this, we hope that they may be utilized beneficially.

Harold Bridger Jr

Security Chief Harold Bridger Jr
Site-65 General Security Department

Introduction

The security containment units are containment specialists and this program aims to allow for them to be utilized by MTF Epsilon-11 in Cross-tests in any SCP-related matters where they may assist and contribute towards the tests in front of them.

This hopefully will allow for SCUS to be used in an efficient manner for The greater good of the Site and so that these tests happen more seamlessly with the help of GSD personnel.

How the program will work

While on the job, if a cross-test is taking place, you may be requested to help by E-11. Depending on the SCPS, they may deny or accept the request. While assisting E-11, they still have full jurisdiction over the Cross-Test, and therefore, you must follow their order. Failure to do so might lead to being arrested or suspension of your Riot License.

You can not assist in any tests regarding cl4 scps.

Authorization

GSD Leadership

Chief of Security Harold Bridger Jr

Site Administration

Site Manager Tax

Epsilon-11

LTCOM Mason Phillips

Endnote

Thank you for taking the time to read this document we hope that this allows for personnel involved to be able to take part in quality RP as Containment specialists alongside E-11. To any personnel who might be interested feel free to DM @lil_pat. On Discord for more info regarding this program.
