

To Ensure it's not Unsaid

by Skipperdoodle Productions

I want you to know.

Jennifer, you were the great joy and love of my life,

Far better than I deserved.

Partner, friend, and lover,

The center of my earthly happiness.

And, my three wonderful children, Bryan, Kathleen, Jonathon.

You represent the best (the betters) of me.

I am beyond proud of the people you are.

Living testaments of your mother's ability to polish the rough gems we all were.

Though the ultimate credit for your success rests with you.

I have loved you all more with each passing day.
