Geometria Media Company Hosted Small Business Networking Meetup in Soho

[Hero Photo](#)

On November 26, Geometria Media Company hosted over 70 business owners and entrepreneurs from diverse industries at **G-Gallery**, a stylish event space in the heart of Soho, Manhattan. Attendees included professionals from real estate, franchises, logistics, hospitality, media, marketing, and other sectors, coming together for an evening of connection and collaboration.

This **Small Business Networking Meetup** was part of Geometria's ongoing commitment to supporting the growth and development of small businesses and fostering a strong entrepreneurial community.

The evening provided an informal yet dynamic atmosphere for business owners to introduce themselves, share experiences, and form valuable connections with like-minded professionals. From lively conversations to insightful discussions, the event showcased the spirit of innovation and ambition that defines the New York business landscape.

Geometria Media Company: Driving Small Business Success

Geometria Media Company is deeply invested in the success of small businesses. With over **2,000 premium digital screens** in high-traffic urban locations—including supermarkets, grocery stores, and fitness centers—across five key states (New York, New Jersey, Pennsylvania, Illinois, and Florida), Geometria is proud to provide innovative advertising solutions that help businesses grow.

Notably, **71% of Geometria media assets are concentrated in New York**, establishing our leadership in the region. Its partnerships with globally recognized brands like Starbucks, Disney, Meta, and Google, as well as our commitment to small businesses, exemplify dual focus on excellence and community support.

Looking Ahead As Geometria expands nationwide, it continues to engage with small business owners through initiatives like **special advertising programs** and networking events. Geometria believes that fostering connections within the entrepreneurial community is key to shared success.
