~~~~~

*The Blue Ridge Virginia Governor's School (BRVGS) is an academic year governor's school that provides a challenging and differentiated program of studies in core academic subjects, emphasizing science, technology, engineering, and mathematics (STEM). The program utilizes interactive video technology, field trips, and team coaching to create a regional community of learners from the counties of Fluvanna, Goochland, Greene, Louisa, Nelson, Madison, and Orange. Methods of instruction and learning aided by technology will aim to put the student in control of his or her learning and education.*

Please contact Mrs. Floyd, Special Services School Counselor, with any questions.
