

We'll Help Your Service Business Go From **Losing Leads To Competitors When No One Picks Up... To Answering On The First Ring 24/7, In 4 Days, GUARANTEED.**

If you're tired of spending money on ads only to have calls go unanswered, or watching competitors steal business just because they picked up the phone first, Receptix.ai was built for you.

The Problem

In home services and contracting, your phone is your lifeline. Yet every missed call is a missed job, and a new customer for your competitor. Staff can't always pick up. Receptionists are expensive. Spam wastes your time. And as a busy owner or technician, you can't afford to be glued to the phone all day.

Receptix.ai is the 24/7 AI receptionist that instantly answers every call, books jobs directly into your calendar or CRM, filters out spam, and ensures you never lose another customer to voicemail again. Trained on your business and sounding human, not robotic, it becomes your most reliable team member – without the salary, benefits, or downtime.
