

Hey Harry,

I like how you provide free information on things like “ How to spot an SMMA scammer” and “How to set up your Instagram for SMMa etc.. That builds a level of trust with the reader and I am pretty sure that brings in a lot of new revenue.

I Saw a Big opportunity for you and the service you are providing,

so instead of writing a whole book for you about this opportunity I made a video explaining this.

Here take a look  (it takes less than 2 minutes)

HI Ben,

I really like how you provide free information on your free video lessons, that builds a level of trust with the reader and I bet that brings in a lot of new revenue.

I noticed that you get a lot of clients to your email list just before they get access to the Free video lessons.

So I wanna run your email list so you can have time for other important things.

I'd love to create a free piece of work for you, and if you like it, we can talk from there.

Sounds Fair Enough?

Best
Sobhan

HI Nikolai,

I really like how you provide a documentary for your audience, that builds a level of trust with the reader and I bet that brings in a lot of new revenue.

After testing a website with one of my clients I noticed some strategies that worked amazing
.

Here is the website: <https://skilltoprofit.carrd.co>

If you wanna know the same strategies that my client used, then I can explain everything over a meeting.

Sounds Fair Enough?

Best
Sobhan.

Hej Johannes,

Jeg kan virkelig godt lide, hvordan du giver gratis information om " de 7 trin sådan vinder du dagen" osv... Det opbygger tillid hos læseren, og jeg satser på, at det bringer en masse nye klienter.

Jeg lagde mærke til, at du får mange kunder til din e-mailliste lige inden de får de 7 trin .

Så jeg vil gerne hjælpe dig med din e-mailliste, så du kan have tid til andre vigtige ting.

Jeg ville gerne lave et gratis stykke arbejde for dig, og hvis du kan lide det, kan vi tage den derfra.

Lyder det rimeligt?

Bedste hilsner,
Sobhan
