

This is Naruto/Rias & Venelana Part 1!

Other parts, including more DXD girls, will be in future chapters!

The Sweet Sounds of Devils

Many people were aware that the esteemed Gremory family possessed resources, power, and fame. They had produced some powerhouses from their lineage, such as Sirzechs Gremory.

They had butlers.

They had mansions.

They had prestige.

However, not many people knew that the Gremory's family had a private island. It was mainly reserved for the main family and any guests they invited. The land mass was a perfect getaway spot for a nice vacation.

And it just so happened that one specific Gremory was using the island at that very moment.

"Where do you want this honey?" Naruto asked while holding up the small tent in his hands.

"Just set it up over there, babe," Rias Gremory responded, setting down a cooler full of drinks. Two folded chairs hung off her other arm.

The pair was along the shoreline of the island, a sandy beach that provided beautiful scenery. The sun shone overhead as light wind kicked up sand. It was a very nice day.

The blonde was shirtless, barefoot, and walking around in black trunks. Orange whirlpool patterns littered the fabric.

Nodding his head, Naruto did as told. He began digging out holes in the sand, preparing to insert the tent's legs inside. As he did so, Rias glanced over with a small smirk.

She helped set up, opening the chairs in the shade of the tent.

The redhead beauty was in high spirits. She had brought her blonde boyfriend to her family's island in hopes of spending some quality alone time with him.

As Naruto hummed softly and dug the tent in the sand, Rias began to look back on their relationship. She couldn't help but stare at him fondly, her heart fluttering.

He had recently entered her life. Despite that, she had fallen deeply in love with him. In her eyes, the blonde was perfect. Nothing could change that.

He was kind. Rias had seen him take the time out of his day to help old people cross the road or grab a kid's cat in a tree. That's just who he was, a shining ray of sunshine in a dark world.

He was funny. His jokes and banter made Rias genuinely laugh. The blonde didn't make jokes to get into her pants; he made jokes to see her smile. That meant the world to her.

He was handsome. He had sculpted, rugged, manly features. Two deep cerulean pools, a whiskered face, and spiky blonde hair made up his appearance. His skin was a peachy tone, and his muscles looked to be sculpted from marble.

He was cool. Having a kind reputation, along with being conventionally attractive, made him have a laundry list of friends. He was good at talking to others and making connections. His open attitude was how they began talking in the first place.

He was stupid. It was a funny contradiction to being cool, but Naruto didn't take himself too seriously. He wasn't afraid to make himself the butt of a joke or crack a corny pun. His quick wit and wittiness were endearing to her.

He was as charming as a Kitsune.

He was as strong as a Dragon.

He was as lustful as a Succubus, a Dragon, and a Kitsune combined!

Finally, he was **himself**. In a world full of manipulators, deceivers, and behind-the-scenes players, it felt refreshing to find somebody so genuine.

Unfortunately, the rest of her Peerage felt the same way about him. That made it difficult to get any quality time with *her* boyfriend. Her boyfriend!

Akeno, Asia, Akeno, Koneko, and the other females loved soaking in his attention.

Of course, Rias could understand why. Along with his other qualities, he stood at an impressive height of 6'1. They loved gazing, gawking, and giggling at his devilish physique.

Thankfully, Rias proved why she was the King of her Peerage. They listened to her orders. When she exclaimed that Naruto would be spending the next few days with her, none opposed her will.

Naruto spent all of his free time training or having sex, so he was long overdue for a vacation, in her opinion. Neither was against the idea of spending a few days at the beach.

This vacation, in Rias's mind, was the perfect solution to get away. She was looking forward to relaxing by the calming waves.

Rias imagined everything they could do. Such as...

Picnics on the shore.

Swimming together in the ocean.

Taking long walks.

Star gazing.

Telling stories by the campfire.

All of it was making her head swirl with positivity. Ideas for this romantic outing were making her smile shine brightly.

That didn't even include the *kinky* aspects of their trip.

Rias wanted to have sex on the beach. To skinny dip with her boyfriend and make love in the water. Even if they fucked on the rocks, staring up at the starry sky was good enough for her.

This week-long trip was going to be phenomneal. Nothing was going to ruin it!

"Rias! Honey! Is that you?!"

Breaking out of her thoughts, Rias perked up. She blinked a few times, glancing over her shoulder.

Her family's vacation villa was in the distance, but she could see one person walking out. One person she would've never imagined was here.

It was none other than Venelana Gremory, her mother. The woman was approaching with calm, slow strides through the sand.

Chewing her lip in frustration, Rias internally grumbled. This was not good.

Her mother, although older in age, looked to be in her early 20s. A sign of her healthy genetics. She was showing more skin than Rias would've liked.

The MILF had a curvaceous, voluptuous figure. She had silky brown hair that reached her shoulders, coming down in layers. Violet orbs stared at her with fondness, her creamy skin shining under the sun.

She had a violet, sling-shot bikini that barely covered her lady parts. Two thin strands ran up her nipples, a pink areola barely peeking through. It connected to her thong, her pussy hidden behind the fabric. As she approached, Rias could see that her mother had shaved recently.

That's how little the thong truly covered. It was a very risky thing to wear at the beach.

"Oh, Rias! It looks like we had the same idea today! And our outfits look so similar!" Venelana giggled with a wave of her hand, "It's so nice seeing you here!"

The mother wasn't lying; Rias was wearing something similar.

She had a black micro bikini, which covered very little. It was a two-piece, with her top using small cups to hide her nipples. Her thong, however, was even *smaller* than Venelana's.

It was so thin, the delicious curves of her pussy folds hugged the outside of the fabric. Her pink slit was barely out of sight, but a tug in any direction would put it out on display. It also ran up her thick ass, being lost in the juicy rump.

Unlike her mother, Rias liked to keep her hair long. Red locks reached her lower back, blue-green eyes shining with annoyance. She had a fair skin tone, resembling her mother.

Just like Venelana, Rias had a curvy figure of her own. It had turned the heads of both men and women back in Kuoh, but only Naruto had the privilege of knowing what was underneath.

The blonde finally finished setting the final pole in the sand, wiping a line of sweat from his forehead. Standing up, he raised an eyebrow at seeing his girlfriend's mother, of all people.

Curious, he walked up beside his girlfriend. The soft sounds of crunching sand filled the air.

"Mom, what are you doing here?" Rias huffed, crossing two arms under her impressive bust. The F-cup tits jiggled, the black bikini struggling to stay on already.

All of her plans and daydreaming went out the window. She didn't want to ruin her good mood.

"Well, that's simple. I wanted a vacation!" The MILF smirked while placing her hands on her hips, "It gets so boring being stuck in that stuffy mansion all day. Besides, your father isn't the best at giving me attention. We both agreed I could use this little piece of paradise for the week!"

Rubbing the bridge of her nose, Rias sighed, "I get it, Mom, but I wanted to use the beach this week. Can't you leave? You can come back next week!"

Her planned vacation was going to be ruined if her mother decided to stick around. Days of planning and excitement were at risk of going down the drain.

Rias, even though she loved her mother, wanted her gone at the moment.

"But I don't want to leave," Venelana tilted her head with a teasing smirk, "Don't be so mean to your mother, Rias-chan! We can share the beach! There's more than enough room for all of us!"

The redhead inhaled deeply through flared nostrils, trying to soothe her building temper.

Her mother seemed to take pleasure in grinding her gears.

"Besides, I don't think Naruto-kun here is against it!" Venelana wiggled her eyebrows with a saucy smirk on her face.

Snapping back to reality, Rias glanced over. She saw her boyfriend running his eyes up and down her mother's curvy physique. He was taking in every detail, clearly appreciating the free eye candy.

The Uzumaki had to swallow the wad of saliva in his mouth. Seeing his girlfriend's mother with her hands on her hips, tilted head, and playful smile was doing wonders for the tool in his shorts.

That had to stop. Now.

"Naruto," Rias grumbled, stomping back to their little campsite. She reached into one of the bags they brought, fishing out a bottle of lotion, "Rub some of this suntan oil on me."

Anything to get his mind and eyes off of her mother. That kind of gaze should be reserved for her only.

"Hmm? Yeah, of course, babe," He responded coolly, walking over. The hunk grabbed the bottle and allowed Rias to lead them to a secluded area of the shore. A few grey lounge chairs stood next to an empty volleyball field.

Venelana, with a sly smile, followed behind the pair. Her flirty nature and teasing attitude knew this was too good to pass up. Without saying a word, she expertly slid into the lounge chair next to the two.

Lying face down, Rias sighed as her muscles relaxed. Although her mother was here, she wanted to at least *try* and have a good day.

"Don't worry, babe, I got you," Naruto's deep voice rumbled softly, squirting a wad of liquid on his hand. Putting it aside, he lathered both hands in the oil and began softly running calloused palms down her back.

His skillful fingers helped rub the suntan oil deep and good. It helped that he pressed down, massaging the tense muscles.

It felt nice.

"Hmmm...yeah...oohh..." Rias groaned lowly, digging her head onto both arms. She felt her boyfriend's careful ministrations loosen the tension along her body.

She got lost in the way he molded her body. Naruto was always good at hitting her pleasure points. Their very active sex life had made him quite the lover.

Naruto smirked from above, the shining sun making his blonde locks glow. He carefully spread his hands across her blemish-free back, pressing his thumbs down her lower back.

Her soft skin felt amazing against the calluses on his palms. Trophies he had earned from hours of nonstop training.

However, right now, they were making Rias squirm with pleasure. They delightfully rubbed her skin.

"Nnghh...OH! You hit a good s-spot!" The redhead mewled, biting her lip. "K-Keep going!"

Smirking, Naruto briefly paused to squirt more suntan oil into his hands, "Don't worry, I'm going to get every inch."

They had just started their vacation, and it seemed they were moments from tearing each other's clothing off. Their sex drives were too much, especially Naruto's.

His hands landed back on Rias, but this time, he carefully cupped her fat ass. He slid under the bikini's straps, rubbing the ass cheeks with sensual movements. The blonde gave a careful squeeze, enjoying the way she writhed on the chair.

"You know m-my ass is...MMN...s-sensitive!" Rias cutely pouted. However, her words betrayed her body as she wiggled her rear, pushing it upward into her boyfriend's hands.

Taking slow, extra effort, Naruto responded by sliding his thumbs between her ass crack. The digits rubbed the crevice of her backside, lubricating oil where it wasn't needed.

However, for his urges, it was very much needed. Naruto loved appreciating the curves of his girlfriend any chance he got.

Smiling and ignoring the boner in his trunks, Naruto continued to lather the oil. He leaned forward, running his hands under his girlfriend's chest.

He quickly slid under the bikini, twiddling her nipples. Fingers pulled at the hardened nubs, thumbs running over the small areola.

"S-shit! B-Baby!" Rias breathed heavily, her chest jutting into his hands.

"Just making sure no stone goes unturned," Naruto commented with a grin, groping her chest. He gave the bags of flesh a few squeezes, rolling them around in his calloused hands.

Her tits were fat and heavy. Creamy flesh spilled between his fingers.

"Let's lather up the last spot."

Going back down, Naruto trailed his hands down the sides of her trim stomach. A faint outline of her abs felt firm against his touch, a sign that his girlfriend worked hard.

Then, snaking his hands into the right position, Naruto slid underneath the too-small thong.

Rias nearly lost it.

"UMPH! BABE!" She breathed out, clenching the sides of the lounge chair tightly. "You're-"

Her breath was caught in the back of her throat.

SQUELCH~!

Naruto didn't answer, only acting. His fingers lightly pressed against her sopping folds, twirling her clit with rapid movements. The tight, twitching, pink walls begged for him to penetrate the wet hole.

Instead, Naruto took pleasure in teasing his girlfriend. He loved eliciting moan after moan from her body, making her shiver in pleasure.

He molded her. Carressed her. Made her sing in songs of pleasure like he'd done so many times before.

The atmosphere was hot and heavy. Both of them were panting with lust, eager to get a taste of the other.

As the octaves in her voice increased and the cunt folds secreted femcum, Naruto knew he had to take her. Then and there.

That was, until Venelana decided to speak a few feet away in her own lounge chair.

"My, my! I never knew you two were so passionate!" The MILF sounded out with a flirty giggle, "It's making me hot and bothered just watching!"

Glancing over, both Naruto and Rias were reminded of the extra set of eyes. It dampened their building arousal instantly.

"Naruto, could you be a dear and rub some of that suntan oil on me? I burn up easy in this sun," Venelana asked with a smile. She rolled over, lying face down like Rias.

She just wanted to tease her daughter's first boyfriend. As her mother, she has explicit rights to it. Seeing them so riled up made her giddy on the inside.

On instinct, Naruto sputtered with a faint blush on his face. He didn't want to turn down the woman and possibly ruin his image in her eyes. "Uhh, yeah. I guess that's fine."

Huffing, Rias frowned. She didn't want her boyfriend's nimble fingers and skillful hands to be anywhere near the woman. The redhead wasn't keen on sharing him with her mother, of all people.

Squirting another wad of oil onto his soaked hands, Naruto walked over and began softly pressing down on Venelana's back.

Right away, he spotted the differences. While Rias's skin was soft, Venelana's was smoother. It glided easily against his palms, eliciting sparks of pleasure down his spine.

The slingshot bikini was begging him to remove it. To tear it off and see what really lay beneath.

However, with a massive amount of willpower, Naruto ignored those thoughts and went back to gently caressing the woman. He kept his hands in appropriate places, ignoring Rias's growing glare.

"Don't be afraid, get my upper chest," She egged on with a purr. Turning her head, the MILF was excited to see her daughter staring back at her. Both women were facedown and enjoying the sun.

"Mother..." Rias warned with a sharp tone. The redhead knew this was pushing it.

Nodding, Naruto did as he was told. His palms carefully snaked around, only touching the hints of her cleavage. He tried to remain by her neckline as best as he could.

That was, until she started pushing his hands into other areas.

Biting his tongue, Naruto tried to keep more blood from rushing into his cock. He had briefly felt the globs of fat touch his palms before he pulled them away.

"Get my lower body too."

Naruto breathed in slowly, hovering over the woman's backside. It was just as big as Rias's, swaying from side to side.

"It's like she's trying to tempt me..." The blonde thought, biting the inside of his cheek. It took considerable effort to avoid slipping down the crevice of her ass.

Venelana smiled, closing her eyes as she took it all in. She had to hand it to Rias; her boyfriend knew how to work a woman's body.

Just as he was about to continue, Rias stood up with a frown. Grabbing her boyfriend's arm, she yanked him away with heavy steps in the sand.

Hearing the two depart, the mother grinned with a twinkle in her violet eyes.

This trip was going to be so much fun.

The day went on as the trio tried to make the best of this unplanned, shared vacation.

Both devils showed off their sexy, amazing figures to a blonde caught between the two.

Fat tits bounced as Naruto refereed a volleyball match between the two. Their bikinis struggled under the weight, nearly giving the man an eyeful of sweet flesh.

Assets were defined as their swimsuits shrunk in the water. Naruto had to stop swimming or risk jumping at either woman in his lust.

Sweat glistened off their bodies, dripping down their cleavage, as they sunbathed under the shining sun. Porcelain skin shone like a gift from above.

Their asses jutted as both battled to build a better sand castle. Once again, Naruto had to be the referee for their trivial competition. In the end, he claimed it was a tie to be safe.

Naruto took pleasure in the shade of their tent. At least in there, he could hide his boner.

These sexy women were displayed for his viewing pleasure. Even as Rias huffed and Venelana teased, they enjoyed the day.

Safe to say, he had a *lot* of fun as the sun set in the distance.

...

Naruto groaned in satisfaction, falling back on the King-sized bed in the room. It soothed his aching muscles, allowing him a small breather. The pair was getting ready for bed.

The three decided to head back to the family's private villa, where they enjoyed a nice dinner in the process. Afterwards, Venelana chose to head into her private quarters while Rias and Naruto trekked to theirs.

The whiskered blonde was clad in his boxers only, staring up at the milky white ceiling. His girlfriend lay next to him, turned over in a sexy piece of teddy lingerie.

It was a dark red, outlined with black strips along the fabric. The fabric covered her areolas and ran down her thick thighs. It complemented her body by hugging her curves.

Hearing a small mumble under her breath, Naruto craned a brow. He could tell that something was nagging the redhead, making her incredibly upset. "Hey, babe, is there something bothering you?"

"...No."

Yep, that proved it. She was most definitely angry about something. That snippy attitude dripped with irritation. She still hadn't spared a glance in his direction.

"C'mon, love, tell me. We can only work through problems if we talk it out," Naruto commented, turning his head to get a better look at his girlfriend. Since she was on her side, he only got a view of her blemish-free back.

All he got was silence.

"Something is **clearly** bothering you. What's wrong? I wanna know," He tried his best to be comforting. He didn't want her to hide whatever frustrations she had any longer.

A few seconds passed as he got no answer. Just before he could open his mouth again, he heard her speak.

"...it's my Mom."

Naruto lay there and listened. He finally cracked the outer shell of the problem. He perked his ears up and closed his mouth. He wanted to help alleviate whatever issue she had; that was his job as her partner.

Rias huffed again as she talked, "I planned this whole vacation for us. Just **us!** It took weeks of preparation to get everything right! This was supposed to be a place where nobody could bother us! Don't get me wrong, I love my Peerage, but I wanted to get their lustful eyes off you for at least a week!"

He nodded even if she couldn't see, digesting everything. He continued to listen, lending an ear to his girlfriend's woes.

"But now, with my Mom here, it's all out the window! And since you were...you know! It's all just made me frustrated!"

Naruto asked with a calm tone. "How is this my fault?"

She was quite vague about what he did. He wanted to know what he did to garner such a reaction from his girlfriend.

"It's...it's not really your fault," Rias finally admitted with a heavy sigh, "But it made my day worse when you ogle her all day. Especially when I was right there with you."

"You can't be too mad at me, babe," Naruto defended himself, "I wasn't ogling her the entire time. Besides, how can you blame me when she was wearing such a revealing outfit? She bounced around from activity to activity like she was trying to get attention!"

Her voluptuous figure was hard to ignore when she stayed around them constantly. It's like the mother didn't want to leave their sides as the vacation went on.

"Yeah, whatever," Rias responded in a flat tone. It was clear she wasn't amused by his defense at all.

Seeing that this wasn't working, Naruto decided to change tactics in hopes of quelling his lover's anger. Something to prove how much he loved her.

"Babe, I wasn't staring at your Mom all day. I promise," He commented with a sincere tone, "I spent most of it looking at *you*. You looked gorgeous in that bikini, I couldn't tear my eyes away."

"...Really?" She whispered in a rare tone of vulnerability. The redhead might've been perceived as mature by others, but she was ultimately a teenage girl at the end of the day. These things mattered to her.

"Yes, really," He nodded with a smile, "You looked like a goddess. I'm incredibly lucky to be with someone so stunning...and gorgeous...and beautiful."

Naruto didn't need enhanced eyesight to know that his girlfriend was hiding her grin. Without needing to be told, he pressed on.

"Your red hair swayed so softly in the air when you played volleyball. Not to mention how your bust was barely contained in that top. I had to look away a few times when you were bent over building that sand castle. My boner would've been too noticeable."

Naruto suddenly gained a glint in his eye, deciding to cheer up his girlfriend in the best way possible.

"And you looked so fucking **sexy** in that bikini," The tone began to leak from love to lust, a low undertone sending shivers down her spine, "I almost forgot your Mom was there a few times. I damn near ripped it off your body."

"You mean that?" She asked in a neutral tone, "You were paying attention to me over my Mom?"

Instead of immediately responding, Naruto crawled up behind his partner. Without saying a word, he began peppering soft kisses along her shoulders. Glancing over, he smiled.

The beauty was trying to hide her growing blush and smirk. Although she was 'mad,' she leaned into his touch.

Naruto gave her all the attention she wanted.

His tongue left strands of warm saliva, making her moan. The sweet sounds made him hungry, eager to hear more.

"B-Baby! *Hmmn~!*" Rias writhed, biting her lip from her boyfriend's ministrations.

"Ish my lovelyy red headh girlfriend upshet?" He slurred while trailing a hand downward, "Lett mee makee itt upp to youu."

The blonde ramped up the bedroom quickly. His lips remained planted on her shoulder, but his hand quickly got to work.

SQUELCH~!

It seemed her teddy lingerie was crotchless. A fact that Naruto used to his advantage.

The soft grooves of the garment ran across his thumb as he fingered his girlfriend. Once again, he showed just why his fingers were so skillful.

He placed a thumb over her perky clit, rubbing it softly.

He dug his fingers inside, scraping her inner walls with precision.

He traced her labia folds, pinching them softly.

All of it drove Rias crazy.

Coming up behind her, Naruto spooned her with his wider frame. He smirked, pressing his body weight to keep her secure. She squirmed and gasped, but nothing stopped him from fingering her.

"I'm already pent up...OOHH...s-shit!" Rias panted, bucking her hips as Naruto kept his hand firmly between her legs. Her arousal had been growing throughout the day. Naruto's hand was beginning to break down the wall around her excitement.

The redhead had amazing forethought. She was the planner in the relationship, constantly keeping her mind sharp. Naruto tended to follow without issue; however, that all changed in the bedroom.

Under the sheets, Naruto dictated the pace. He had a dominant attitude and animalistic tendencies. His sex drive was strong enough to put a succubus into shock.

Yet, he was never a greedy lover. That was something Rias learned.

"Just lie there and feel good, baby," He whispered into her ear, making the devil shiver, "I love hearing those cute noises you make."

His fingers continued to make a mess of Rias's cunt. She writhed and moaned, but ultimately, she was at the mercy of his grasp.

It didn't take long to get her release.

"I'M CUMMING!" She shouted, clenching his forearm with a white knuckle grip. Clear fluid sprayed against his hand, staining the bed sheets underneath.

Her chest heaved while her pelvis bucked in the aftershocks of the orgasm.

Retracting his hand, Naruto smiled. He brought his hand up, watching as copious amounts of slimy discharge dripped from the digits. Licking it lightly, he glanced back with a cocky smirk.

"Just as always, you taste delicious."

Rias panted. She wanted this stud here and *now*.

"I wanna taste you too."

Naruto loved hearing those words. He gently grabbed his girlfriend and angled his body between her creamy thighs. He pried open the limbs, coming face to face with her bald cunt.

He switched them into the sixty-nine position.

"Take off my boxers."

Rias nodded with a flushed face, eager to get started. Her hormones were going wild, begging to have rough sex.

A quick tug was all it took to pull them down.

The redhead cooed in delight, freeing the meat sword she grew close to. It was 11 inches of pure, strong, manly cock. The girth was about 2 inches, making it a fuck stick that could put down any woman.

A fat nutsack hung below, while cock veins pulsed along the shaft. A thin, small patch of blonde pubic hair coated the base. It was barely noticeable as Naruto tended to keep it trimmed.

For most women, it would've been impossible to take such a thing into their bodies. However, for someone as enhanced and strong as Rias, it was much more doable.

The perks of being a devil.

"HGN~!" Rias suddenly moaned, her legs shaking as Naruto eagerly ate her snatch. Not one to be left behind, the redhead puckered her lips before suckling on the angry tip.

Naruto moaned as he felt his girlfriend's lips suck around his mushroom head. She tended to start there before giving him her signature sloppy deepthroat.

Keeping up his pace, Naruto used his hands to keep the firm legs apart. His fingers clenched the tender flesh, thumbing the outer edges of the teddy lingerie.

He was very happy that this lingerie was crotchless. It made things so much easier.

GLURK~!

GLURK~!

GLURK~!

Naruto clenched his jaw, feeling his girlfriend's succulent mouth work along his shaft. Her pink tongue battered the underside of his cock

"Keep fucking sucking!" He growled out, "I wanna nut down that pretty mouth!"

She bobbed her head quicker, using her hands to stroke whatever didn't fit in her mouth.

Naruto grunted, diving back inside.

Her juices were a mix of sweet and savory. The way her pink folds tickled the edges of his mouth turned Naruto on even more. The puffy pussy was a treat that he couldn't stop snacking on.

Angling his jaw, Naruto got as deep as he could with his tongue. He scraped the fleshy walls and scooped up more femcum into his mouth. All the while, he bucked his hips into Rias's slurping mouth.

Her dainty hands tugged his cock with a sensual rhythm. Her throat slime coated the first few inches of his massive shaft, dripping back down her face.

GLURK~!

GULP~!

Minutes went by as the two devoured the other. They couldn't stop being addicted to one another. Rias felt streams of pre-cum shoot down her throat, cooing at the salty taste.

She loved putting Naruto's pleasure before her own. It made her happy when he groaned and grunted. Her heart thrived off his satisfaction.

To hear him moan in satisfaction was incredibly rewarding. Her cute, pink tongue lapped at his piss hole. Pent-up sweat from the day's activity assaulted her taste buds.

Hearts shone in her eyes, saliva dripping from the edges of her mouth. Her pussy quivered as he ate her out, enhanced by the musky smell of his cock.

In the end, she gave out first.

"I'MPH CUMINGGGGGG~!"

Her squeals around the cockhead made Naruto gnash his teeth. The vibrations reached the roots of his sack, sending pleasure signals that rocked his body.

He felt a wave of femcum splash his face, gulping it all down. It was mouthful after mouthful of sweet fluid. Rias was known for being a fierce squirter.

Naruto tensed up, bucking his hips as his sack clenched.

"DRINK IT ALL, RIAS-CHAN!"

The redhead drowned in a sea of nut. She kept her lips sealed around the cockhead, feeling gallon after gallon of white cream rush down her throat.

Her trim stomach filled up with spunk. Liquid sloshed around, staining every inch of her gut with Naruto's musk.

She slobbered and sucked. Her fingers softly massaged his sack to get the last drops of milk.

When it was all said and done, the pair continued to ride out their orgasms. They came a few more times, enjoying each other's mouths like there was no tomorrow.

The room began to smell of sex and sweat. To them, however, it was the familiar fragrance they missed.

Suddenly, Naruto climbed off the bed and stood up. Blinking in surprise, Rias glanced over. She ignored the cool strands of saliva on her face and baby batter flowing in her stomach.

He grabbed his girlfriend with a perverted smirk. After that quick warmup, he wanted to get Rias's signature skullfucking.

She was a dick sucking connoisseur, getting better with each time. He learned that early on in their relationship.

Naruto angled Rias's head off the edge of the bed, her gaze turning mischievous. The gears clicked in her mind.

"Ooh, you want an upside-down deepthroat?" Rias asked in a sultry tone, pretty eyes shining with lust, "All you had to do was ask, Naruto-kun. You know I love sucking your dick."

"I love when you talk like that," Naruto smirked from above, slapping his prick against her face, "Now open up and swallow."

Doing as commanded, Rias gave a small 'ahh' as her mouth stretched. She winked, egging the man on.

He was going to fuck her throat with a layback blow job.

Hard.

GLACH~! GLURK~!

Rias felt her eyes roll into her skull. Naruto was swinging from the start.

He had bottomed out in one thrust.

11 inches of pure, strong, throbbing cock was sheathed at once. His sack rested upon her forehead, blinding her sight. Soft, blonde pubes tickled her chin.

"Oooh, babe," Naruto groaned with his head thrown back, closing his eyes, "I never get tired from stretching your stomach."

True to his word, Rias's trim stomach was enlarged by Naruto's fat cock. A faint outline could be seen through her muscles.

It had taken her a few months of training before she could swallow his dick in one slam. She didn't cough or choke anymore. Naruto's high sex drive gave them plenty of time to practice.

"Imph, *gurgle~*, oeh!"

She was incoherent, trying to choke out a few words with this rod down her throat.

Then, like a wild bull, Naruto began thrusting.

GLACH~! GLURK~!

GLACH~! GLURK~!

Groans filled the room, broken up by the sounds of squelching gurgles.

"Fuck!" Naruto roared with wild, flailing hips, "Let's free up these tits!"

The blonde freed the jiggling buxom, ripping aside her lingerie. He palmed them with calloused hands, using them as handles.

Fingers tweaked her strawberry nipples, pulling them softly while slamming Rias's throat. Throat slime trailed down her face, staining her features.

Even while on her back and losing her mind, Rias kept her cheeks hallowed. She slurped and gurgled, clenching the bedsheets with an iron grip. The redhead groaned around the shaft as her nerves were set alight.

Seeing his cock bulge her stomach over and over excited Naruto. His insatiable libido was on full display as he rolled his hips. Every inch of her slimy, warm, tight throat walls brought him closer to pleasure.

"TAKE. THIS. DICK!"

GLACH~! GLURK~!

GLACH~! GLURK~!

Rias loved being used as a cum toilet. Her life as a cum receptacle was leagues higher than being the King of a Peerage. That's how much she adored the man reaming her throat.

She got lost in her love for the whiskered blonde. His hands groped and yanked her F-cup tits while grunting like a beast. All of it was making her heart pulse with devotion.

The redhead didn't know how much time passed while Naruto used her mouth like a cocksleeve.

He came over and over again down her mouth. Like the cum rag she was, Rias gulped it down. It joined the seed already in her stomach, enlarging her gut slightly.

It never ended. His sweaty and saliva-coated nuts dragged across her face. The degrading action made her toes curl, her dripping pussy spraying honey on the other end of the bed.

He just **commanded** the bedroom.

After emptying his balls once again, Naruto finally retracted his stiff rod from her hallowed cheeks. Rias shuddered as throat slime splashed onto her face. Hundreds of strands connected from the fuck stick to her plump lips.

"Oooh, yeah, fuck!" Naruto cheered with a sigh, "I never get tired of using that throat! You're the best, babe! Let's move on to the main course!"

She gurgled a response.

Naruto climbed back onto the bed, adjusting his girlfriend as he did so. He watched with a mischievous grin, watching as the voluptuous redhead climbed on top.

She spread her legs wide, her body heat rushing down his body like a warm blanket. He could see her bare, pink, glistening cunt. It excited him.

Hovering her body, Rias angled the spongy tip against her labia folds. She shuddered in delight.

"Let's have dirty, rough, baby-making sex, Naruto-kun!" She exclaimed with a pant, her sweaty tits heaving.

SLAM~! SQUELCH~!

Rias squealed as she lowered her body onto the erect tool. Naruto grinned, getting an eyeful of his dick sliding in and out of his partner's wet hole.

He could feel her vaginal walls and stomach muscles flexing around the prick. Rias bit her lip as she placed her hands on the man's chest, folding her legs atop his thighs.

With her new angle situated, she began bouncing on the fuck stick.

SLAM~! SQUELCH~!

"You're so fucking HUGE!" The Gremory heiress screamed as her tits flailed. Sweat poured down her body as she gave it her all.

Naruto couldn't tear his eyes away from the fucked-stupid expression on the love of his life. It was a look he never got tired of seeing.

She bounced and bounced, clapping her fat ass against his waist. Her fingers dug into his pectorals, trying her best to take on the behemoth member.

Snaking his hands forward, Naruto gripped the thick buttocks and gave them a firm squeeze. He enjoyed following her momentum as she rose up and down.

Slapping her ass, Naruto egged her on, "You call that riding? I can barely feel it!"

Rias lowered her head, gnashing her teeth as she fell for the bait. She clenched her pussy walls even tighter against the throbbing shaft, femcum pouring down in waves.

The blonde groaned, throwing his head back into the pillows. It felt like everything got amplified by ten.

SLAM~! SQUELCH~!

Cute toes rested against his legs as the redhead lost herself to the pleasure. Drool collected at the base of her jaw, her eyes shining with a certain lustful haze.

The sounds of her sweaty ass clapping filled the room. Naruto felt his toes curl as the woman rode him like her life depended on it.

He gripped the ass flesh and pried it apart, a sudden rush of cool air hitting Rias's puckered asshole.

She moaned as the sensation, lathering the fat slab of meat with thick cream. Her mind was solely focused on bringing pleasure to this stud.

SLAM~! SQUELCH~!

"Shit! You're gonna make me cum again!" Naruto warned while squeezing her buttocks, "I'm almost there!"

Smirking, Rias angled her hips wide. She used her forearm strength to keep herself in the air, only leaving the cockhead inside her entrance.

Then, she bottomed out with a single, thundering clap.

SLAM~!

"Then..."

SLAM~!

"Cum..."

SLAM~!

"For..."

SLAM~!

"MEEE~!"

The final slam had managed to trigger her own orgasm as well. Rias grinded her hips, sweat trailing down her ass and into Naruto's hands.

Her honey sprayed his abs, marking him with her scent.

Her spasming pussy walls and intense grip proved too much for the blonde.

Naruto didn't announce his orgasm; he couldn't. His legs buckled, and his fingers tensed up.

And his sack lurched forward as they delivered the woman's hard-earned treat.

SPURT~! SPURT~! SPURT~!

The heiress cooed at the sensation of her boyfriend's warm milk splattering against her walls. It was one thing to have it down her throat, but inside her vagina was where it was most welcomed.

However, as he grunted and bucked his hips into her puffy hole, Rias knew he was far from done. Sex never ended this early for them.

It only took a second for Naruto to growl, turning the tide right away. His whisker marks almost seemed to darken as his animalistic tendencies came to the forefront.

He allowed Rias to ride out of courtesy, but now, he was the dominant one. The one in control.

The redhead mewled as her boyfriend flipped them around, placing her on her back. She felt her long legs fold in his grasp, dangling in the air.

The blonde had placed her in one of his favorite positions. The Mating Press.

No words were said. Only actions.

SQUELCH~!

Naruto's balls rested atop her plump rear, having slammed himself to the base in one thrust. He groaned in relief, already retracting his hips for another thrust.

Nothing could compare to being inside Rias's tight, warm, wet snatch.

"KUUOOOH~!"

Rias wailed as this man reclaimed his rightful place in her *womb*.

All it took was one aimed thrust to pierce her cervix. Ever since he fucked her baby oven the first time, he made it a habit to cum inside it as many times as possible.

With the low fertility rate of devils, Rias didn't find it much of an issue. Having frequent sex with Naruto made her grow a kink.

A kink of being constantly creampie'd.

The idea of being filled with his gooey...creamy...thick...musky substance was nearly too much for her.

Wrapping her arms around his neck, she felt as he slobbered on her tits. He switched from nipple to nipple, all the while pistoning his hips.

It was the shameless sex she loved.

Their genitals sang a sweet tune as they danced together. Vulgar noises made Rias's heart flutter, pulling Naruto deeper into her impressive chest.

He pummeled with reckless abandon. Stretching her womb like a pocket pussy.

"I...love...our...baby-making...SEX!" Naruto roared with violent slams of his pelvis. He kept a nub in between his teeth, flicking it with his tongue.

Being balls-deep in this well-endowed beauty was driving him crazy. He felt his nuts quake inside his sack, the pleasure driving them crazy.

The mind-numbing pleasure was pushed to the edge when he reached his orgasm.

SPURT~!

SPURT~!

SPURT~!

Naruto sucked her left tit, growling as he emptied his balls into her womanhood.

"OOGHHHHH~!"

Her folded limbs trembled as she had a leg-shaking orgasm. Her pussy gushed out juices onto the dominant man's hips, submitting to him entirely.

It was jet after jet of womb-drowning sperm. Rias held on with drool trailing down her clenched teeth. She shuddered in orgasmic pleasure.

Naruto always satisfied her creampie kink.

He gave her a few more pumps of creamy liquid. Their rutting continued for another thirty minutes.

Sweat filled Naruto's mouth as he mauled her tits.

Spunk filled Rias's abused cunt as she lost her mind.

They ignored the outside world, making a mess of the bed. Various juices stained the covers, shaking from the man's powerful thrusts.

After being stuffed so many times, most people would've called it quits. They wouldn't have even made it this far to begin with.

But not Rias. She was still horny and wanted *more*.

Just as he released his most recent ropes of seed, the redhead mewled into the blonde's ear.

"B-Baby," She heaved with a flushed face, "There's still one more hole for you to fill."

The Uzumaki paused his ministrations on her bust, glancing up with a raised brow. A cocky smirk spread across his face, "I don't know...maybe..."

That damn hunk. He was going to make her beg.

"P-Please! Take my ass and use it!"

"I didn't quite catch that, Rias-chan," He spoke in a calm tone, sweat pouring down his forehead, "Could you say that again?"

She begged.

"PLEASE, FUCK MY ASSHOLE! MAKE ME AN AIRHEADED BUTTSLUT! I NEED IT SO BAD!"

Those were the magic words. He retracted, a waterfall of cum bubbling out of her pink folds.

Leaning up onto his knees, the blonde looked down with a sly grin. He stroked his cock, soaked in femcum and spunk.

"Spread your ass."

Mewling, the redhead reached down with shaky hands. She grabbed each sweaty cheek, pulling them apart to reveal her winking anal hole.

"You know, I remember when Akeno and I first brought up the idea of anal sex," Naruto commented while pulling back his foreskin, "You were so against it at the time."

Rias moaned as Naruto began slapping his cock atop her pussy. Her perky clit felt the pressure of the giant member.

"Even when we did convince you, you said it was too painful and didn't enjoy it," He smiled fondly, remembering when he claimed her black cherry, "But now here you are, begging for it. Now you request it more than Akeno, you anal-loving slut."

Out of the entire Peerage, Rias was the buttslut. She craved her backdoor being stretched and gaped.

Pressing his angry tip against her tight hole, Naruto grinned.

Then, he clapped his nuts against her plump rear.

SLAM~!

Grunting, Naruto gripped the back of her legs. He held them up, angling his hips to slam inside. He used nothing but core strength to give his girlfriend a proper pounding.

"This ass loves being abused!" He roared while he stretched the sinfully tight butt.

Rias clenched her ass cheeks harder, keeping them spread apart as her man pried her anal walls apart.

He sank inch after inch of thick cock down her ass until he bottomed out. 11 inches of cock up her ass made Rias delirious with pleasure.

SLAM~!

This is why she was such an anal slut.

SLAM~!

This is why she craved having Naruto in her ass.

SLAM~!

This is why she was the perfect sub for his dominant attitude.

SLAM~!

His throbbing cockveins scraped against pleasure points. His hands switched from the back of her legs to her calves, gripping them with an iron grip.

Naruto felt the shithole squeeze tightly around his shaft. He gritted his teeth while slamming rapidly.

"OOOH~!" Rias groaned, tossing her head back onto the pillows. Tears of pleasure ran down her face, fingers shaking as they kept her cheeks apart.

Her boyfriend was a sex machine. Built and molded to drive her insane with pleasure.

His carnal assault triggered deep instincts within her body. Anal walls shamelessly milked him with a vice grip.

Femcum and saliva acted as the perfect lube. Intestines stretched around the cock to accommodate the reaming shaft.

It was a thick log.

It was a battering ram.

It was a brutal fucking.

And it was why Rias loved having her ass gaped.

SLAM~!

SLAM~!

SLAM~!

"I can't stop! Your ass is eating me up!" Naruto bit his lip while closing his eyes, nails digging into thick calves. "You're working so hard to make me cum! Get ready for another load!"

"Yeshh~! Dooo ittt~!" She mewled, wishing to feel his seed rush inside.

Her stomach was claimed.

Her womb was stuffed.

All that was left was her ass. And by the looks of it, Naruto was keen on filling it up as well.

Round after round of intense anal sex was no issue for Naruto. He didn't just have abs for show; he actually knew how to use them.

He reamed his girlfriend's pale cheeks with a satisfied smirk.

He was the only one to see her like this. To see the noble, collected, and calm Rias Gremory in a mewling mess.

Students saw her as a prestigious member.

Family members saw her as an up-and-coming devil.

Friends saw her as someone with a sharp mind.

However, to him, she was his number one buttslut.

There were no distinctions in the bedroom. Noble status didn't matter when your ass was being used as a sex toy.

The last thing Rias remembered before she blacked out was the sensation of a pumping shaft in her asshole. Like a broken faucet, he spewed out a vicious stream of thick seed.

Then, she lost herself to the pleasure.

...

"Ooh man, I might've gone overboard," Naruto chuckled, glancing down at his unconscious lover. "Sorry about that, babe."

Her fingers hung limply. She had kept her ass spread as long as possible.

Pulling out of the well-used anal hole, he watched as cum flowed out of her ass. It was reminiscent of the seed that spilled out of her stuffed pussy earlier.

Slowly but surely, her ass slowly sealed itself back up. The sight made his cock bob in the air, eager for another round.

However, with Rias asleep, there was no point. Instead, Naruto climbed off the bed and retrieved his pair of discarded boxers.

He was feeling hungry. Scouring the kitchen right now sounded good.

Putting on his underwear, Naruto slowly exited the room. He shut the bedroom door behind him softly, ensuring he didn't accidentally wake up his girlfriend.

She might have strength, but compared to his libido, she didn't stand a chance. His throbbing cock was still lusting for more, even after shooting off so many loads.

Arriving at the kitchen, he was surprised to see someone this late at night.

Venelana Gremory.

She was wearing a light blue, see-through, babydoll nightie. It reached down to her upper thighs, leaving the rest of her legs uncovered. The flimsy lingerie was patterned with lacy swirls, bringing out her assets nicely.

The mother was bent over, scouring for something in a bottom cabinet. Her lovely ass was hiked up in the air, not being covered by the g-string at all.

Her breasts also struggled to stay inside the lingerie. The boobs looked like they were seconds away from springing out of the nightie.

Naruto tried not to make his boner more noticeable than it was, but it was hard while staring at his girlfriend's mother. Her body just screamed to be ravaged and reamed.

His footsteps had garnered her attention. She glanced over her shoulder and smirked.

"Ah, Naruto-kun," She spoke in her motherly, sexy tone, "I didn't expect you this late. Would you care to join me for a drink?"

She stood back up with a half-empty bottle of alcohol, the object she had been searching for to begin with. Naruto rubbed the back of his head in response.

"I don't know...I'm not really a drinker," He commented with a rosy blush on his whiskered face.

"Oh, c'mon, just one!" She giggled while wiggling the bottle around, "I'll even pour it for us."

Not wanting to deny her request in fear of looking bad, Naruto gave a hesitant nod.

Beaming, the MILF poured two small glasses of whiskey. She led them to a nearby table, taking a seat across from the blonde.

Downing the glass right away, Naruto tried his best to settle his nerves.

He tried to stop glancing at her breasts, but it was hard as the nubs stared back at him. The see-through attire was making his sex drive roar back to life.

Slowly sipping her glass in response, Venelana set it on the table with a soft clink, "You know, I heard your activities just now. My daughter is a very lucky girl. My husband could only ever go one round before getting soft."

Naruto straightened up in his seat with wide eyes. He had been caught.

"Crap! I forgot to set up the soundproof barrier!" The blonde internally cursed himself, *"What is she going to think of me now?!"*

As Rias's partner, he wanted to get her parents' approval. That was important to him.

But now, what would she say? She just admitted that she heard everything. That included their squelching genitals and dirty words.

The awkward air around them didn't help his running thoughts.

Seeing his face, Venelana released a motherly smile, "Don't fret. I actually quite liked what I heard."

That made the blonde's brain short-circuit.

"You...liked it?" He repeated with a whisper.

"Of course, you gave my Rias-chan a good rumble in the sheets," She teased while bringing her glass back up. The mother gulped down the alcohol slowly, enjoying the soft burn, "I'm actually jealous."

"Jealous? Why?"

"Because I've never made those kinds of noises myself," Venelana admitted with a seductive tone, "Hearing Rias scream your name and climax every few minutes made me wet."

She pushed aside her now-empty glass, staring straight at the blonde.

"I wonder just how much heat you're packing down there."

Suddenly, the blonde felt his cock twitch once more. There was no denying it; this MILF was flirting with him. "Are you really that curious?"

"Very much so," She answered honestly with a purr.

"...Then I wonder what you'll say if I admit I'm wondering the same," Naruto smirked in response, "I think anyone would be stupid not to appreciate that body."

"Oh? Is my daughter's boyfriend wondering just how soft my skin feels? Or maybe how tight my pussy is?" She fluttered her eyes, leaning forward on the table, "Or maybe just how good my tits feel in your hand? I couldn't help but notice you keep staring at them."

Instead of backing down, Naruto also leaned forward onto the table. Their faces were only inches apart.

"Don't act like I don't see you sneaking glances at my chest and crotch," He countered with a sly grin. The MILF hid it well, but she also ogled his body.

Their barely covered bodies heated up as they stared at one another. The atmosphere in the large kitchen heated up, hormones running wild.

Mutual attraction was a dangerous thing.

The MILF was the first to break, giggling softly behind her palm. A mix of amusement and lust danced in her eyes. "Are you hungry, Naruto-kun?"

"I could go for a bite," He admitted in a low tone. It's why he came to the kitchen in the first place.

"Perfect, I'll make us something then," She responded with a clap of her hands.

Venelana then stood up, a twinkle in her eye. She reached over, grabbing the empty glasses in both hands.

Walking over, she placed them in the sink. She didn't spare it another glance as she opened up a top cabinet.

Leaning on the tip of her toes, she tried her best to reach whatever object was inside.

"Could you come over here and help me, please? I can't seem to reach the top."

Hearing the simple request, Naruto nodded. He didn't mind helping at all.

Walking over, he looked up and realized she was trying to grab a frying pan from the cabinet. Angling himself behind her, he leaned up on the tip of his toes.

Just as he reached forward, Naruto paused.

He accidentally pressed up on Venelana's ass. His boxer-covered dick was smushed between the perfect globes, digging the g-string deeper.

"Mmmph~! Oh!" The mother moaned, gripping the counter with a white-knuckle grip. She chewed on her lip, her pussy spasming from the touch alone.

She jerked her hips in a small movement. It was barely noticeable, but it dragged down the cock nicely.

"Urgh! Nngh!"

Hearing the low, husky groans of the man behind her, egged Venelana on more. She wanted to hear that again. Over and over. It sounded incredibly sexy.

Without wasting a second, she began clapping her cheeks around the cock. Her sensual movements earned her more of the groans she desperately wanted.

She didn't stop, using the counter as leverage. Her head lowered as she put everything she had into squeezing the dick between her buttocks.

"I-Is she...twerking on my dick?" Naruto asked himself, quietly enjoying the older woman's improper assjob. He had paused at first, ready to apologize, only to be bombarded with the dirty dance.

Naruto tried to control himself, but it was hard when this woman kept jerking him off with her ass alone.

This was his girlfriend's mother. Someone he should have respected, especially since she had a husband.

Grabbing her wide hips, the blonde groaned while throwing his head back. He couldn't resist her bodily charms any longer.

The atmosphere heated up.

His cock throbbed under the boxers.

Her ass pressed perfectly against his hips.

This was all wrong.

But that's what made it feel so **good**.

He had already regenerated the lost seed in his balls. His libido recovered from the earlier rounds with Rias. Now, they were begging him to take this woman.

The fabric of the underwear was gripped by the woman, shaking her ass. A few seconds later, she managed to yank the boxers down only a few inches.

But it was enough to have the throbbing mushroom tip peek through. It slapped her lower back, spilling pools of pre-cum already.

Although he had recovered, his shaft was still somewhat sensitive. That meant he was closer to climaxing than he usually did.

Naruto gnashed his teeth as cool air assaulted his cockhead. It felt incredibly nice.

"So insatiable..." Venelana thought with rosy cheeks, feeling the stiff rod sandwiched between her ass, *"This stud has endless stamina...and he's so much bigger than Zeoticus..."*

She couldn't get a good idea of his size since he was behind her, but judging by touch alone, he was likely triple the length of her husband. Rias had struck gold in choosing this man.

"F-Fuck!"

Hearing his sudden gasp snapped Venelana out of her thoughts. She felt his hands tighten around her motherly hips.

Clenching her ass and pulling down the foreskin, Venelana peeked over her shoulder with a sultry grin.

"Cum for me, Naruto-kun."

He didn't need to be told twice.

SPURT~!

SPURT~!

SPURT~!

Rope after rope of creamy seed splattered against Venelana's back. She cooed at the warm sensation, comparing it to the suntan oil he spread on her body earlier that day.

She purred, arching her back while glancing into Naruto's lidded eyes.

"Keep going."

Growling, the blonde reached around and grabbed the lingerie along her breasts. He freed the tits from their confines, groping them with calloused palms.

His hardened dick, still leaking strands of seed, slipped between her thighs. The blonde couldn't help himself, thrusting into the soft flesh with bucking hips. The thin g-string shifted as he moved.

"*Ngghr~!*" Venelana moaned, tossing her head back as her tits were played with. His fingers grabbed her nubs, twirling and twisting. "Having fun, Naruto-kun? My tits are *aaah~*-even bigger than my daughter's..."

Naruto couldn't deny the claim. While Rias had a fat rack, her mother was slightly bigger in that department. He could barely wrap his hands around them, and even then, it spilled out between his fingers.

The mother shuddered as this firm, strong, built young man had his way with her legs. He commanded her body, molding it to fit his touch. The warm spunk on her back being a reminder of that.

"You fucking tease! You've been trying to seduce me all day!" Naruto growled into her ear, pinching both nipples at once.

"I don't know *uugh~*-what you're talking a-about!" She moaned softly, wrapping her legs tighter against the donkey-sized cock, "F-Fuck! Keep using my thighs! I want to feel that stallion cock shoot more spunk!"

"This slutty body is going to make me cum again." His hot breath tickled her ear, sending another wave of goosebumps down her skin. "I'm going to make you regret playing with me. You've poked the hornet's nest too many times."

Naruto had enough of this woman's playful nature.

Seeing her glisten in the water, bend over in the kitchen, moan under his massage, all of it had built his pent-up lust toward her.

He had tried, truly tried, to ignore these urges. To ignore Rias's mother and act like he didn't want to pound her silly. But she made it impossible.

Now, with their desires out in the open, there was no use hiding them any longer. He was in the mood to put the mother in her place.

Which was below him.

Grunting loudly, Naruto felt another jet of seed spew from his cockhead. He clenched her tits as he relieved himself from the ache in his nuts.

Fat, creamy chunks of white goo slid down the kitchen cabinets. He was beyond horny at this point.

Seeing him shoot off another load like it was nothing, Venelana knew she couldn't walk away without having a taste of this man.

Literally.

The woman suddenly slid to her knees, turning around in the process. Naruto watched with a confident grin from above, his abs glistening with newfound sweat.

He looked like a sculpted warrior.

Quickly removing his boxers, Venelana didn't waste time getting her treat. She poked out her tongue, running it around the glands of the mushroom tip.

Grabbing both tits, Venelana began jerking them along the pulsing shaft. She cooed at the body heat he radiated, inhaling his musky stench with wide nostrils.

"Ish thish good, Naru-kun~?" She teased with a wink, lapping at his pisshole while giving him a boobjob.

"It's very good, now go deeper," He commanded with a cocky smirk, placing his hand behind her head. Grunting, he enjoyed the way the tip of his cock entered her wet mouth.

The moist cave felt amazing around his angry head. It immediately cooled it down.

"Hish shpunk ish sho muskyy~!" A lightheaded Venelana thought, keeping her tits smushed together, *"Ish sho strong!"*

The salty taste of his cum was making her taste buds dance in circles. It was such an overwhelming taste, filling her mind and thoughts.

A soft suckle here.

A tug there.

And Naruto couldn't help it any longer. He wanted this MILF, badly.

Yelping in surprise, Venelana felt herself get manhandled by the stronger male. He dragged her by the armpits, throwing her upper body onto the table they had just shared a drink at.

Grabbing the edge, she glanced back. He grabbed her G-string and tore it aside, getting in the way of his conquest.

Naruto stood there, rubbing his cockhead along her puffy labia folds. Venelana moaned at the sensation, already preparing for the pounding she was about to receive.

If Rias's earlier screams were any indication to go off of, Naruto was a very good lover.

"You're so...fucking...huge..." She huffed, licking the edges of her mouth to collect any pre-cum that had collected there. "Would you like to be my stallion? How does that sound, Naruto-kun?"

His face split with a wide grin, showing his pearly white canines.

"I'd love that."

Then, he indulged himself in the warm depths.

SQUELCH~!

"Fucking shit! You're so tight!" Naruto commented, digging his hands into her child-bearing hips. He had expected the mother to be a little loose since she gave birth, but she was just as tight as Rias.

Perhaps even a little tighter.

He only managed to fit about eight inches on the first thrust. Rearing his hips back, he prepared to fit the entire cock.

Balls met a perky clit as he reamed the MILF from behind.

"Oh, oh, oh, oh, oh, OH!" She moaned her head off, the sounds of her dripping womanhood turning her on. The Gremory matriarch couldn't help but hold on for dear life as the young man filled her vision with stars.

"I'm going to fill this cunt! You're not leaving without my nut dripping from your snatch!" Naruto promised with a snarl, his whisker marks darkening once more.

Grabbing her brown locks, Naruto growled. His bicep flexed as he arched her back, giving her backshots that would've made any lesser woman pass out.

He inserted 9 inches.

Then 10.

Then, with a final shout, he sheathed himself all the way.

Her womb, which had never been stretched before, was suddenly filled with this fat slab of man meat. Her husband had never triggered these pleasure spots before.

It caused the woman to have a powerful orgasm.

SQUELCH~!

Pink walls flexed and gushed, spraying honey down the pounding shaft. The G-spot spasmed wildly as it was hit for the first time in her life.

"UUUURRRGGGHHHH~!" Venelana groaned, her eyes rolling backward into her skull. She felt her tits dangle in the air, following the momentum of the man reaming her.

"Are you already cumming from getting your womb fucked?" Naruto chuckled as sweat dripped down his chest, "You haven't seen anything yet! Get ready for a wild ride!"

Venelana learned that this stud had a dominant attitude toward him.

He was a master of rough sex. Dragging her into the deep end and watching her drown in pleasure she wasn't familiar with. Her inexperience had been dragged into his domain.

He fucked her through the climax, groaning as her womb tightened around his tip. He paid her femcum no mind, eager to stain her vaginal walls with his kids.

And she loved it.

"S-Stallion-kun! You're wrecking my p-poor, motherly pussy!" She panted with drool leaking from her mouth, "*Hah~-ah!* Mmn!"

Slapping her cheek with one hand, Naruto smirked. He gripped her hair tighter, pulling it back like a horse's reins. Seeing her arched back, stained with his spunk, turned him on.

She was his. That was a fact.

SQUELCH~!

Naruto didn't give a fuck about her husband. He didn't give a fuck that this was his girlfriend's mother.

Because right now, in his sex-fueled state, nothing else mattered. He was only concerned with stretching these depths to fit his cock.

To Venelana's credit, she accommodated his dick rather quickly. Most women would've passed out if they got 11 inches of cock shoved up their quim. Instead, she gritted her teeth and endured.

Her light blue nightie was in tatters and stained, but to Venelana, it was a reward. A sign that her new lover claimed what he wanted, when he wanted.

Just like Rias, Venelana loved a dominant man. She was quite the submissive woman deep down.

She proved it a few seconds later.

"P-Please, cum inside me!" Her once mature, playful voice turned into soft whimpers, "I want your *hrng~-seed* inside, Stallion-kun!"

She came again, shuddering in orgasmic bliss as her womb was pounded by this bull.

Naruto didn't mind fucking her through her second orgasm, but it was harder to keep his seed inside. It felt like she was milking him for all he was worth.

He was a generous lover, often giving his women multiple orgasms before worrying about his own.

Since she just had her second one, he thought it was about time he got his next one.

By cumming straight inside her unprotected womb.

"Get ready for it! I'm gonna nut!" He warned, yanking her hair back as far as possible. Venelana plopped her tongue out, drooling as she stared straight into the ceiling.

A second later, she felt the thick log pump like a water hose.

SPURT~!

SPURT~!

SPURT~!

His sack clenched as he claimed another Gremory.

It was his first mother-daughter duo. Something he was quite proud of.

"Thish ishn't normal..." Venlana thought with a dazed expression, hearing Naruto grunt and jerk his hips behind her. Gallons of spunk flooded her baby oven, rushing inside to fill every crevice.

Her enlarged stomach wrapped around the invading tool, heightening their pleasure. However, as seconds ticked by, Naruto didn't seem to stop. His urethra continued to vomit ballsnot like there was no tomorrow.

She knew that a man wasn't supposed to cum *this* much. It was like he was meant for aex, breeding, and knocking up bitches.

Whatever training and diet Naruto had, Venelana never wanted him to change it. He was already the perfect male specimen.

He was truly her stallion.

The MILF was so dazed and lost, she barely recognized when Naruto once again switched their positions. All she felt was his firm hands grab the back of her legs, yanking her off the table.

A moment later, she felt her legs fold behind muscular forearms. Fingers intertwined behind her head, locking her in place.

She was held in a standing Full Nelson, her leaking pussy hovering only inches above the angry head.

He was still rearing to go.

"Don't pass out on me yet, Venelana! We still have a long road ahead!" He joked, wiggling his hips to get the angle just right.

Rias passed out pretty quickly when they first started having sex, similar to how her mother was acting now. However, he had a feeling that Venelana would be a tougher nut to crack.

That was perfectly fine to Naruto. He loved a challenge.

SQUELCH~! SLAM~!

Once again, he sheathed himself balls-deep in the tight cunt.

The MILF truly thought she saw stars in that moment. White orbs filled her vision as fireworks set off in her nerves.

This moment, right here, triggered something deep inside.

She was no longer the teasing mature woman. No, she had changed.

She was now a devout follower of Naruto's cock.

SQUELCH~! SLAM~!

Sweat pooled between their bodies, connecting them like glue. Their rutting ringing out in the dark kitchen.

"I, *clap~*, can't, *clap~*, get, *clap~*, enough!" The blonde panted as he reamed the muff with pistoning hips. His balls loved to connect with the erect clit, taunting it with vicious slaps.

"Yes! Keep fucking my pussy! Don't you dare fucking stop, young man!" She egged on, her painted toes wiggling by his head, "I want my Stallion to keep going until I pass out! Nothing else is *ahn~*-acceptable!"

Naruto smirked.

Did she think it was funny to taunt him? Did she truly think he wasn't capable of fucking her brains out and leaving her as a mewling mess?

Oh well, she'd have to learn how Rias did.

The hard way.

The **very** hard way.

SQUELCH~! SLAM~!

Gentials connected as they were showered in feminine juices. Mini-orgasms were rocked from Venelana's body as she was reamed with the force of a strong man.

His grip, strength, and ability to fuck her standing were a testament to his power. He had gone through a sex marathon with Rias earlier and was still eager to have another.

He was truly beyond her scope of expertise. She was the older one here, but he was the more experienced one.

He knew how to hit certain nooks and crannies in her body that she didn't even know existed. Her G-spot became target practice for his meatpole,

She shamelessly milked him with a tight vice grip, trying her best to earn more of the creamy goo. The spunk sloshing in her womb begged for reinforcements.

Venelana was on the verge of losing all sanity, too lost in the waves of pleasure racking her brain. Neither individual heard the sounds of soft footsteps as they copulated.

Rias had awoken.

"What are the two of you doing?!"

Naruto stopped immediately, craning his head to see his girlfriend standing to the side. She was disheveled from their earlier romp, hair strands sticking out in every direction.

The redhead glared at them, crossing both arms under her breasts. She tapped her foot insistently, waiting for a response.

Even Venelana, who was moments away from another orgasm, collected her thoughts.

She was held and presented in all her glory. Naruto's connected shaft was in full sight for the woman to see.

Certainly not the best look.

"I kind of expected something like this from Naruto, but from you, Mom?! Seriously?!" She huffed while throwing her hands up, "I'm so disappointed in you!"

Feeling bad at betraying his girlfriend, Naruto tried to defend himself with a sheepish expression on his face, "I'm sorry, babe. I know I probably just ruined our vacation date. That's completely on me."

He owned up to the mistake right away. There was no room for excuses.

Venelana, however, wiggled her toes in response. It was almost like a wave to her angry daughter.

"It wasn't very fair that you were hogging a hunky man like Naruto all to yourself, Rias-chan," She began with a cheshire smirk, "I was just testing him to make sure he was the right man for you. After all, you're my previous baby girl. You only deserve the best."

Her labia folds spasmed around the fat cock as she spoke.

"He already passed the appearance category, I was just testing him out in the sexual category," Venelana continued with a motherly smile, accompanied by rosy cheeks and perspiration, "You walked in just as I was assessing him."

"Uhh-huh," Rias chewed her lip with narrowed eyes. After analyzing the pair for a few more seconds, she finally released a deep sigh.

There was no point in dragging it out any longer.

"Fine," She accepted with a firm tone. She already shared Naruto with the other females in her Peerage, what's her mother? "But I'm joining in."

"I wouldn't have it any other way, Rias-chan. Naruto is more than enough for both of us," She purred while glancing out of her peripheral vision, "Aren't you, Stallion-kun?"

He proved them right minutes later.

...

SLURP~! GLURK~!

SLURP~! GLURK~!

"Hmm, that's right. Keep sucking that cock," Naruto encouraged the two kneeling beauties before him.

Rias was on his left, while Venelana was on his right. Both women had their massive tits out, massaging either side of his throbbing shaft with care.

Rias was softly suckling on his thick cock veins. Her pink tongue traced them with care, her eyes shining with lust.

Venelana slurped his cockhead, digging her tongue into his urethra. Naruto felt it wiggle around, sending shocks down to his toes.

They had decided to have fun back in their private room, the soft carpet being good for their knees. Cum stains were littered across the bedsheets from his earlier fucking of Rias.

"Suchh a juicyy *cockk~!*" Venelana let the last word pop in her mouth, batting her tongue along the glands of his tip. Her pink nipples ran up and down the veiny shaft like sharp diamonds.

"Hesh theee besth!" Rias complimented with lidded eyes, tasting her mother's dried juices. She moaned, cleaning the shaft with her eager tongue.

The mother and daughter duo were doing their best to give the 11-inch penis a nice, squeaky clean bath.

Even when it was sandwiched between their cow tits, it peeked out. The stiff rod was truly an otherworldly phenomenon.

"*I fucking love this!*" Naruto grinned mentally, massaging their respective scalps with soft movements, "Seeing them like this is making me lose control!"

Any hot-blooded male would've killed to experience something like this. Some would've given their souls just to *watch*.

Rias was a young, noble beauty who radiated an aura of confidence. Seeing her reduced to this fucked-stupid state was something that made his balls ache with desire.

Venelana, on the other hand, was a mature woman who shone with a young, doll-like appearance. Despite her age, she had no stretch marks or blemishes on her skin.

Naruto was going to ravish them both.

"Hmmp~!"

"Mhh~!"

Rias and Venelana moaned as the cock was suddenly ripped from their grasp. Strands of saliva stretched from their lips, glancing up at the man they were servicing.

They were confused. What had changed?

"Rias, get on top of your mother. I want to see your cunts next to each other."

Ah, that was his goal.

Nodding their heads, Rias and Venelana quickly obeyed his orders.

They climbed onto the bed, lying flat for the man's viewing pleasure. Tits smashed together as they held hands, keeping the other balanced.

Turning her head, Rias giggled while shaking her hips.

"Come get me...Stallion-kun."

She rather liked the new nickname her mother gave this stud. She thought of using it as her own.

Naruto grinned as saliva dripped from his shaft. He was going to give them a good fucking.

Climbing onto the bed, Rias groaned as her boyfriend prodded her cunt folds with his angry head. A second later, she shuddered into her mother's neck as he entered her pussy.

He quickly got to work.

SQUELCH~!

"It's okay, Rias-chan," Venelana comforted with a coo, "Just push your weight into my hands as Naruto-kun pounds you. Your mother is here to help."

The sounds of sharp, thundering slams rang out from behind. The redhead slurred into her the crevice of the MILF's neck.

Slapping her ass and gripping her hips, Naruto lost himself in the heiress's womanhood, "Take it, babe! Show your Mom why you earned the top spot in my harem!"

In response, she clenched her inner walls with a sharp intake of air. Her tits heaved against her Mom's, feeling the bull ream her again.

He picked up the pace, her flexing walls egging him on.

SQUELCH~!

"He's unstoppable, isn't he? It's like your mind goes blank when he's balls-deep in your womb," Venelana made casual conversation with a mischievous smirk, "I wonder if you'll get pregnant from all this unprotected sex? Are you that eager to make me a grandmother?"

"Rias-chan, *clap~*, always said, *clap~*, devils had, *clap~*, low fertility rates?" Naruto asked between wild thrusts, his blonde spike swaying in the air.

"We do, it's why we often scout for new members for our Peerages. It helps combat our low population," Venelana added as Rias squealed into her neck, "But that doesn't mean we can't get pregnant naturally. It just takes longer."

As the two continued to have a conversation, Rias lost herself in a world of pleasure. The words drowned out as visions entered her mind.

Thoughts of red-haired, whiskered-faced kids running around warmed her heart. Her dream was to carry Naruto's children one day.

She might've been too young at the moment, but it didn't hurt to dream. To wish for the day she would have a baby bump and deliver a new life into this world.

Given his libido, it likely wouldn't stop after one child either. He would knock her up as many times as her body could handle, which was a lot.

They had lucked out so far that his virile seed didn't fertilize one of her eggs, but how much longer could they continue to risk it?

Nonetheless, the dream of having her boyfriend's offspring triggered a powerful orgasm from the depths of her soul.

She snapped back into reality, hearing a loud screech in the air.

It took her another second to realize that was *her* voice.

"CUUUMMMMIIIIIIINNNNNGGG~!"

The redhead squirmed and writhed atop her mother, spraying juices on both individuals. Her body shook with orgasmic pleasure as the blonde ripped another climax out of her body.

"Fuck! Don't wanna cum just yet!" Naruto grunted with a clenched jaw. Using his willpower, the blonde pulled his battering ram out of the redhead and slammed it inside the MILF.

SQUELCH~!

Rias breathed heavily as she tried to calm down from her intense orgasm. Her body quaked with the aftershocks of the orgasm.

He still kept his hands on Rias's waist, using them as leverage to pound the mother's cunt.

"HRNG~!" Venelana grunted with puckered lips, clenching her daughter's hands. This damn breeding tool never stopped surprising her. She was starting to believe Naruto must've been part deity with his limitless stamina.

Her daughter's boyfriend reamed her mound as Rias's cunt squished atop. Femcum dripped into the thrusting pole, adding more lubrication.

"Do you...like...that?" Rias panted through breaths, sweat droplets forming on her pretty face, "How does it feel to be on the receiving end? Based on your hands, it must be pretty good if you're gripping me so tight."

She had endured taunts while getting her internal furniture rearranged. Now that the tables were turned, she was going to do the same.

"He's...OOH...GAH...ruining my pussy! Your father will never fit inside this hole again! It belongs to *mh~-ah!* S-Stallion-kun!"

"Cheating on Dad like this? With my boyfriend of all people?" Rias grinned as the loud squelching noises below turned her on, "Is he into getting cucked or something? Or is it more of an open relationship?"

Rias didn't really care for the answer; she merely felt like taunting her mother. After enduring it all day, it felt nice to dish it for once.

"He's...NNGHH...FGH!" Venelana opened her mouth to respond, but she couldn't put a string of coherent words together. The pleasure was cooking her brain and making her clit spasm.

Naruto grinned as he felt the telltale signs of the mother's rapidly approaching climax. He had grown accustomed to figuring out how her body worked.

Thankfully, he wasn't too far behind to join her.

SPURT~!

SPURT~!

SPURT~!

Both women groaned loudly as seed filled their muffs. Wombs were stretched, and inner walls were stained white by the Uzumaki.

He thrust inside Venelana, delivering rope after rope of thick cream inside her warm pussy. After filling her furnace with an adequate amount of nut, he pulled out and shoved it back inside Rias.

The redhead cooed at the sensation of being creampie'd, her kink coming out in full force. She mewled and sighed in relief atop her mother, the two covered in liters of sweat.

By the time he was finished, Naruto had just deposited bucket-sized loads in the mother-daughter duo.

They were a naughty pair to draw so much milk from the roots of his sack.

"Since you're enjoying yourself so much, Mom, why don't you try anal?" Rias purred with fluttering eyes, "I'm sure you'll love it."

"A-Anal?" She repeated with a flushed face, "I've never taken anything in my asshole."

"Wait, so your husband never claimed your dark cherry?" Naruto asked.

"No, he considered it...dirty..." She whispered like an embarrassed schoolgirl, turning her head to the side.

"Then it's all the more reason to give it up to Naruto," Rias added as she rolled off her mother, "Don't be shy, Mom. It took me a while to get used to, but now I'm Naruto-kun's biggest buttslut."

"She's right," Naruto confirmed with a hearty chuckle, "Rias loves it up the ass now."

"I...guess..." Venelana responded after a moment. She wasn't too keen on the idea, but it didn't hurt to experiment.

Right?

"Hold her legs up, Rias-chan," Naruto spoke in a firm tone.

Nodding her head, the redhead rested by the headboard of the bed and grabbed the back of her mother's heels. Pulling back, she was excited to see the puckering hole exposed to the world.

Venelana blushed brightly, feeling nervous already.

"Don't worry too much, Mom," Rias assured, "Just relax and let Naruto use your asshole as a cocksleeve. It feels better that way."

Pressing his cock against her asshole, Naruto grinned. There was enough femcum on his dick to act as lube.

Then, with tensed hips, he inserted 5 inches in one go.

SLAM~!

Venelana immediately winced, groaning from the discomfort of having her anal walls pierced. Her backdoor virginity was ultimately claimed by her muscular Stallion.

He groaned, cupping her glorious ass as he fucked her. His head was thrown back, and his muscles tensed with each second.

"Her shithole is gripping me so fucking tight! It nearly feels like she's going to cut my cock off!" Naruto moaned in pleasure, lost in his dirty thoughts, "It's even more compressed than Rias's was!"

The blonde reared his hips back before slamming back inside. He fit another 3 inches as spasming anal walls did their best to push him out.

He didn't stop there.

SLAM~!

SLAM~!

SLAM~!

The redhead smirked from above, getting lost in watching her mother's ass get pummeled.

"This...NNGH...is tough!" Venelana grimaced, gripping the bedsheets with white knuckles. She instinctively kicked her legs, but Rias's firm grip prevented her from moving on that end.

It felt more painful and sore than actual pleasure. Venelana didn't see the reason why her daughter loved this so much.

It stung in ways she'd never felt before. Her asshole was never meant to stretch this far.

Feeling a particularly hard thrust, Venelana had a sharp inhale of air.

"Urgh~! S-Shit!"

Seeing the expression on her face, Naruto comforted her with a small smile, "After a week of constant anal training, you'll come to love it. Rias was the same when she started. The pain will disappear and the pleasure will be overwhelming."

"I-It's hard to think about that *ooh~*-when it feels like I'm taking a steel pipe up my ass!" Venelana responded with huffs and puffs, her ass cheeks rippling with each thrust.

"Is the great Venelana Gremory unable to take a pounding?" Naruto taunted with a playful grin, "If you need to tap out, just say that. Rias will gladly take your spot."

He slowed down a bit, starting to feel a drain on his body from the constant sex he had that day. He wasn't empty in the tank, but he was getting close.

While his stamina seemed endless, even he had his limits.

"Yeah, Mom, just let us know," The redhead giggled while holding her legs, "I wouldn't mind taking your spot. Maybe you'll even learn a few things from me!"

"S-Switch spots? With me? Ha!" Venelana scoffed, loosening her ass to better accommodate the invading shaft, "I'm perfectly fine! In fact..."

She glanced up at Naruto's face, feeling him slowing down. She bunched up the sheets as she spoke, taunting him in a seductive tone.

"Is that the best you got, Stallion-kun?"

The color immediately drained from Rias's face. She knew better than to taunt a man who was known for his sex drive.

Even on her best day, she didn't come close to completely emptying his balls. And now, her mother had to poke the sleeping bear.

She was going to unleash something they both couldn't handle.

"N-Naruto-kun! W-Wait!" Rias begged while holding her mother's legs, watching the expression on his face shift. "She didn't mean it!"

The plea fell on deaf ears.

"You wanna challenge me? Fine!" He grinned, putting his fingers into a 'cross' pattern, "Don't back down now!"

Rias knew it was over in that moment.

Her mother had awakened the sleeping, sex-fueled beast.

"Kage Bunshin no Jutsu!"

Numerous clouds of smoke filled the room. Once it settled, the mother-daughter duo saw various clones of their lover in the room.

All of them were naked, slinging 11-inch pricks from their waist.

Rias swallowed the wad of spit in her throat. Her mother did the unthinkable.

She made him bring out the shadow clones. Last time this happened, he put her entire Peerage into a sex coma for a day.

This was going to be intense.

Blinking rapidly, Venelana scanned the room, "I may...have made a mistake."

Unfortunately for the duo, they now had a small army of Naruto's to deal with.

Rias was grabbed first, taken away by a trio of clones. Her body was lifted into the air, her legs spread by the clone behind her.

Without warning, two shafts pierced her pussy and ass at the same time. Her nerves went haywire as she curled her toes mid-air. Her tits were mauled by one clone while the other sucked the back of her neck in hopes of leaving hickeys.

"Fuck, urgh! Keep that ass tight around my cock!"

"Your pussy is the best, Rias-chan!"

"MMN~! OHGG~!"

They devoured her body, allowed their lust to run rampant.

The main Naruto looked on with a perverse grin, rolling Venelana onto her hands and knees. Slapping her rump, he spoke, "While they have their fun, let's have ours. I'm still not done with that ass."

Before she could ask what he meant, Venelana felt her hair get pulled by a clone. He jerked her head, glancing down with a cocky smirk.

Then, he slammed his cock inside her throat.

GLURK~!

Another pair of clones approached from the sides, grabbing her hands. The MILF began giving the massive shaft a handjob with each palm, jerking and twisting the foreskin.

"Don't fucking stop jerking me off, you fucking slut!" One clone groaned out, massaging one of her cow tits in the process.

"Hey, don't hog her attention! I'm trying to get a sloppy deepthroat!" The clone down her throat complained. With her brown locks in hand, he bobbed her head down his shaft.

Her nose tickled the edge of his base, her chin resting against his sack. Moaning at the warm sensation, he continued to skullfuck the MILF with reckless abandon.

The real Naruto enjoyed her asshole for everything it was worth. He pulled on her birth-giving hips, grunting as the anal walls squeezed down his shaft.

He pounded and bucked, clapping his nuts against her leaking pussy.

Venelana groaned as her body was used as a cocksleeve by all the clones. If she thought the sex was intense before, it was at another level now.

The shaft prying open her gut throbbed violently. His musky scent filled her nostrils, throat slop coating the prick. A nice, pleasurable ache was felt every time her hair was pulled.

At the same time, she kept her hands busy. Her hand was too small to wrap around the cock, but it didn't dampen her enthusiasm. Regal palms continued to satisfy the men who lusted after her body.

Then came the main Naruto. The one pounding her ass and groaning from behind.

She leaned her hips back to match his thrusts, rippling ass meat being a sign of his momentum.

He felt so fucking **deep**.

She still wasn't used to anal, to having the battering ram gape her shit pipe was causing small pains. However, the pain was slowly turning into pleasure as the minutes ticked by.

"S-Shit! I'm gonna cum! Swallow it all!"

"Stroke me as I nut on your face!"

"Your ass, *slap~*, is gonna, *slap~*, get filled!"

Nipples were pulled.

Words were exchanged.

And sanity left her mind as she continued to drown in this man's presence.

Her eyes glossed over as she was used like this cum rag. A sex toy that only lived to serve this man's dirty desires.

She came, squealing around the cock in her throat. The vibration made the clone groan, finally releasing his first load of the night.

"MMMMMMPPPPPHHHHHH~!"

The two other clones were happy to join, spraying thick jets of cream onto her face and hair.

The main Naruto slammed himself balls-deep, roaring as her ass took every drop of spunk without issue.

They didn't spare her a second, already shifting positions to get another angle.

Rias heard her mother's loud groans, barely hanging onto her last strand of sanity. It was tough taking the thrusting shafts in both holes. Their tips nearly met inside her guts as they reamed her body.

Her soft insides were stretched to their limit. The double penetration already milked a few orgasms out of her body, but it seemed she was on the verge of another one.

She knew this wasn't going to be the last of it. Once they climaxed and creampie'd her holes, they would just change positions.

Naruto rarely summoned his clones in a one-on-one rutting session. But when he did, he didn't stop until his woman was left gurgling and fucked stupid.

Her world was shifting as her clit spasmed, her G-spot twitched, and her womb cooed. Her body was craving for this man to stretch her all night.

Squealing loudly, Rias gripped her tits as she came from the constant pounding.

"KOOOOOOUUUUUUUHHHHHHHHHH~!"

Similar to her mother's climax, Rias sprayed a series of clear fluid against the clone's abs. His shaft was coated in her slimy femcum

"Fuck! Urgh! I'm gonna fill her baby oven!" The clone reaming her gushing pussy shouted, sucking her right tit.

"Me too! I'm gonna fill her ass!" The other clone responded, gnashing his teeth while throwing his head back.

They picked up the pace in a desperate attempt to get as many thrusts as possible. Sweaty nuts clapped against Rias's soft skin, pounding with a soft 'thwack.'

They didn't stop fucking her through her orgasm. In fact, they seemed to enjoy making her face contort into extreme pleasure.

They grunted.

They moaned.

They reamed.

They **roared**.

SPURT~!

SPURT~!

SPURT~!

Rias gurgled as her legs shook sporadically, getting filled like a balloon. Her creampie kink amplified the sensation tenfold, making her have a mini-orgasm.

There was no rest, even after filling the redhead with thick sludge. As soon as they wrung every drop of ballsnot, they quickly adjusted the woman once more.

Both women changed positions all night.

This time, Rias was on her knees and blowing a clone. The sloppy blowjob was accompanied by another clone fucking her from behind.

Venelana had her sweaty armpits licked by two clones as the main one held her calves up, fucking her womb.

Rias's hair was used as a masturbation tool, making five clones groan in satisfaction as they sprayed seed on the red strands.

Venelana lay on her back and sucked a clone's musky sack. All the while, another clone was giving himself a boobjob with her magnificent tits.

Rias creamed with leg-shaking orgasms.

Venelana squealed while spraying gallons of femcum.

Rias was *ravished*.

Venelana was *ruined*.

Hours went by as the trio engaged in nonstop sex. They were sweaty, sore, and covered in fluids.

Currently, the pair were once again giving Naruto a double blowjob, massaging their tits against each other. Their eyes were shining with lust and devotion as they served the blonde hunk.

Taking a quick break from lapping the underside of his cock, Venelana purred while looking over to her daughter, who was sucking the cockhead.

"I must say, Rias-chan, you made a great choice in choosing Naruto as your boyfriend. Hopefully, you two will wed. He'll be the perfect husband."

Rias responded a few moments later, enjoying the thick pre-cum sliding down her throat. She released the appendage with a wet 'pop.'

"It's too early to be impressed, Mother. It's only the first day of our week-long vacation. You still have plenty of time to see what Naruto can do."

"Ladies, let's get back on task," Naruto corrected with a soft, firm tone.

"Yesh, Sthallion-kun~!" Venelana giggled, sticking out her tongue and running it up the fat sack.

Rias responded with a sultry smile, going back to her earlier movements. Their pink tongues lathered the shaft like it was the sweetest lollipop.

They worked hard for the cream they had grown addicted to. And it was only the first night of the vacation!

Much more fun was in store.
