

GEERIDE INSTRUCTION

Please note: the parameters currently shown in the app are still being refined. As we collect more data, the analysis will become increasingly accurate.

The data are fully anonymized and help us train our neural networks for movement technique analysis.

Already in the App?

- 1) Turn on Bluetooth and make sure you're connected to the internet.
- 2) Pair the sensor (If you move too far away from the sensor, you'll need to pair it again.)
- 3) Press the 'Play' button at the bottom center to start recording your trip.
- 4) To save the trip properly, keep your phone close to the sensor and connected to the internet.
