

Casimir Summer Reading Requirement

Your teachers request that you read this summer! Not only is reading good for the soul, but studies show that reading over the summer helps better prepare you for the coming school year ahead. **Please read at least ONE book this summer and be ready to reflect on your reading the first week of school with your new English teacher. Your teacher may accept this paper alone as the assignment or they may require some other reflection, in which case you can use this sheet as notes.**

The [titles provided](#) are merely recommendations; **you are encouraged to read anything that interests you and academically and appropriately challenges you.**

If you need more space and/or read more than one book, feel free to use another page.
