

Constitutional Amendment Secured Club Definition

[Senate Bill 10](#), as presented to the Student Union Senate on April 17, would clarify the definition of a secured club, adding requirements that clubs need to meet to be eligible to become a secured club, such as being established for 5 consecutive years. This clarification doesn't change the original definition of a secured club, but provides clear eligibility standards for clubs with the intention to become a secured club and additionally clarifies secured club privileges.

Pros and cons for the passing of this amendment are as follow -

Pro	Con
I. Many clubs view secured club as the ultimate status for clubs; this amendment would provide more insights into the eligibility requirements for secured clubs and privileges that come with being secured II. Any club that intends to become a secured club has a clear outline for the requirements of becoming one	I. Only eligible clubs would be able to apply to become secured
