asked cooked liked talked walked looked stopped helped hoped kissed finished washed watched relaxed	answered entered enjoyed listened returned opened planned climbed	wanted hated started waited tasted decided needed added ended

I wanted to make my wife happy, so I decided to make her dinner. I asked her what she wanted to eat. She answered spaghetti. I hated spaghetti, but I wanted to make her happy.

So I cooked the spaghetti. I planned everything. I started cooking at 4pm. I needed a pot of water. I waited for the water to get hot, and then I added the spaghetti. I hoped she would like it.

She tasted it, and it she liked it. She was so happy that she kissed me. We enjoyed the dinner together. She talked about her day, and I listened. We finished dinner at 6pm.

Afterwards, I washed the dishes. My wife helped. Then we walked in the park together. We looked at the trees. I climbed up one of the trees

Then we returned home. We opened the door and entered the house, and then relaxed on the sofa. We watched a movie on TV. The movie ended at 10, but we were tired, so we stopped watching at 9.
