“Start a War” by Klergy and Valerie Broussard began to play throughout Madison Square Garden in New York City. This has become the official theme song for Ammazon World Combat and as the music blares, thousands of fans can be heard cheering. The camera shows an ariel view of those in attendance, and it is a massive showing for a press conference event.

The camera then pans around the fans until it focuses on the stage. Enormous banners of Lucija Dragicevic, Abbie Peterson, Gianna Howard, Gunnila Kempe-Kanensson, Marissa Kanensson and Dayana Rosales is hanging around the stage along with the text:

“TWO CHAMPIONSHIP FIGHTS
ONE LEGENDARY RETURN”

As usual Maria Scaletta comes out and the fans get even louder. She waves at them with two hands and a big smile, looking just as excited as they are. As she gets up onto the stage she is handed a microphone by one of the AWC Crew.

**SCALETTA:** What’s up everyone!!! It’s so good to see you all and so great to be here in New York!!!! Wow! AWC has truly invaded this place, everywhere I’ve gone people just won’t stop talking about it. **SCALETTA:** Next up to the scale, Magdalena Moruga!

Magdalena Moruga comes marching up the steps and onto the stage, right away she tries to get at Taylor but the security stops her and she is told to step onto the scales. She strips down to her AWC fight gear and does so.

**SCALETTA:** ONE HUNDRED AND FIFTEEN POUNDS FOR COLD HEART!!!

As soon as she gets off of the scale, Magdalena and Taylor get a bunch of security in between them. Things get pretty wild and Enzo has to try his best to calm everybody down. Finally it seems he is able to do just that and the fighters are able to have their face off at a far distance apart. Neither fighter breaks off the stare and Enzo has to break it off himself and thank them. They then exit the stage on separate sides.

**SCALETTA:** And her opponent, Ladies and Gentlemen, making her debut to MMA… Kimitsu Zombie!!!!

[ Music Plays: https://www.youtube.com/watch?v=TeqJGc2sQcg ]

Alessia comes out to the stage to an enormous pop from the home crowd. She is curiously holding a Louboutin shoe in one hand, but motions to the crowd as if this is a normal thing. Maria and Enzo give her a curious look as Alessia plays out to the crowd by waving her free hand up in the air encouraging them to get louder. She puts down the shoe before stripping down to her AWC weigh-in gear and stepping onto the scales with her hands to her side.

As Alessia stands on the scale, her weight is checked out and then read out to Maria by an AWC Official.

**SCALETTA:** ONE HUNDRED AND TWENTY FIVE POUNDS FOR MONELLA!!!!!!!!!

As the weight is read out, Alessia picks up her shoe from next to her and poses with it, before stepping off the scale and walking over to Enzo where she shakes his hand with her free one.

**SCALETTA:** And her opponent… Karaaa Mckay!!!!

Kara Mckay walks onto the stage with her arms out as if to absorb the energy, closing her eyes and smiling as the boos reign down on her as she is once again facing an American based fighter in their hometown. She is curiously also holding a Louboutin in one hand, and it looks the same as the one Alessia is holding. Neither of them acknowledge each other and everyone else looks even more confused as Kara puts it down and strips down to her weigh-in gear before stepping onto the scales.

Kara's weight is read out to Maria who yells it out.

**SCALETTA:** ONE HUNDRED AND TWENTY FIVE POUNDS FOR PITBULL!!!!!!!!!!

Kara picks up the shoe before she steps off the scales and walks over to Enzo and Alessia. Kara shakes Enzo's hand and then faces off with Alessia with her hands to her side, both women looking super serious. Kara squares up with her fists ready, one of them holding a shoe, and Alessia then raises her fists as well, also holding a shoe. Both women look into each other's eyes. Enzo Machado pats them on the shoulders after a few seconds and wishes them both luck. Alessia and Kara then embrace in a hug, a wide smile breaking onto both of their faces. They turn to the crowd with their arms raised before then walking off stage.

the scales and does a “Shhh” motion to the crowd which only gets them to boo louder. She then flexes and smiles.

**SCALETTA:** ONE HUNDRED AND THIRTY FIVE POUNDS FOR LA HIJA DE GUADALAJARA!!!!

The whole place erupts with cheers, Marissa Kanensson comes out with her hands raised, looking confident and focused. Her team behind her begins to throw out some shirts and merch for the fans in attendance. Marrisa steps onto the scale but her head is turned towards Dayana, staring her down hard. Dayana raises her hands out and motions for Marissa to bring it on. Marissa then turns to the crowd and poses.

**SCALETTA:** ONE HUNDRED AND THIRTY FIVE POUNDS FOR THE MURDER QUEEN!!!

Marissa gets off of the scales and Dayana is already stepping forward. As soon as Marissa gets within range of Dayana, Marissa shoves her hard with her two hands, getting Dayana off balance. The only reason Dayana remains on her feet is because she managed to grab a hold of Enzo. The crowd reacts with “OHHH’s” and cheers. The broadcast can pick up Marissa saying something along the lines of she is not here to play Dayana’s bullshit games. Dayana starts mouthing off at Marissa.

The arena is so loud that it is hard to hear what either one of them is saying. Dayana yelling out “Fraud” over and over again can start to be picked up. The two are needed to exit the stage in separate directions.

**SCALETTA:** And her opponent, she is the UNION GP BANTAMWEIGHT CHAMPION…. Gianna Howard!!!!!

Gianna gets a major pop from the audience, she steps up onto the scale and she looks more drained than usual, possibly due to the fact that she just made weight for Bantamweight then had to jump straight back into training and cut even further down.

**SCALETTA:** ONE HUNDRED AND TWENTY FIVE POUNDS FOR THE GHOST!!!!

Gianna gets off the scales and gets right in Gunnila's face. There doesn't seem to be any animosity, just Gianna being in fight mode. There's a cheshire grin on her face. Gunnila nods her head. They have an intense staredown before Enzo separates the two.

**SCALETTA:** And her opponent, Lucija Dragicevic!!!

Lucija comes out to the same mixed reaction that Abbie did. Lucija strips down to her AWC fight gear and gets on the scale. She looks a bit drained from the cut but she always manages to replenish and come on strong for the fight.

**SCALETTA:** ONE HUNDRED AND FORTY FIVE POUNDS FOR LUCKY!!!

Lucija walks over to Abbie and the two face off. Abbie has her hands behind her back and Lucija has her hands to her side, both women stare each other right in the eye and neither looks away. The two remain in this staredown for quite some time. Enzo decides to tap their shoulders and end it as they are reaching close to a minute but neither fighter breaks. Enzo tells them again to face forward but they are not backing down. Both of them keep staring one another in the eyes. Enzo gets between them now and the staredown still goes. The crowd is loving it.

Eventually both women disengage from the staredown at the same time as they are separated. They pose towards the fans then exit the stage.

**SCALETTA:** Alright fight fans that is it!! We will see you all tomorrow night!!!!!!!
