

Dear Parents and Guardians,

I would like to get to know your son or daughter. I am asking for your help. Please tell me about your child. Is there something about your child that you would like me to know? Something that, if I knew, would help me reach him/her/them sooner or more effectively? What are your concerns, fears, or dreams for your child? Are there any past math experiences that have gone well or not so well?

I value your response in any form - list, letter, poem, video, audio, story. Your response should be emailed to me. Thank you for taking the time to respond. Your child will receive credit for your efforts if I receive it by Wednesday August 18, 2021. There will be no penalty for not submitting this assignment.

Sincerely,

Tricia Higdon, thigdon@voyageracademy.net
