	Monday	Tuesday	Wednesday	Thursday	Friday
Overall Expectations Math B1 Language: C1 and D1 S. St: B Science: A1 and B	Period 1- Quran Period 2: Math Chapter 5 Lesson 5.2 Comparing Decimals Students will learn and practice how compare and order decimals to hundredths	Period 1 Islamic Studies Period 2: Math Chapter 5 Lesson 5.2 Comparing Decimals Students will learn and practice how compare and order decimals to hundredths and then we will complete lesson 5.2	Period 1 Arabic Period 2 Math : Review of all the topics about Decimals through group or partner work.	Period 1: Math Math : Review of all the topics about Decimals through group or partner work.	Period 1: French Period 2: Is. Studies
Specific Expectations Math B1.5 B1.7 Language: C1.1, 1.2, D1.1, D1.2 S. St: B1, B2, B3 Science: A1, B1, B2.2-B2.4	Period 3: GYM Period 4: Islamic Studies Period 5: Literacy in Action “ Making Choices” Healthy vs Unhealthy Reading Comprehension	Period 3: Math Chapter 5 Chapter 5 Lesson 5.3 Rounding Decimals Students will learn and practice how to round decimals to the nearest whole number or Tenths. Period 4: Practice part of a paragraph writing	Period 3: Language We will continue to practice writing a paragraph. Period 4 Science: Joints of the Human Body	Period 2: Arabic Period 3 LA- Spelling Spectrum Lesson 5 Period 4: Quran	Period 3: Spelling Test Lesson 3 <u>Please make sure your child has a spelling notebook.</u> Period 4: Arabic
Unit/ Lesson Big Ideas Math : Decimals are another way to show amounts that		Period 5 QURAN		Period 5: S.Studies Canadian Government Please make sure your child MUST have a dou tang for our work in social studies.	Period 5: Fall Art

are parts of a whole, and are related to fractions. Decimals can be compared and ordered.					
Homework / Class Work				Math Test on Decimals will be On Wednesday, October 14th and workbook pages as homework will be assigned to complete for practice.	
Learning Goals		Language LA - demonstrate an understanding of foundational language knowledge and skills, and apply this understanding when reading and writing - apply listening, speaking, and non-verbal communication skills and strategies to understand and communicate meaning in formal and informal contexts and for	Math Read and Write decimals in expanded form and find a pattern in decimals Comparing and Ordering Decimals. Rounding Decimals	Determine a decimal that is greater or less than the other and then compare and order decimals and round decimals	

		various purposes and audiences •			
Success Criteria			Students will show decimals in expanded form independently after the guided practice	L.A Students will show their understanding of sentence structure and understanding of texts Math: students will compare decimals and round them independently after the guided practice.	
Instructional Strategies			Guided and Independent	Guided and Independent	
Assessment & Evaluation			Assessment as learning through guided and of learning during independent work	Assessment as learning through guided and of learning during independent work	
Materials & Resources			-Math textbook, Math Notebooks - Nelson Literacy	-Science Unit Printables -Social Studies Unit Printables	
Islamic Link (explore, compare, question, connect, appreciate)					

Islamic Link The 5 Ds (explore, compare, question, connect, appreciate)	1. Explore = x 2 Compare = x 3. Question = (1) → Who are the makers of x? Engineers? Designers? Programmers? What are they made of? Did it create / assemble itself by itself? From nothing? Did it come from nature? Did it happen by chance? Does it work on its own? How does it work? (2) → How does the x come about? Did the x make its own x? Did the x get itsx by chance? Can the x move and navigate ways on its own? Who do you think made the x? Has anyone seen something making itself? x 4. Connect = Helps readers seek the Maker of the observed phenomena and understand the hidden messages/meanings of His acts. x → Connect to The Divine Names: x 5. Appreciate = → What are the character lessons? x → Recall countless benefits of the explored topic and appreciate and thank Allah for this blessings through: zikr, fikr, and shukr. x
