

## General Field Trip Permission

Child's First Name: \_\_\_\_\_ Last Name: \_\_\_\_\_

### Field Trip Permission

Children at St. Cloud Social Justice Academy will participate in "Going Out" opportunities throughout the year. "Going Out" experiences will be organized by the children with support of school staff and supervised by an adult. These excursions allow the children to build upon their work at school and will include involvement in the community. "Going Out" opportunities are an outgrowth of learning activities pertaining to the curriculum and are considered essential to the program at the school. By signing below, you are giving permission for your child to participate in supervised "Going Out" experiences and other activities as designated and/or approved by the staff of St. Cloud Social Justice Academy that will occur outside of the school building.

A notice and explanation of each field trip will be sent home prior to the activity. The parent will have an opportunity to refuse a field trip at any time.
