

Dear Parent(s) and/or Guardian(s),

The Gratiot County Community Foundation and local volunteers are teaming up with the staff and faculty of Alma Public Schools to offer a **weekend supply of meals and snacks** for your child.

These meals are meant to supplement student nutrition over weekends during the school year, **free of charge**. All food is non-perishable with the occasional exception of fresh fruit. Bags are distributed to your child (via their backpack) by volunteers on the last day of the school week before the weekend. ***If you wish to participate in this program, please contact your child's teacher. However, should you wish to pick up the food instead, please complete the information on the reverse side and email it to: afaustmann57@gmail.com***

It is our goal to support the health, behavior and achievement of every student. Project PAWS is a resource your family may appreciate. However,

- **If you have questions or concerns, OR**
- **If you have a child with food allergies,**

Please contact Art Faustmann at the email provided above.

Sincerely,

Art Faustmann and Kristen Benitez / Project Coordinators
