

Week 2: <http://prnt.sc/axb7wy>

Julie: This question is for both of the nominees. Do you two think that Arthur leaving was good?

Harley: If eviction is cancelled then heck yeah! If not, then at least I wasn't the first person out!

Amora: I don't expect it to.

Julie: Well, with that said, I must inform all of you that eviction has been cancelled.

DR-HARLEY: *When Julie said that eviction was cancelled, she might as well had told me it was Batman's birthday!!!*

DR-FOX: *I have to say I am pretty surprised to see Arthur gone and it is pretty upsetting*

DR-WENDY: *So basically....I nominated two people for nothing. I don't see this as a good thing, but I'm going to make the best of it!*

DR-AMORA: *I guess he didn't have what it takes to make it to the end. Such a pity ***smiles****

Fast Forward to HoH...

Julie: Congratulations to Ilana, you are now the next Head of Household!

DR-ILANA: *ZO MY GOSH! I can't believe I just won the Head of Household competition! I really don't know what I should do though*

Kacey and Ilana are jumping up and down with excitement now as everybody is heading into the house.

DR-KACEY: *I'm totally safe this week, which means I am going to be working on my amazing social game to make sure it is in the works for the time being!*

Everyone goes inside, where Fox and Hillary are talking while walking towards the room:

Fox: So, how do you feel about this HoH?

Hillary: Another girl is in power, so I love that!

Fox: I see....

Hillary: But hey, it wasn't Donald and that means we're set for a good week!

Fox: Yeah...still kinda surprised about Arthur leaving

Hillary: Me too, but there was nothing we could do. For now, we just try to retaliate somehow.

DR-HILLARY: *It's a political tragedy that those scoundrels did what they did, but the show must go on*

DR-FOX: *Given my position with Hillary, but also now Kacey, Hannibal, and Amora, I do feel like I am safe in the house for the time being. For now, that is a good thing.*

Hannibal is talking with Amora as the two of them are walking:

Hannibal: I believe we are in good graces

Amora: Hm, that's one way to put it. I'm just happy we avoided me leaving.

Hannibal: I suppose that would have been a true tragedy

Amora: Yes, and now, we have work to do

Hannibal: Precisely. We're going to have another meeting with Donald and the others to discuss how to go about the week

Amora: I can do that. What are we doing about Walter?

Hannibal: Walter's busy being himself I suppose, but fear not. He will be a great asset

Amora: How positive are you?

Hannibal: I'm confident.

Amora: For both of our sake.

DR-AMORA: *Sure, I avoided the eviction last week, but now we are on a new week. I cannot wait to see what this has in store for us.*

DR-HANNIBAL: *I predict that we'll be seeing something quite magnificent soon enough from a certain someone.*

Leeroy and Pig are busy playing games in the Game Room:

Leeroy: So how do you feel about what happened?

Pig: I feel.....sad! No, I feel happy!

Leeroy: Hm, I guess I feel happy too! Those guys are brutal though!

Pig: I'm happy we didn't do anything to those two!

Soon, Walter walks by with a welcoming expression.

Walter: Good morning to the two of you.

Pig: Good morning! What a nice guy!

Walter: ***laughing*** I'm just like every other person here, I promise.

Leeroy: Hey man, would you be interested in talking to Donald?

Walter shows surrendering hands

Walter: For now, I am good, but I'll be sure to talk to him later, I promise.

Pig: Wow, that sounds cool!

Walter: But I don't mind talking to you guys on a regular basis. We could be like a, uh...what's the word?

Pig: Alliance?

Walter: ***snaps fingers*** that's the word.

Leeroy: That sounds AWESOME!

Pig: Yeah, we'd be a pretty cool alliance!!!

Walter: So it's settled then, I'll talk to you guys later ***walks away***

Pig: He's such a nice guy

Leeroy: Yeah, it's good to see another person talking to us again.

DR-PIG: *We now have another ally! That's so good! I want to tell Donald, but Walter says we should wait*

DR-LEEROY: *We're gonna undertake this house soon from the power players, but for now, me and my dude Pig are gonna kick back and relax!*

DR-WALTER: **stares at camera with straight face* The first week was spent on observing everyone. I took a gamble with those two, but the second step is individually talking with everyone. Then I'll go from there with what I've got planned.*

Donald, Amora, Ramsay, and Harley are all sitting at the table nearby the kitchen-

Donald: Congratulations, ladies, on surviving the block last week.

Ramsay: If only I could have killed him instead of him leaving...you think he would have burned quicker than the Pig?

Harley giggles

Harley: I'm just so happy that I could pick blood red roses for days! What are we going to do with Ilana?

Amora: She's with Kacey, we know that much

Harley: Oooooooooo scandalous!

Amora: Well, they're somewhat close for now, but I'm sure a quick talk could change that

Donald: Hm, I think I know how to get some information off of that.

Ramsay: You can do that while me and Harley try making new friends

Harley: And if they say no- SPLOOSH! They'll be gone just like Arthur haha!

Amora: Maybe this game will be more fun than I thought it would after all

Donald: Don't be silly, Amora, it already is fun

Harley: Fun fun fun in the sun has to be done haha!

Ramsay: Or when someone looks like they were near the sun!

Donald: You two are crazy- I like that

DR-DONALD: *So, I think that it won't hurt too much to start broadening my horizons. After all, every good empire needs its foundations.*

DR-HARLEY: *Hm, I kinda wish he didn't leave so we could destroy more stuff but oh well!*

DR-RAMSAY: *I can't wait to see what we have planned next for our houseguests.*

DR-AMORA: *I'm ready for the good times to roll*

Inside the room, Alison is trying to read a book. After a look of focus, she puts it down and goes back to lying down and seems to be doing some heavy thinking.

DR-ALISON: *As of now, I'm not really sure what to do. I feel like if I do anything, it could result in the same thing happening. This is why I didn't want to make allies or anything, but now my only ally is gone. So I need to think of what to do next.*

Wendy and Loveita are in the middle of talking about how to handle the game now that they are not in the HoH room anymore:

Wendy: Well, both of my nominees are still here

Loveita: So it seems, but we can easily bounce back from this.

Wendy: How positive about this are you?

Loveita: Very. All we have to do is talk to Ilana and Kacey. After all, we are in an alliance with them, remember?

Wendy: I do, but I'm just worried about their honorableness.

Loveita: Don't worry, they won't be breaking their promise to align with us. Not while I'm around.

DR-WENDY: *So now that I am not the HoH, I have to make sure that I am still in good with all of these people. Hopefully, they were honest with me.*

DR-LOVEITA: *Am I concerned of being nominated? No, not really. Ilana wouldn't nominate me- if she knows what's good for her.*

Ilana is in the HoH Room with Kacey. The two girls are in the midst of singing Kelly Clarkson's Breakaway. When they're done, they decide to sit down and do some talking:

Ilana: So I was thinking of nominating some very uncool people and needed to know what you thought

Kacey: Alright, lay it on me then!

Ilana: How do you feel about Ramsay? He gives me stinky vibes. Not like foot fungus level, but more like your personality sucks stinky, you know?

Kacey: He is pretty extra- like dude can you not be such a freak?

Ilana: Well he is a borderline psychopath

Kacey :True, true. Just don't nominate Fox or Loveita

Ilana: Girl, why would I nominate Loveita? We're cool, especially with Wendy too. But why Fox?

Kacey: He's in one of my side alliances, but I don't take it seriously.

Ilana: Alright, cool beans!

Soon, there's a knock at the door, and Kacey goes on to answer it to reveal Donald and Amora. The two enter.

Donald: Lovely room you all have here

Ilana: Oh, do not worry, she doesn't live here

Kacey: Psh! As if!

Ilana: So, how can we help you guys?

Amora: We were wondering where your head was at?

Ilana: Well, probably going to talk to a few people and go from there. Was there anybody you guys particularly wanted out?

Amora: Well we were thinking about.....actually, Hillary has been going around the house saying some things, maybe you've heard of them?

Kacey and Ilana exchange glances

Kacey: What she say?

Donald: That she hates video games and also thinks this is going to be a long week with you as the Head of Household.

Ilana gasps

Ilana: Well, that's not so bad.

Amora: She also said that when she is HoH, she plans on making moves against people who would be nothing more than sheep.

Kacey: Hillary would never do such a thing! She's like amazing!

Donald: Do you believe what every politician tells you?

Kacey: OF COURSE I DON'T! Do I look like some puppet to you?!

Donald: No, which is why I think you two should do something about her.

Ilana: Well, thank you for talking to us...we'll definitely have to think about this for our nominees!

Amora:: Have fun with the nominations, we just thought it was best you learn this.

Amora and Donald leave.

DR-DONALD: *Easy as winning an election.*

DR-AMORA: *Now, let the games begin.*

Ilana and Kacey try to do some talking about what they have just learned when Wendy and Loveita enter the room:

Wendy: Hi guys, we just wanted to make sure everything was going well and we're safe for the week

Ilana: Oh yeah, we are all good in the hood sistah girl!

Loveita: See, I tried to tell her but she was just worried given some of the events that happened this week.

Kacey: Oh yeah, thank GOD Arthur is outta here. He was so annoying and such a misogynist!

Loveita: Wasn't he with that one girl?

Ilana: Oh, Quiet Girl? Not sure, she's quiet and doesn't say anything

Kacey: Yes, like she should be like ashamed of herself for even being with him. We should nominate her with Hillary for that!

Loveita raises an eyebrow.

Loveita: Wait, what?

Ilana: Donald and Amora came here saying that we should-

Wendy: You had me at Donald and the person I tried to nominate. Don't trust anything that either of those disgraceful people say to you guys

Kacey: Are you sure Hillary has said no comments about us?

Wendy: We haven't heard anything...I think they were lying to you guys, but that doesn't sound so surprising honestly

Ilana: Maybe you're right, well, I'll figure something out, but just know that you guys are totally safe so just Netflix and chill! Or, well, just chill, we have no Netflix here

Loveita and Wendy leave.

DR-LOVEITA: *So that went rather interestingly. Whether or not Ilana nominates Hillary, I think she's going to be a problem later on, but we'll see where the wind takes us *smiles**

DR-WENDY: *I really am happy that our alliance is good, but I'm also very worried about who Ilana plans on nominating..*

Ilana and Kacey go back to discussing what to do about their situation...

DR-KACEY: *Honestly, she needs to nominate Hillary, because you just NEVER know when someone is talking bad about you.*

DR-ILANA: *I'm still conflicted, but sheesh, making big decisions is usually left for big girls and big girls don't cry so that's what I'm going to not do. Shoutout to my girl Fergie!*

Ramsay and Harley are in the background when they happen to notice Pig and Leeroy:

Ramsay: Hey, Porkie!

Pig: I think they're talking to me

Leeroy: Yee, they are!

Pig: Okay! Hi guys!

Harley: What are you two warriors up to?

Leeroy: We're just doing some, uh nothing!

Harley: ***laughs*** don't be silly, you can't do nothing and enjoy yourself

Leeroy: Sure you can- we are right now!

Ramsay: Are you calling us nothing?

Pig: No no no, he means that we're literally doing nothing haha

Ramsay: You sure wouldn't taste like nothing

Pig: Huh?

Ramsay: Nothing at all.

Harley: Well it was nice talking to you too!!!

Harley and Ramsay walk towards the pool table.

Pig: That was weird....do you think they want to align with us?

Leeroy: ***makes a thinking face*** HELL YEAH

DR-PIG: More allies! Yay!

DR-LEEROY: *So we're on a roll with our ability to make allies. We're on our way to the top.*

DR-RAMSAY: *I'm eating that Pig before i leave this house.*

DR-HARLEY: *What a bunch of cuties those guys were! They'll make the perfect helping hands!*

Alison goes into the kitchen, where she comes across Hannibal. She does her best to avoid eye contact with them, but Hannibal sees her:

Hannibal: Pleasure seeing you

Alison: Have a nice day

Hannibal: Why the rush of a conversation? They are always good to have

Alison: Not with you after what you guys to Arthur

Hannibal: Oh but you all did that to yourselves

Alison: How can you all be so f- ***takes deep breath*** You know what, I have to go

Alison walks away.

DR-HANNIBAL: *It is always an intriguing thing to see what a victim will do. This one, however, brings nothing to the table.*

Alison walks down the hallway to her room and happens to notice Walter in her room.

Alison: Um...can I help you?

Walter: I was hoping to talk to you

Alison: I can't right now

Walter: Why not?

Alison: I.....

****Kacey starts yelling from somewhere in the house****

Kacey: ***offscreen*** IT'S TIME FOR THE NOMINATIONS CEREMONY LOSERS GET TO THE TABLE NOW!

Alison looks back at Walter.

Alison: Actually, let's talk after this I guess?

Walter: Is that definitive or are you just saying that?

Alison: It is definitive.

Walter: Good.

Everyone heads over to the table as Ilana appears to walk down with the Box.

Ilana: As Hoh, it is my duty to nominate two of you for eviction. I will pull the first key- that person is safe. They will pull the next key and so on and so forth.

Ilana pulls the first key...commencing the Safeties:

Ilana: I have nominated you Hillary and you Amora for eviction. Nothing personal, but Hillary-Donald and Amora came to me claiming you were talking about me and my ally. No clue if its true or not. If it isn't sorry, if so, then you deserve the hot seat for the week! Regardless, Amora, honestly, Wendy was right- your personality is a quicker buzzkill than Woody Woodpecker to wood, so yeah, good luck in the POV!

This nomination ceremony is adjourned.
