## ★ A Little About Me: ★

This is her 10th year teaching 3rd grade and now her 2nd as a Timberwolf. She is so excited to begin another 3rd grade adventure. She was a flight attendant for 13 years while substitute teaching and has brought her love of flying and traveling into her classroom. She graduated from Colorado State University with a Bachelor of Science degree. Then got her teaching license through Metro. She decided to trade her wings to become the “Captain” of her own classroom after her children started elementary school. She taught at their school until they both left her to go into middle school and has now ventured to join the Pioneer Family. She is so excited to watch her 3rd graders soar !!!
