Below are additional political cartoons and information about Rockefeller and Standard Oil.

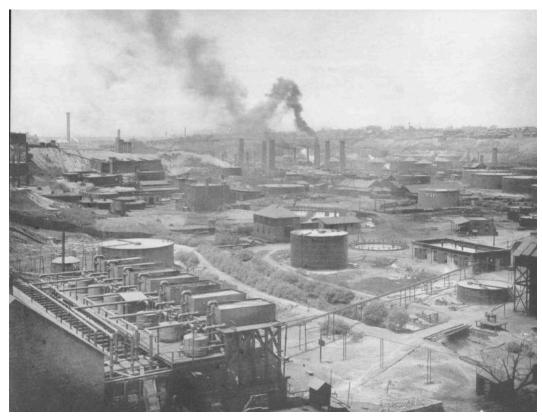

"The Trust Giant's Point of View: What a funny little government"--Caricature of John D. Rockefeller holding White House and President McKinley in the palm of his hand; Capitol and Treasury Dept. in background as "Standard Oil Refinery".

Political cartoon showing a Standard Oil tank as an octopus with tentacles wrapped around the steel, copper, and shipping industries, as well as a state house, the U.S. Capitol and one tentacle reaching for the White House.

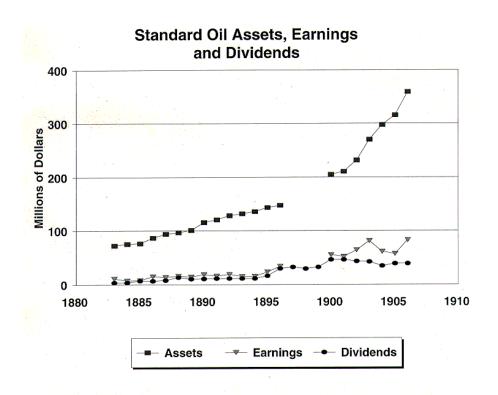

"The King of Combinations"-- In this cartoon Rockefeller's crown is labeled with the names of rail lines that he effectively controlled, while he stands on his platform of Standard Oil. 1901

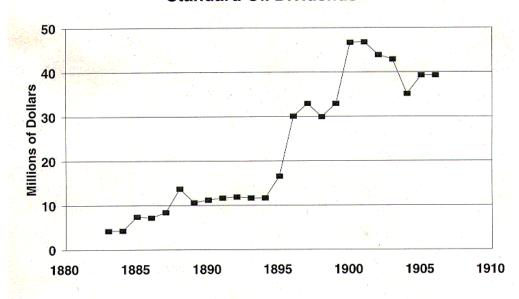

Two early images of Standard Oil refineries.

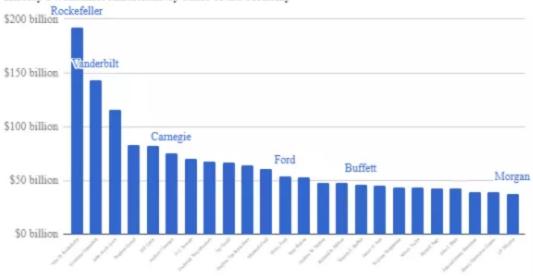

Standard Oil Dividends

Dividends are portions of a company's earnings, paid out to shareholders who have invested in the company.

History's wealthiest Americans by share of the economy
