GENERAL INFO:

Payment

Artists may use the stage and sound system to perform, however our budget is tight but flexible if you can bring a good sized crowd in.

Covers and Ticketing are certainly on the table! Just let us know what you're thinking.

If you are planning on doing a cover, 100% of that cover goes to you. Though you need to provide your own door person, if you need us to provide one we will have to bill you for that at an hourly rate. Generally people charge between \$5 and \$10.

If we don't have bar sales, we cannot pay for your performance, but happy to have you in our space.

We encourage you to have a Tip Jar/Venmo or similar account so people can tip!

At around 30 - 40 people and sales are good we can tip you out accordingly.

If you can bring 40+ people we can definitely pay out based on sales and/or cover charges.

Band Members Discount: 20% off drinks all night

Total Set Times

Can be anywhere from an hour to 6 hours depending on your style.

Ideally performers set up between half an hour and an hour before a set, if you need more time please directly contact us in advance.

LOCATION INFO:

Capacity: 75

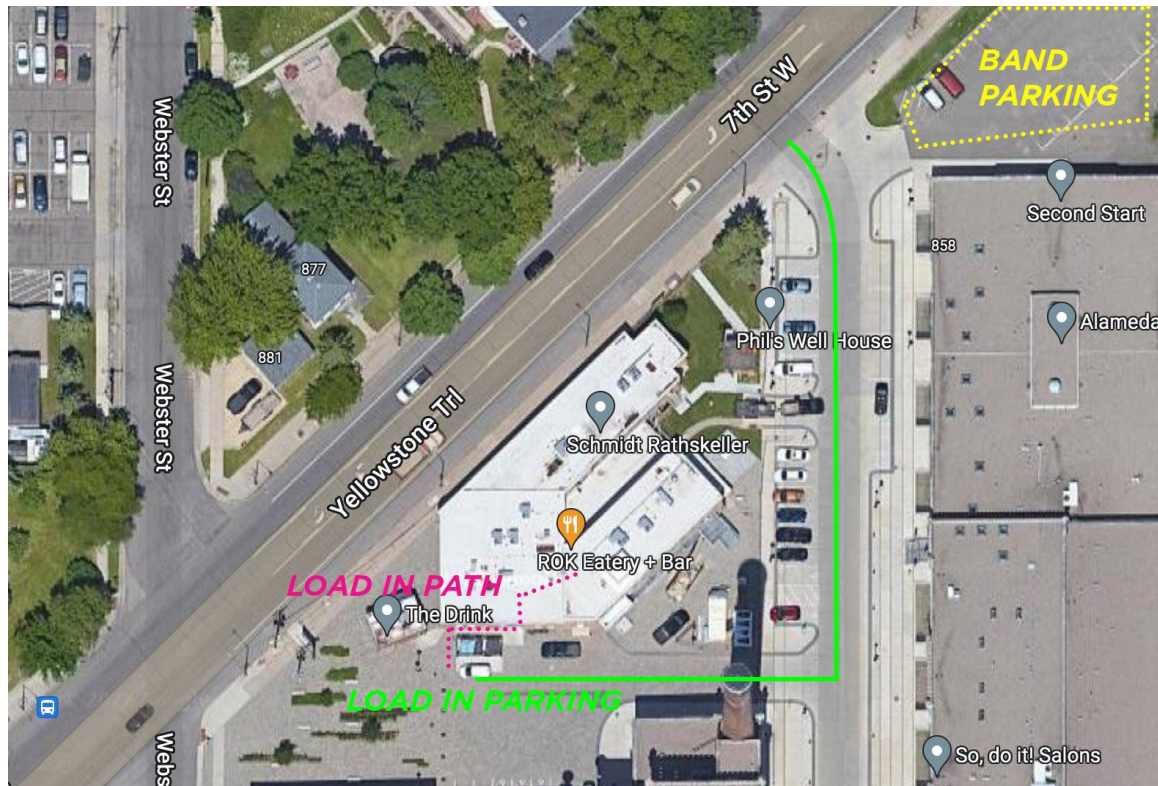

Hours: 6pm to 1am Wednesday through Saturday

18 Person Bar features a wide selection of Spirits, Craft Cocktails, Wine, Local Beer, and NA Options.

Patio is available to drink on if people would like to take a break from the show.

We do not have much space to spare for a green room area, but you are welcome to store your personal items in our unlocked backroom along with equipment bags.

A load-in ramp is available on the south side of the 882 building behind the wooded off trash/recycling area. If back doors are locked either call Travis or come inside and someone will be able to prop the door open for you.

EQUIPMENT INFO:

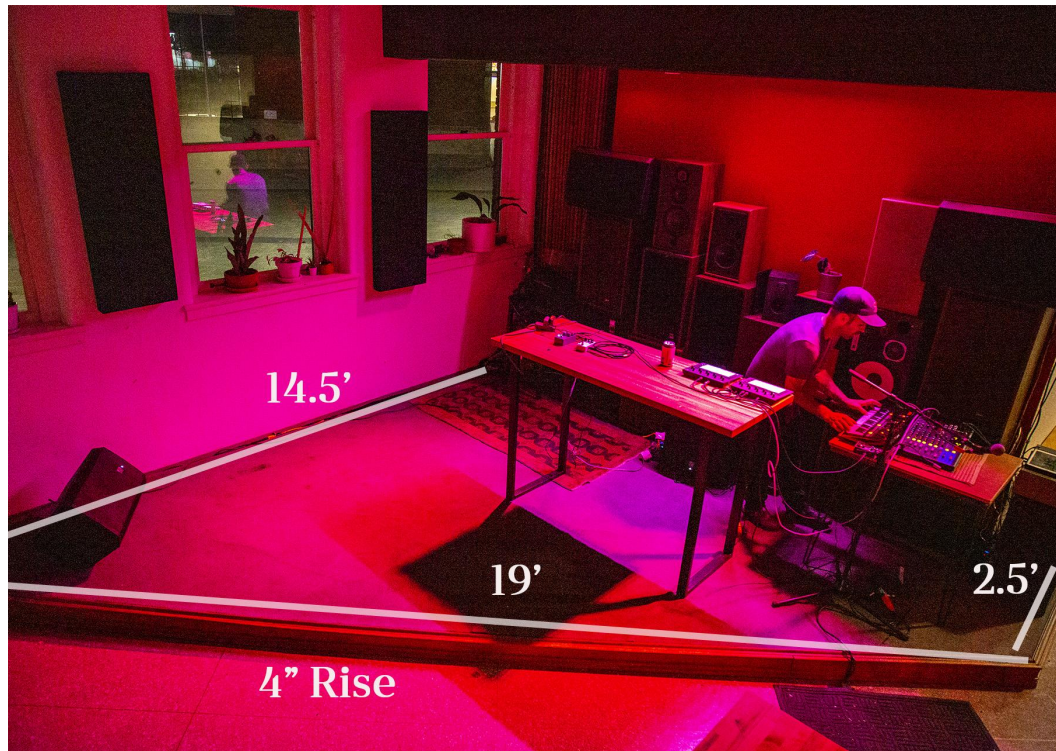

ROK has available several pieces of equipment, please notify us what equipment you need from our set up for your show.
