Scenes and dialog

Night 1

Scene 1: (All the towers are having fun at scouts house. Swimming, playing games, cooking and eating foods, watching movies, then cuts to all the towers sleeping, then a portal opens and sucks in Minigunner, Accelerator, Dj, Hallow Punk, and Electroshocker inside. After taking time to find out where they are in which they are in an enlarged house. The Dream Weaver comes by and, disappointed by not seeing the commander, he smashes the tv with one of his needles and lets out enemies.)

Dialogue:

Mini, dj, electro, hallow, accel: Ahhhh!

Mini: ugh... where are we?

Electro: some kind of huge house

Dream Weaver: Hehehe!

Hallow: Who's there!? Come out!

DW: Hehehe why hello you little ones, nice to see you all especially... Wait, where's commander?

Electro: that's not important! Who are you and where are we?

DW: Oh whatever! You five are already getting on my nerves! So... let's see you deal with this!

Dj: Oh no... Everyone, Get Ready!

Wave 1:

Mini: What the heck is going on!?

Dj: I don't know! All I remember is being asleep and waking up here!

Accel: Ok guys listen! I'm just as freaked out as you all but we got to stay calm. Whatever these things are, they're attacking us!

Wave 2:

Electro: He's right guys we can't just stand here and panic!

Hallow: Even without commander we can do this guys!

Wave 4:

Mini: This place is so weird! It's like we got shrunk down!

Hallow: This place looks like Scout's house but much much bigger.

Wave 6:

Dj: Who was that thing from before? And why did he want to see commander so much?

Electro: Hmm that's a good point and what's his deal with suddenly attacking us?

Wave 9:

Accel: These enemies... they don't seem like they're from our world.

Hallow: Well I get the feeling that we're getting close to the end.

Wave 10:

DW: oh no no no this surely won't do... here have this gift! I've been able to do things like this ever since I got this cool shard! (Knits up the Night Knight) I must be going, it's almost daytime!

Hahehahehaha!

Mini: What is that? Some kind of Knight!

Electro: Did he say... Shard? There's no way! That thing must have a God Cube Fragment!

(The Night Knight collapses in front of them and then a Dream Spirit shows up behind them. And asks them for a deal in which he will help them get the shard so long as they help him escape.)

Mini: Well that's done. Now what?

DS: Wow, you actually managed to defeat one of his creations?

Electro: Ahh! Who the heck are you!?

DS: No need to fear me. I do not wish to harm. I am... well I can't remember my name, I've been stuck here for years. But that doesn't matter right now. Say how about you help me escape?

Dj: Listen... whatever you are, we don't know how to escape and if we did we'd at least like something in return.

DS: Fine by me. That shard you said? A fragment of a god cube? I've heard of those before. Look if I help you get this shard, you help me escape this

**place along with yourselves as well. Trust me you
dont wanna be here for long. (Extends a shadowy
hand) We got a deal?**

**Accel: Well it's not like we have any other option.
(Shake hands) you got a deal.**

DS: Great, now follow me. We've got work to do.
