ABSOLUTELY NO TRACING! You will be banned from the MAP if you are caught doing this

Stay on topic. This is Pietro and Wanda MAP. I don't wanna see MLP characters or anything like that

4 parts per person

You will have 2 months to get your part done. I would like to see a WIP of your part in at least a month. If needed, I will give you a 2 week extension

No green screen please. It's a bit hard to work with

This is a PMV/AMV MAP, so I don't mind which one you use

Please follow the designs shown in the video. Don't use the regular versions of the characters during the chorus of the song, and don't use the silhouette versions during the other parts

No lyrics

No channel watermarks (program watermarks are fine)

Please use the appropriate designs for Pietro and Wanda. I get Ghostfern's designs are popular, but I want to use my designs for something

This is a CATIFIED Pietro and Wanda MAP. No humans or dogs or foxes or anything

Please add cut offs before and after your part. It makes it easier for me to edit

The code is: LPS has an unhealthy obsession with the Maximoff Twins
