Total		1432	845		

Description:

Sisaket Rajabhat University continuously monitors graduate employment outcomes through graduate employment surveys and the University Tracer Study System. Green jobs are defined as occupations that contribute directly or indirectly to environmental sustainability, environmental protection, public health, sustainable development, community well-being, and responsible resource management.

As part of its commitment to sustainable development and the preparation of graduates for the green economy, the university encourages students to develop competencies related to environmental management, sustainable agriculture, public health, occupational safety, community development, sustainable tourism, green logistics, and governance-related sectors that support sustainability goals.

During the last three academic years (2022/2023–2024/2025), Sisaket Rajabhat University recorded a total of **4,218 graduates**, of whom **845 graduates** were employed in occupations classified as green jobs.

Total number of graduates: 4218

Total number of graduates with green jobs: 845

Percentage of number of graduates with green jobs:

$(\text{Total number of graduates with green jobs} / \text{Total number of graduates}) \times 100\%$

$= (845/4218) \times 100\%$

$= 20.03\%$
