

The single difference between regular pet sitters and us.

Do you want to stop feeling anxious knowing your pet is safe and is being taken care of by someone you trust?

The only way to be sure your pet is safe, relaxed, comfy, etc. is to have a trustworthy pet sitter.

Imagine how your dog feels when you leave to go to work and not be home for hours upon hours.

They probably lay down on the couch and feel lonely all day...

They would much rather have someone by their side to play, go on walks, cuddle, and have fun with.

Deciding which pet sitter you trust to give the best care and attention your dog deserves is no easy task. That's why we make it easy for you...

Here's what your dog gets:

- Endless cuddles and fun (it's all they want) 🐾
- Walks (have to exercise those tiny legs) 🚶
- A lot of love (they deserve it) ❤️
- The feeling of being safe (they won't be anxious) 🛟
- Never feeling lonely (their days will be a lot better) 🧑
- Video call when you miss your pet (to make your away time easier) 📞
- And much more 😁
