# Lincoln Southeast High School

Registration Supplement 2026-2027

#### Dear Student and Parent:

This Registration Supplement was developed to assist with course selection. It provides an overview of the instructional program at Lincoln Southeast. As you plan, remember that LSE is a comprehensive high school with many choices. No one course of study is best for all students. Your own abilities, interests, and goals are important factors to consider when determining course selections.

When planning, avoid hasty decisions. Discuss your views with parents, teachers, and friends. LSE counselors have additional information and help if you need it. Spending extra time on this initial process may help you avoid problems later.

Lincoln Southeast is an amazing school with an excellent curriculum and very dedicated staff. Many co-curricular activities exist to make student learning more exciting and productive. Experience has shown us that greater benefits come to those who plan carefully and participate fully. Please contact us if we can help you with these important decisions.

Sincerely,

#### Mr. Tanner Penrod Principal

#### **ADMINISTRATION**

Mr. Tanner Penrod	Principal
Mr. Robert Baltensperger	Associate PrincipalA-Cos
Ms. Crystal Folden	Associate PrincipalSf-Z
Mr. Jeremy Sevick	Associate PrincipalMj-Se

### **GENERAL REGISTRATION INFORMATION**

#### You should:

- 1. Remember that Lincoln Southeast is a comprehensive high school with many possible choice patterns. No single pattern of subject choices is best for all students. Your abilities, interests and educational-vocational goals are important factors to consider when determining elective subject choices.
- 2. Know that all courses and vocational opportunities at Lincoln Southeast are offered without regard to race, ethnicity, national origin, sex or ableness.
- 3. Review carefully the material contained in this publication and the LPS course description publication. Your counselor will help you if you need more information regarding courses at Southeast.
- 4. Discuss your classes for next year with parents, teachers and your counselor. Avoid hasty decisions. Your counselor will help you with questions that concern your abilities, achievements, interests and vocational possibilities.
- Balance your classes over your high school years. Do NOT plan too heavy a load the first years with the idea of a light senior year. Our graduates who become college freshmen often express regret for not taking a heavier load their senior year to better prepare them for the challenge of a college schedule.
- 6. Select courses that are applicable to the graduation requirements, are consistent with past achievements and are compatible with your education and career plans. You should endeavor to make choices that expand rather than limit future opportunities/options.

#### The following items may also be helpful:

- 1. **Normal Class Load** The minimum class load is six classes (30 hours) per semester; the maximum class load is eight (40 hours). The typical class load is six or seven classes (30-35 hours). Because the graduation requirements prescribe a minimum of 245 credit hours, it is important that you register for the correct number of courses each semester. If you are in doubt and have questions about the number of classes you should take, your school counselor can advise you.
- 2. **Electives** It is through the wise selection of elective courses that students are able to personalize their educational plan. Elective courses should be perceived as opportunities for: 1) Adding depth/breadth to an intended area of specialization, 2) Expanding existing interests and discovering new ones, and 3) Providing diversity/change of pace that can refresh and invigorate.
- 3. **College Preparatory Courses** Students should consider the admissions requirements for the colleges/universities in which they are interested before registering for their high school courses. Your counselor has information about many post high school institutions.
- 4. **Instrumental Music** Auditions with an LSE Instrumental Music teacher are a prerequisite for participation in Wind Ensemble and Jazz Band I. Winds and percussion students for orchestra are selected from Wind Ensemble. Music Department staff will arrange auditions for eighth grade students with middle school instrumental music teachers. An audition is not required for Marching Band.
- 5. **Athletic Program** Prospective student-athletes who may be potential candidates for an athletic scholarship at a Division I or II NCAA member institution should be aware of the specific "core curriculum" requirements for athletic participation and scholarships. This information is available in the LSE Counseling Center or online at the NCAA Eligibility Center at www.eligibilitycenter.org.

# **GRADUATION REQUIREMENTS**

Graduation from Lincoln Public Schools will require the accumulation of 245 credit hours in grades 9-12, subject to the following per <u>Board Policy 6222</u>:

Within the 245 credit expectation for graduation from high school (grades 9-12), certain areas of study totaling 185 credit hours will be required of students. The credits listed are to be earned by taking courses.

Graduation Requirement Area	Credits	Courses and Special Conditions
Career and Technical Education (CTE)	20.0	Including at least 5 credit hours in CTE (Business, family and consumer sciences, skilled and technical sciences) and
Fine Arts		Including at least 5 credit hours in Fine Arts (Dance, dramatic arts, music, and visual arts)
Career and Educational Planning /Personal Finance	5.0	Take Charge
Economics	5.0	
English	40.0	Including 5 credit hours in Oral Communication
Human Behavior	5.0	
Mathematics	30.0	Including Algebra and Geometry
Physical Education	10.0	
Health	5.0	
Science	30.0	Including 5 credit hours each of life, physical (physics and chemistry), and earth science
Social Studies	5.0 5.0 5.0 5.0 10.0	Civics Geography Government and Politics World History U.S. History
Technology for up to Class of 2027	5.0	
Technology and Computer Science for Class of 2028 and beyond		

In addition to accumulating the required number of credit hours, students will also be required to demonstrate that they have necessary reading and writing skills. Demonstrations and standards for successful completion of these skill areas will be developed. Per LPS Board Policy, demonstrations may be completed in a particular class and/or independent of a class.

Notes:

- A. Course of study statements for graduation requirements can be found in the LPS Online Course Guide.
- B. In addition to accumulating the required number of credit hours, students will also be required to demonstrate that they have necessary reading and writing skills. Demonstrations and standards for successful completion of these skill areas will be developed. Demonstrations may be completed in a particular class and/or independent of a class, depending upon how the demonstration is developed. Demonstrations will not grant credit.
- C. University-bound students having a verified handicapping condition and receiving special instructional services in secondary school would be expected to meet LSE diploma requirements and university-wide admission requirements. However, their four-year plan might be modified by their Individual Education Plan (IEP), and some course titles may vary.

Students are encouraged to work closely with their counselor to develop a four-year plan that is specific to their individual needs and post-high school goals.

<sup>&</sup>lt;sup>1</sup> = LPS graduation requirements

<sup>&</sup>lt;sup>2</sup> = Choices, not periods. The computer will designate the actual period during which a choice will be scheduled. Students who choose a "pass period" will not have a class scheduled during that period unless absolutely necessary to complete the student's schedule.

<sup>&</sup>lt;sup>3</sup>= UNL-bound students must complete 2 years of World Language in High School to meet assured admission requirements.

<sup>&</sup>lt;sup>4</sup> = To meet UNL entrance requirements, students must complete one year-long World and/or U.S. History course

<sup>&</sup>lt;sup>5</sup>= Counts as one semester of English towards LPS English requirements and UNL entrance requirements

<sup>&</sup>lt;sup>6</sup> = UNL-bound students must choose a 4<sup>th</sup> year of math that builds on advanced algebra. Those choosing UNK, UNO, or UNMC may choose a unit from any academic area: English, math, science, social studies, world language.

### **ACADEMIC HONORS**

#### **Grade Point Average**

In all cases of academic recognition, a student's grade point average (GPA) is of fundamental importance. GPA is the sole criterion in all cases except National Honor Society. Induction into the National Honor Society considers scholarship, character, leadership, and service.

#### **Honor Roll**

Honor roll academic recognition will occur at the end of each semester. Four categories of academic achievement will be recognized on honor roll:

- Honor Roll (H): Students with a 3.5 or higher weighted GPA on the previous semester's course work, including at least 25 graded credits (not including S/U).
- Honor Roll with Distinction (H+): Students with weighted GPA of 3.750 to 3.999 on a 4.00 weighted scale.
- Honor Roll with High Distinction (H++): Students with weighted GPA of 4.000 to 4.249 on a 4.00 weighted scale.
- Honor Roll with Highest Distinction (H+++): Students with weighted GPA of 4.250 and above on a 4.00 weighted scale.

#### **Academic Letters & Pins**

Students in grades 9-12 are eligible for a Lincoln Southeast Academic Letter when they have earned a 4.0 GPA or above on a weighted grade point scale for 2 consecutive semesters in 25 credit hours of graded course work each semester. Students who earn a 4.0 GPA or above on a weighted grade point scale in two additional consecutive semesters will earn an Academic Pin. Note: courses taken pass/fail do not apply towards an Academic Letter or Pins. A student will not earn an Academic Letter or Pin if a grade of "F" or "U" is received in any class.

#### 4.0+ Award

Students must maintain a cumulative weighted GPA of 4.0 or higher for the semester.

#### **National Honor Society**

National Honor Society standards require that students qualify on the basis of scholarship, character, service, and leadership. The NHS requirements include:

- Scholarship (cumulative weighted GPA of 3.6 or above; maintained throughout NHS membership)
- Service (5 hours of volunteer service and service or community work once member is established)
- Leadership/Participation (minimum of three clubs, athletics or activities during high school; resume)
- Character (one-page typed essav)
- Additional requirements (NHS application, membership dues (\$10), mandatory membership meetings, participation in Induction Ceremony)

Membership is determined by the LSE Faculty Council after receipt and review of a completed application by the eligible student.

### **Academic Honors (continued)**

#### **Academic Wall of Honor**

In order to qualify for the Wall of Honor, a graduating senior must have earned a 4.0 or higher weighted GPA each semester based on 25+ graded credit hours each semester, all 8 semesters of their high school tenure (grades 9-12) at Lincoln Southeast High School. (Special circumstances will be reviewed by the Faculty Council.) Note: Mid-term graduates are not eligible. Students earning this award will be featured with an individual picture and name plaque in a framed display in the Commons.

#### **Graduation Honors**

Effective for the class of 2021, the Laude Latin model will be used to recognize academic excellence at the conclusion of a student's high school career. Students will work to compete against the criterion for academic honors – rather than other students. Graduation honors will be determined following the second to last quarter of high school, and the student is required to graduate by the end of the next quarter. The following three levels of academic honors will be used:

- Summa Cum Laude "with highest distinction": Students with cumulative GPA of 4.250 and above on a 4.00 weighted scale.
- Magna Cum Laude "with great distinction": Students with cumulative GPA of 4.000 to 4.249 on a 4.00 weighted scale.
- Cum Laude "with distinction": Students with cumulative GPA of 3.750 to 3.999 on a 4.00 weighted scale.

### **COURSES WITH WEIGHTED GRADES**

A limited number of classes in the Lincoln Public Schools curriculum provide for weighted grades. In these courses, only a grade of "C" and above is weighted.

#### **Points for 5 Hour Courses**

Grade	Regular Points	Weighted Points
A	4.0	5.0
B+	3.5	4.5
В	3.0	4.0
C+	2.5	3.5
С	2.0	3.0
D+	1.5	1.5
D	1.0	1.0
F	0	0

The grade point average on a student's transcript will carry both a "regular" GPA and a "weighted" GPA. The following courses carry weighted grades and are offered at Lincoln Southeast High School:

# NEBRASKA COLLEGE / UNIVERSITY ADMISSION REQUIREMENTS

Nebraska system admissions requirements are similar to most four-year colleges in the U.S. If you have a particular college in mind it is wise to consult their catalog or admissions department.

Bellevue University Midland University, Fremont

Bryan College of Health Sciences, Lincoln Myotherapy Institute, Lincoln

<u>Capitol Beauty School, Omaha</u>
<u>National American University – Bellevue</u>

<u>Central Community College – Columbus</u>
<u>Nebraska College of Technical Agriculture, Curtis</u>

Central Community College - Grand Island Nebraska Indian Community College, Macy

<u>Central Community College – Hastings</u>
<u>Nebraska Methodist College of Nursing & Allied Health,</u>

<u>Omaha</u>

Nebraska Wesleyan University, Lincoln CHI Health School of Radiologic Technology, Omaha

Northeast Community College, Norfolk
Clarkson College, Omaha

Peru State College
College of Hair Design – Downtown, Lincoln

Chadron State College

College of Saint Mary, Omaha

Creighton University, Omaha

**Hastings College** 

College of Hair Design - East Campus, Lincoln

Entourage Institute of Beauty & Esthetics, Lincoln

Joseph's College Cosmetology, Lincoln / Grand Island /

Concordia University-Nebraska, Seward

Purdue University Global - Omaha Campus

Southeast Community College Area, Lincoln

Summit Christian College, Gering

Union College, Lincoln

<u>Universal College of Healing Arts, Omaha</u>

<u>University of Nebraska at Kearney</u> Doane University, Crete

University of Nebraska at Omaha

University of Nebraska Medical Center

Kearney / Norfolk University of Nebraska-Lincoln

Little Priest Tribal College, Winnegabo Wayne State College

Metropolitan Community College Area, Omaha Western Nebraska Community College, Scottsbluff

Mid-Plains Community College, North Platte Xenon International Academy - Omaha

Mid-Plains Community College – McCook, McCook York University

# NCAA / NAIA Academic Eligibility

Student-athletes planning on participating at the collegiate level will want to become familiar with the NCAA and the NAIA Eligibility Center's requirements. Students are encouraged to work with their parents, coaches, and counselor to assure NCAA and NAIA eligibility. If you have additional questions, please contact the LSE Counseling Center or Athletic Office.

# Academic Standards for Initial-Eligibility

#### NCAA ELIGIBILITY CENTER

#### The National Collegiate Athletic Association

700 W. Washington Street P.O. Box 7110 Indianapolis, Indiana 46206-6222 Phone: 317-917-6222

Fax: 317-917-6888

# **NAIA Freshmen Initial Eligibility**

#### NAIA ELIGIBILITY CENTER

NAIA NATIONAL OFFICE 120 W. 12th Street, Suite 700 Kansas City, Mo. 64105

Phone: 816.595.8000

Legislative/Rules Hotline: 816.595.8180

### **DUAL CREDIT OFF CAMPUS OPPORTUNITIES**

These courses are taught by college instructors online or on the college campus and not at Southeast High School. Check with your school counselor regarding LPS credit through the options below. Always talk with your LSE school counselor prior to enrolling for any of these off-campus options. This is especially important if you need the high school credits to meet requirements for LPS graduation, athletic eligibility, or academic honors.

#### Nebraska Now

A program offered through the University of Nebraska – Lincoln that provides students with the opportunity to take a college class on campus at UNL. Enrollment and registration is completed online; prerequisites may be required. Learn more and see current course offerings by visiting the <a href="Nebraska">Nebraska</a> Now website.

### **Dual Credit Advantage (DC Advantage-Online)**

SCC Dual Credit Advantage program offers a variety of courses that meet many general education requirements in a flexible online format. Learn more by visiting the SCC DC Advantage website.

### **Attend The Career Academy (TCA)**

TCA is a joint venture between LPS and SCC where students participate in hands-on experiences while earning dual credit in one of 12 pathways. Students spend part of their day at their home high school, but also have classes off campus at TCA. Since this is an LPS program, all courses taken at TCA are pre-approved dual credit classes. Learn more by visiting The Career Academy Website.

#### For more information on concurrent/dual credit courses contact:

James Blake, Curriculum, Instruction and Assessment Specialist at LPSDO, jblake@lps.org

# **BUSINESS**

The Business programs are an integral part of a comprehensive secondary school curriculum. They are designed to encompass life application skills; basic business, economic and business administration education; college preparation; and preparation for employment. Course offerings focus on instruction in economic education, current initial job preparation, communication, and continuing education.

# **ELEARNING**

Elearning is a computer-based, online learning system linking educators with progressive technology and proven teaching methods. Lincoln Public Schools work with Apex Learning to provide online instruction for our students. Apex Learning puts rigorous, standard based curriculum within reach for students-from those struggling to those capable of acceleration-to prepare them for the next course and the next stage in their education, work and life. Apex offers original credit, credit recovery, and skill remediation. The classes are designed to allow students to work at their own pace to complete high school graduation requirements on the computer. Even though this is an online program, students are required to attend & work in the lab during their assigned class time throughout the semester. Students MUST complete all lessons, quizzes, and tests in order to get credit for eLearning. Each eLearning class is designed to match the Lincoln Public Schools learning standards and meet graduation requirements in a number of areas. ELearning courses include some in the areas of Career and Technical Education (CTE), English, Fine/Applied Arts, Health, Human Behavior, Information Technology, Math, Science, and Social Studies. Each class covers the same material learned in the traditional classroom. The only difference is the students teach themselves. Elearning is NOT a study hall, and students wishing to enter eLearning should know this. Students interested in eLearning classes should contact their counselor. Space is limited. If you're considering NCAA Athletics, contact your counselor to verify that the course is approved by the NCAA.

# **FAMILY & CONSUMER SCIENCES**

Family and Consumer Sciences department offers a variety of classes that encourage students to begin to solve critical life problems through practical experiences and hands-on activities. Students can choose activities that will help them learn to interact effectively with others in the classroom as well as in the community.

# **MATHEMATICS**

(See the flow chart at the end of the Mathematics section for the progression of math classes to follow.)

Since mathematics is the study of highly sequential topics, students should look closely at their achievement in previous mathematics courses and their future academic plans before selecting math courses. Successful completion of Advanced Algebra is the minimum entrance requirement for most colleges. Some colleges (including UNL) require the completion of a year beyond Advanced Algebra in order to enter without a deficiency. Most two-year and technical

schools require completion of Advanced Algebra to enter without a deficiency.

<sup>^</sup> All vocal groups, chorus, wind ensemble, marching band, and orchestra wear special clothing. For a student of families with limited incomes, there is a LPS Activities Assistance Program to help finance this purchase. See the Music Department staff or ask in the LSE Main Office for further information. This process is confidential.

Performances for all vocal and instrumental music groups listed above are mandatory for participating students!

# **PHYSICAL EDUCATION & HEALTH**

All Physical Education classes are co-educational. Physical Education 9 is a semester course that is designed for freshmen.

Students registering for Physical Education classes should understand that they are expected to dress-out and participate in the daily activities. There will be no exceptions. Students must have a written memo from their doctor or a written note from parent/guardian to be excused from participation in class activity.

# **SCIENCE**

Students are required to complete 30 credits in science for high school graduation. Of these 30 credits, 5 each must be selected from the areas of life, earth and physical sciences. The typical pre-college selection of biology, chemistry, and physics provide a foundation for all science and technological fields. A variety of elective courses allow students to gain

additional knowledge in areas of interest.

#### **LSE Science Information**

Science Course Sequences at Lincoln Southeast High School

Lincoln Public Schools offers a variety of both core and elective courses in science. These courses serve to fulfill graduation requirements, engage students in curiosities about the natural world, and prepare students for careers and college. There are three common pathways: On grade-level, Honors (increased rigor), and Accelerated Honors (highest rigor). However, just because an honors course is chosen for one course, does not mean one must stay in the honors pathway. It is recognized that different disciplines in science are of more interest to some students, but not all students. This means that if a student starts in Differentiated Physical Science, they have the option of taking Differentiated Biology or On-track Biology, and vice versa.

More information can be found HERE.

# **SKILLED & TECHNICAL SCIENCES**

A majority of Skilled & Technical Sciences education classes are hands-on style classes with limited homework. Students should plan course selections prior to or early in the sophomore year to take advantage of a full sequence of offerings.

# **WORLD LANGUAGES**

World languages offered at LSE focus on listening, speaking, writing and reading skills. The study of grammar, vocabulary acquisition and presentation of cultural information are also integral parts of world language learning. The study of world language provides background for college, career and travel. Some colleges have a world language entrance requirement and/or graduation requirement; the amount of language credit needed for graduation from college is directly related to the level of proficiency attained in high school. Successful completion of the fourth year of world language in high school may allow a student to waive world language requirements for entrance to and/or graduation from some colleges.

### **LSE ATHLETICS**

Lincoln Southeast offers competitive athletic opportunities through multiple different sports under the guidelines of the Nebraska School Activities Association and the Lincoln Public Schools. Many sports offer two or more levels of competition.

The LSE Athletic Packet is done online and consists of the following five forms. These are required to be on file in the Athletic Office before the athlete may check out equipment or participate in any tryouts/practice sessions.

- 1. Parent Consent Form
- 2. Physical Examination Form
- 3. Code of Conduct Form
- 4. Emergency Information Form
- 5. Tryout Understanding Form

These forms can be completed online at <a href="https://home.lps.org/athletics/packet/">https://home.lps.org/athletics/packet/</a>. These forms must be completed each year. Forms only need to be completed and turned in once for the entire school year.

The starting and ending dates for each sport can be found <u>HERE</u>.
