
Privacy Policy

Last Updated: 19 October 2026

Sharelock SA, Avenue d'Ouchy 4, 1006 Lausanne, Switzerland, is the data controller for personal data processed through getsharelock.com.

1. What we collect.

We only process personal data when you give it to us or when your browser sends it to deliver the site: Contact form: your full name, work email address, firm, type of firm, the topics you select, and any context you choose to write. We use it only to reply to your inquiry and to keep a record of the exchange. Please do not write confidential deal details, client names or figures in the form: we will take those on a call, under NDA if you wish.

Email content, when you write to any @getsharelock.com address.

Technical data: server logs (IP address, browser, pages requested), processed by our hosting provider to deliver and secure the site, and anonymous visit and performance measurements (page visited, referrer, country, device type, browser, loading speed). These measurements use no cookies and do not identify you across sites.

The site sets no advertising or tracking cookies and loads no third-party fonts, scripts or trackers. We do not use your data for marketing and we do not build profiles.

Why we process it: our legitimate interest in answering your inquiry, running and securing the site, and, where you ask for a service, steps taken at your request before a contract.

2. Sharing and transfers

We do not sell, rent, or share your data. We rely on service providers for hosting, form processing and email. They act on our instructions under Data Processing Agreements. Some of them process data outside Switzerland and the EEA, in particular in the United States, under Standard Contractual Clauses or adequacy decisions.

3. Retention

Server logs: up to 12 months. Contact form submissions and email correspondence: up to 24 months after our last exchange, then deleted. Anonymous visit and performance measurements do not identify you. Commercial records: as required by Swiss law.

4. Your rights

Under the Swiss FADP and GDPR, you can request access, correction, deletion, restriction, portability, or object to processing. Write to privacy@getsharelock.com. You can also lodge a complaint with the Swiss FDPIC or your local EU supervisory authority.
