Setting Up Your Picasa Web Album

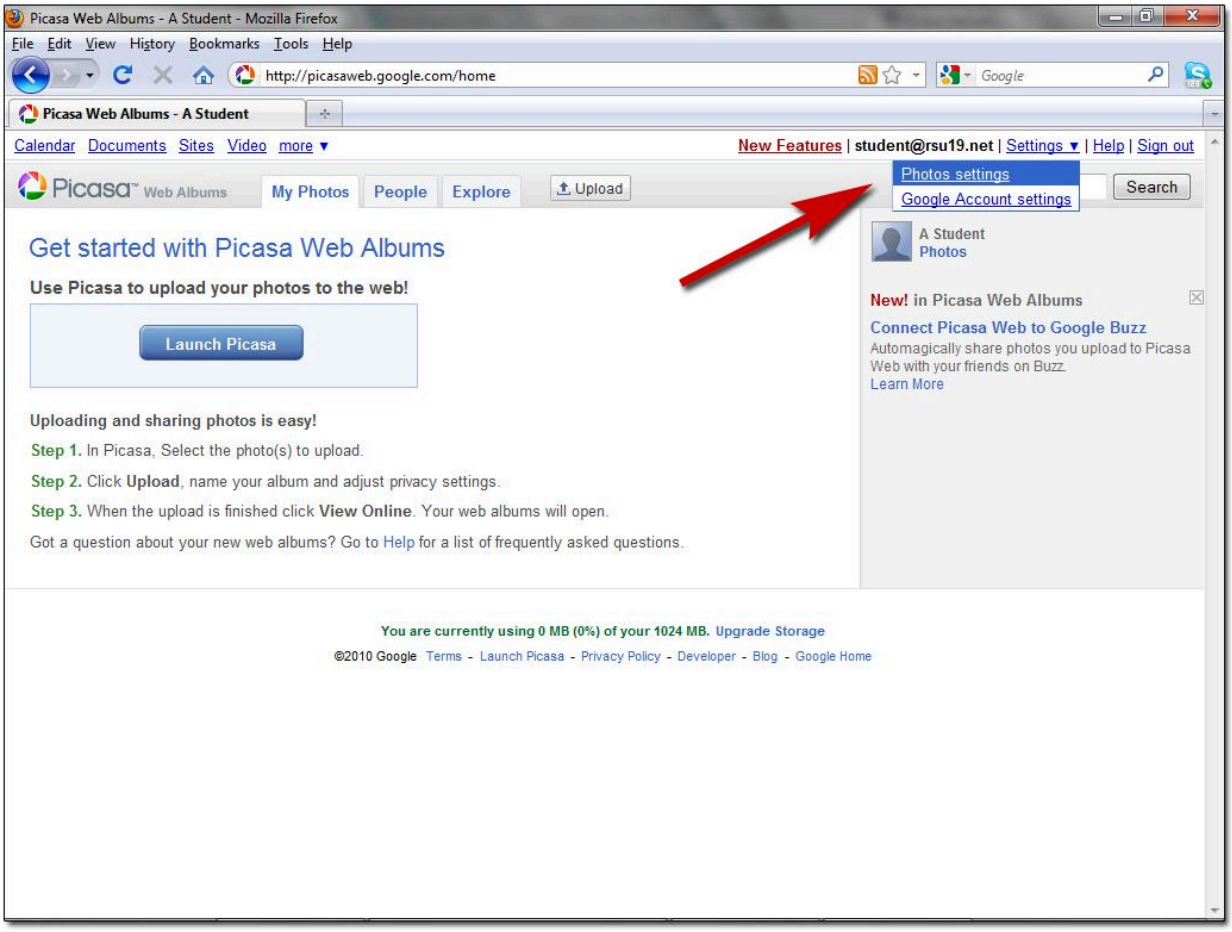

Log into your account and go to picasaweb.google.com

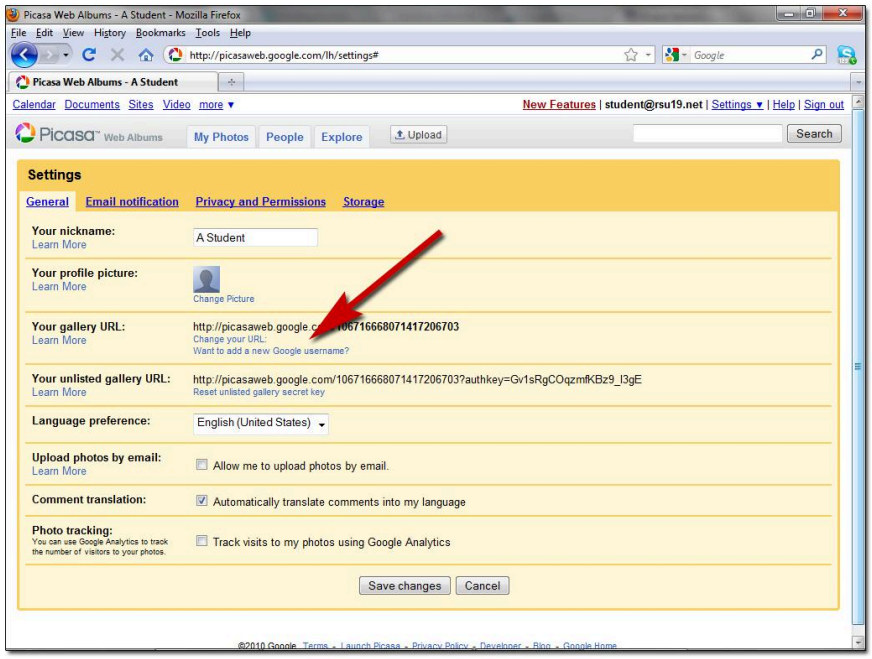

Click on Create Profile and get started with Picasa.

In the upper right corner click, Settings and Photo Settings.

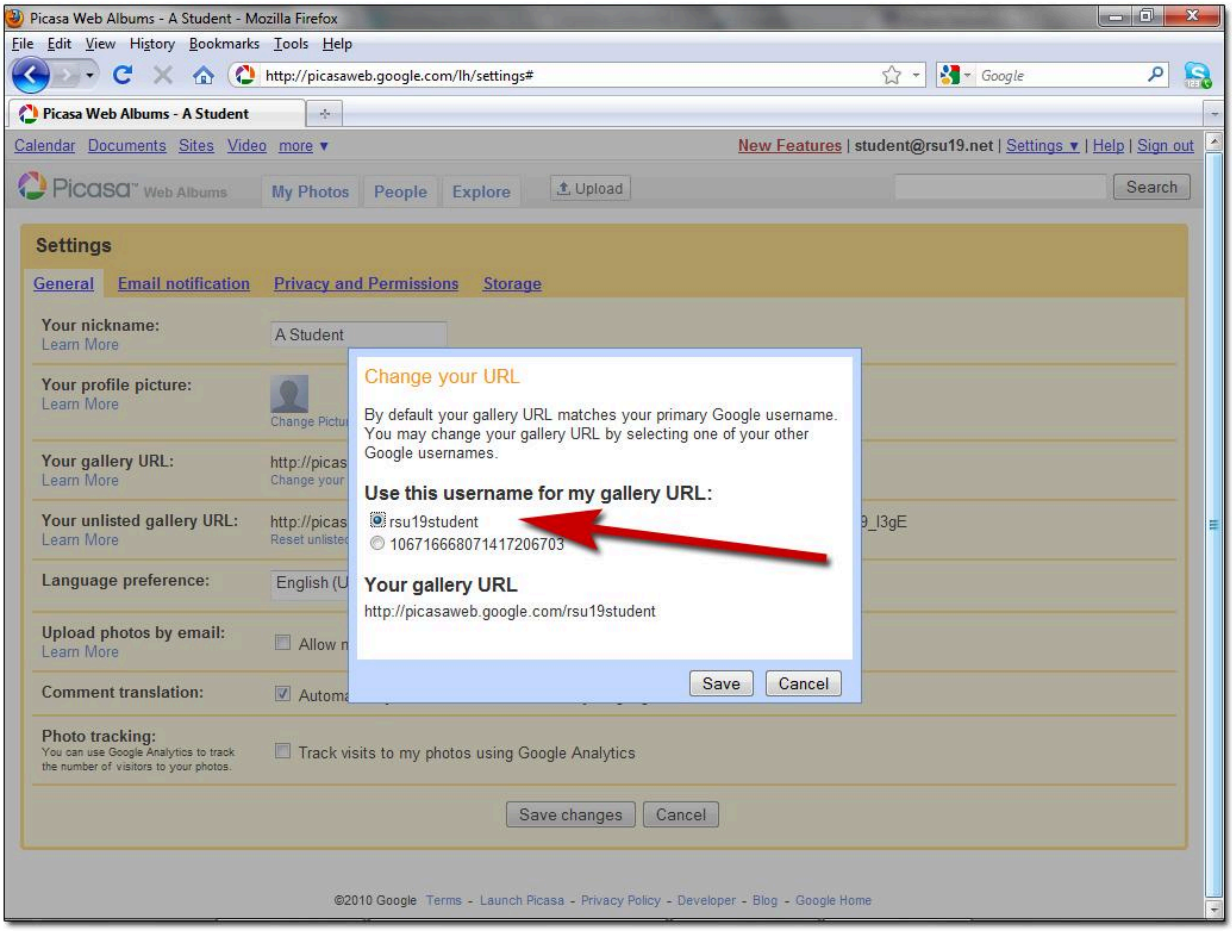

Click on Want to add a Google Username.

Add your  full

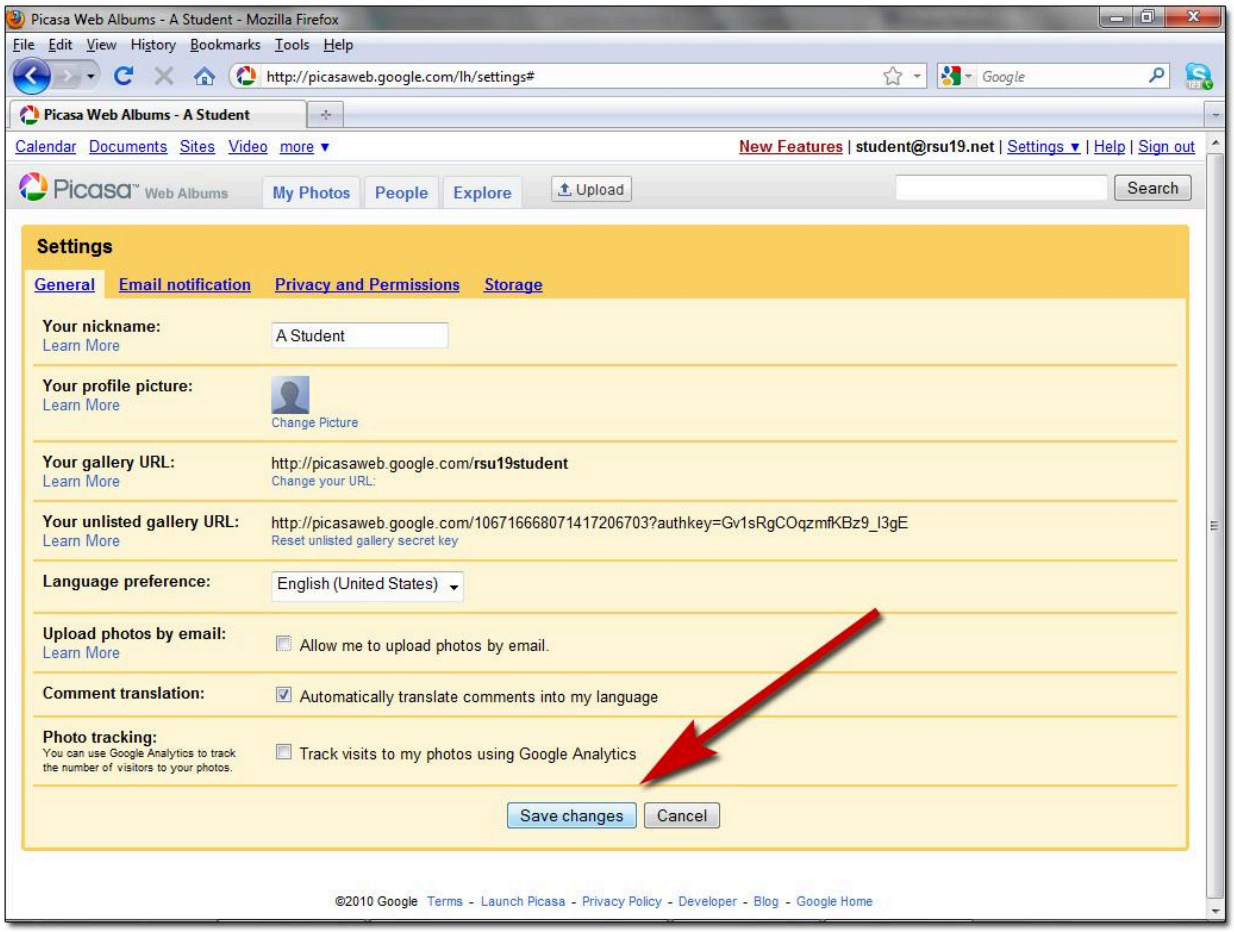

avatar name here. (Like *avatarname1916*)
*Note: This nickname **CANNOT** be changed later. Double check your spelling carefully and make sure it's the name one you want.*

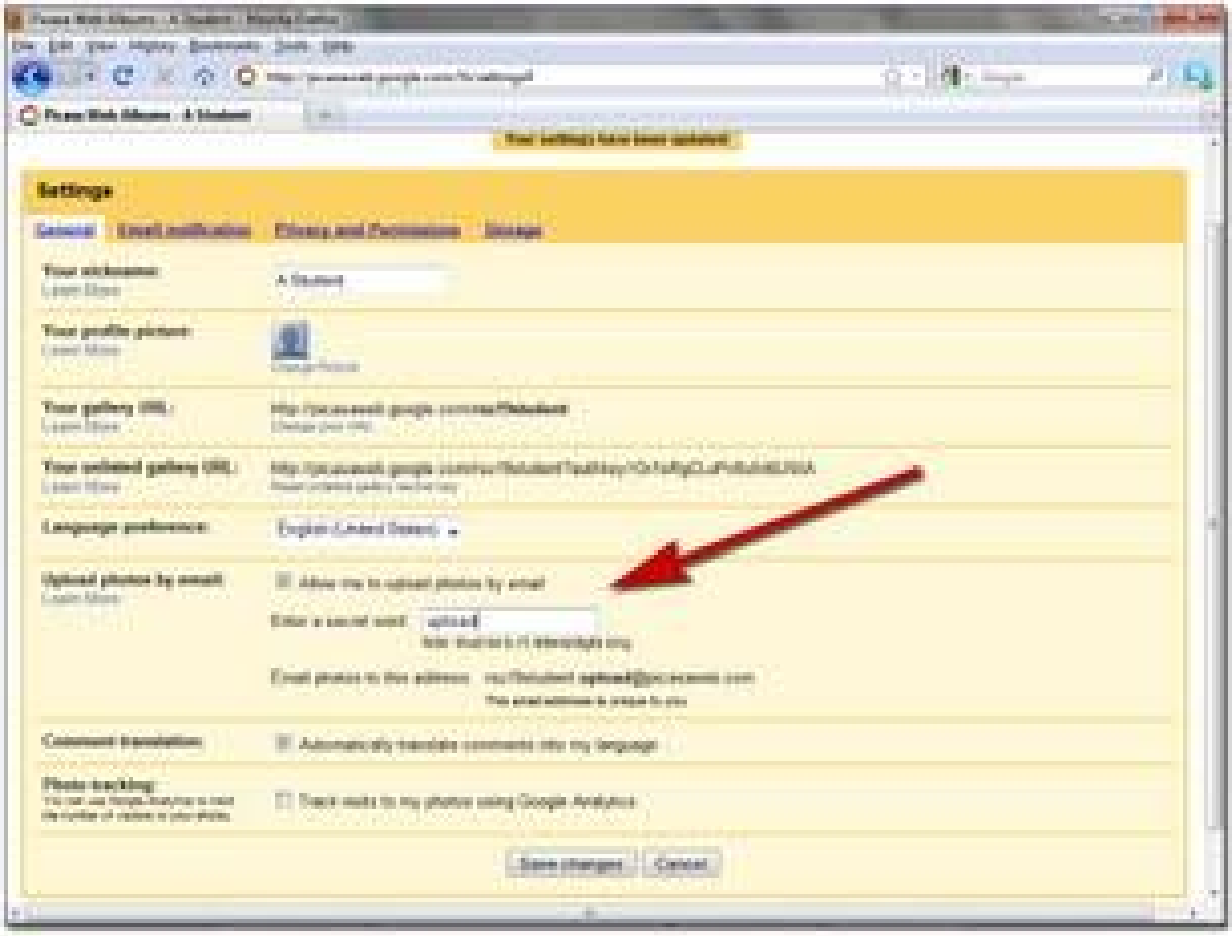

Click Change your URL. Then select your avatar name.

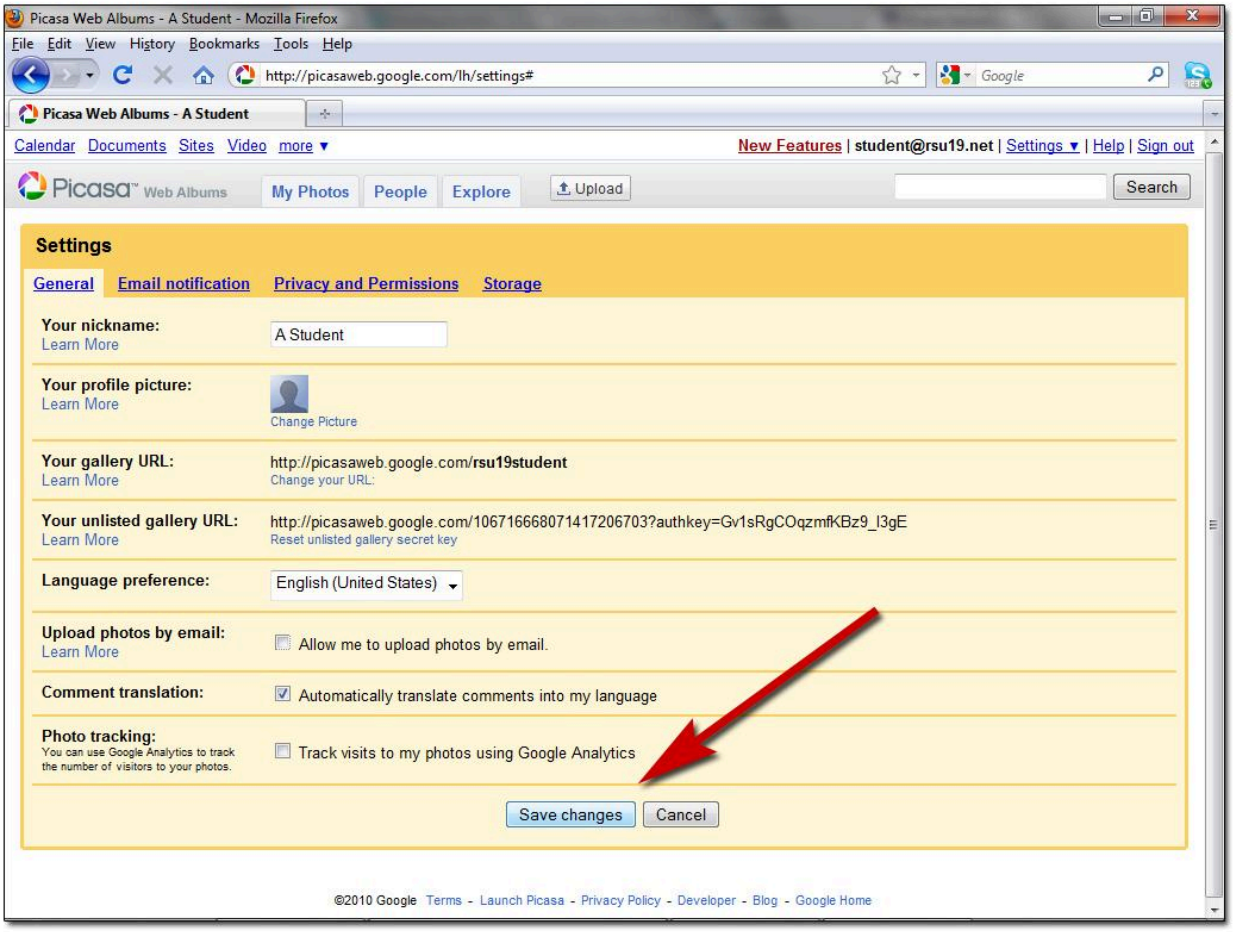

Click Save Changes.

Check Allow me to upload photos by email and enter the secret word: upload

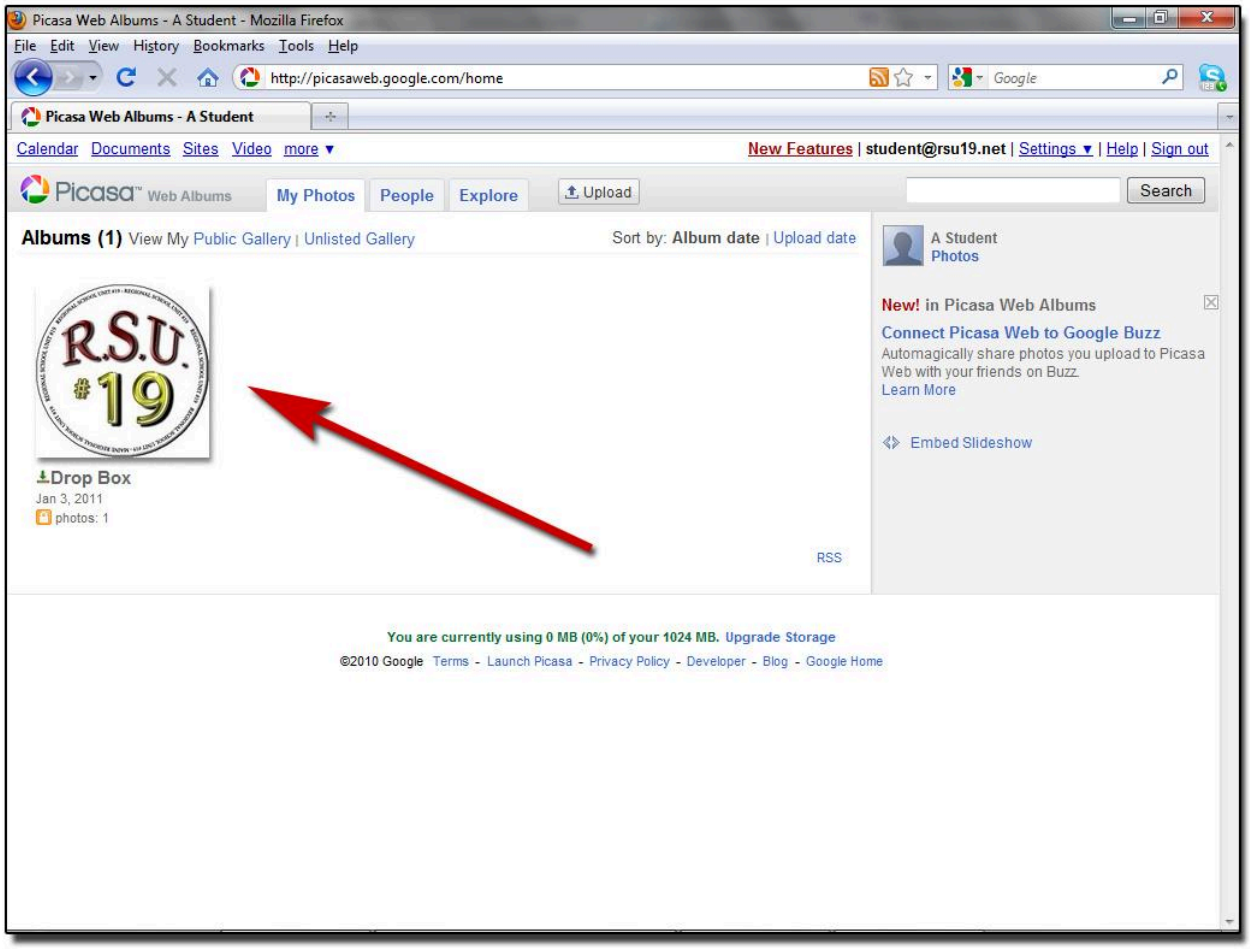

Click Save Changes

A web album called Dropbox will be created if an image is emailed to the address:

avatarname.upload@picasaweb.com
