

Learner Objectives for:

Child Outcomes Birth-6 Professional Development: Integrating Child Outcomes Into the IFSP / IEP Process

Participants will know and be able to:

1. State the purpose of Indicator 3/7;
2. Demonstrate an understanding of typical child development within the context of the three Child Outcomes;
3. Utilize functional assessment practices in the Child Outcomes rating process;
4. Demonstrate an understanding of the 7-point rating framework;
5. Apply the Child Outcomes rating process with fidelity to accurately rate a child;
6. Analyze current rating patterns for accuracy;
7. Appraise current IFSP or IEP process to identify areas for possible improvement in obtaining quality Child Outcome data.
