

Lesson 38 – Jingle Bells

Tone Range

Chords Learned

- **C Major** (C–E–G)
- **F Major** (F–A–C)
- **G Major** (G–B–D)
- **Bb Major** (Bb–D–F)
- **D Minor** (D–F–A)
- **A Minor** (A–C–E)

Music Theory

Jingle Bells is in the key of **C Major**, which means it uses **no sharps or flats**—just the white keys on the piano! That makes it easy to sing and play.

This song uses three special chords to make the music sound fun and complete:

- **C Major** is the “home” chord. It sounds happy and safe.
- **F Major** takes us on a little musical trip.
- **G Major** gets us ready to come back home again!

Sometimes the piano or guitar doesn’t play the whole chord at once. Instead, the notes are played **one at a time**, which makes the music sound light and bouncy—just like a sleigh ride!

Rhythm and Note Values

In this song, you’ll see a new kind of note—**eighth notes**! They look like little flags (♪), and they are **twice as fast** as quarter notes. That means **two eighth notes fit into one beat**. You might have clapped them in music class, but now you get to play them on your instrument!

There’s also a longer note called a **dotted half note**. It looks like a half note with a little dot next to it. The dot makes it **last for three beats** instead of two. You’ll usually see this long note at the end of a line so the music can fill the whole measure before moving on.

Musical Form

Jingle Bells has a fun and easy pattern! The chorus — that’s the part that goes “*Jingle bells, jingle bells...*” — comes back again and again. In between, we hear different parts of the story, like riding in the snow or racing with the sleigh.

The music is made of even phrases, usually 4 or 8 bars long. That helps us know when to breathe and when to play next. At the end of each section, we hear a special change in the music that makes it feel finished. That’s called a cadence. In this key, it often goes from the G chord (that’s the V chord) back to the C chord (that’s our I or “home” chord). It sounds like the music is saying, “We’re done!”

Chorus

The chorus that everybody knows is written in our tone range, so we can all play it together. This part is steady and clear, and everyone can join confidently.

Verse

The verses are higher than the notes we have learned so far. Either the teacher will play those parts alone while we sing, or experienced players may take them on as a challenge. When we sing, we will sing an octave lower so it fits our range.

Musical score for piano, measures 17-30. The score is written on four staves, each beginning with a treble clef. The key signature is one flat (B-flat). The tempo/mood is marked 'Piano'.
