

Outreach for a hair transplant clinic.

With a decent instagram audience, and good website traffic.

The offer is Launching a newsletter for them and the FV is 5 Email Sequences which is already created.

To [X-Clinic] Team,

I just visited your website today and as it opened, Boom! An incredible transformation.

Which is a great way to get the reader's attention as they enter the website.

However, I have a tool that can showcase your brand's strength even more.

Not only that, but it can be leveraged to increase website's traffic and Instagram views.

This tool is already being leveraged by clinics Like Bosley Medical, and it's a game changer.

I'm talking about adding an opt-in page and launching your newsletter.

And I have developed a series of 4 email sequences for [X-Clinic]

Completely free of charge.

If you want to receive them, reply to this DM saying:

"Send Me the Emails, I want to enhance my business" and I'll send them your way.

Looking forward to your response.
