2. PDF eXpress Plus Online File Conversion/PDF Validation Tool

All papers submitted for publication must meet the **IEEE standards.** Access to PDF eXpress Plus site, the IEEE's online file conversion/PDF validation tool, will assist authors in preparing suitable electronic files of their final papers. **PDF eXpress Plus** helps authors convert their papers into IEEE Xplore-compatible PDF files (conversion function) or to check their own PDF files for IEEE Xplore compatibility (PDF validation function).

All final manuscripts must be generated using the PDF eXpress tool. Submit your final, ready-for-publication paper at https://ieee-pdf-express.org/. If you are a **new user** to IEEE PDF eXpress, you must set up an account before uploading your paper. **Proofread your source document thoroughly to confirm that it will require no revision**.

To generate the IEEE Xplore compatible PDF file of your paper, follow these steps:
   i. Create your IEEE PDF eXpress Plus account: https://ieee-pdf- express.org/
  ii. Conference ID: **67737X**
 iii. The first time you access the system, please follow the link to the new user. Please note that in order to access the service, you need to allow the use of cookies from the PDF eXpress website. Once you have registered as a new user:
        a. **Upload** the source file (containing your paper) for conversion.
        b. **Receive by e-mail** the IEEE Xplore-compatible PDF of your paper.

 Renaming your PDF File for Submission

   The certified acceptable file you receive from PDF eXpress will be given a filename in the form **PID123.pdf**. You should rename this exact file to conform to the following naming convention: ICDDS2025paperID.pdf, where the paperID is the ICDDS-2025 paper ID assigned to the submission by CMT

3. Complete and submit one IEEE copyright form per paper

IEEE policy requires that every submitted paper must be accompanied by a signed **IEEE Copyright Form** before publication can occur. The **electronic copyright submission** form will walk you through the steps to complete and submit the IEEE copyright form for your paper. Only one form is required per paper. You will find the link to the e-COPYRIGHT FORM once you log in to the conference paper submission site, https://cmt3.research.microsoft.com/ICDDS2025/

Papers with more than one identified Corresponding Author will receive only one email regarding e-Copyright Form submission.

For more information on the electronic copyright process, please check https://www.ieee.org/content/dam/ieee-org/ieee/web/org/pubs/ecf_faq.pdf

Please ensure that the **title of your paper** is correct and that the **author names** and the **affiliation** details are correctly recorded in the CMT system before completing the IEEE electronic copyright form. **You will not be able to change/edit** the form once it is submitted.

4. **Final Paper PDF File Submission**

Submit your paper through **PDF eXpress Plus** and when you are happy with the PDF file, click on the **"approve for collection"** link. Rename your file as explained in **Step 2.**
