Code4Lib South Central August 2017 Meeting

Planning Document

[Code4Lib South Central August 2017 Schedule + Logistics](#)

Summary

Code4Lib South Central regional meeting is *this August 11th, 2017* at *Willis Library, University of North Texas.* The idea is to hold a 1-day unconference similar to other regional Code4Lib meetings held around the country. This meeting will be unconference-y in nature, with some structure prepared before, but day-of proposals encouraged. Sessions could include lightning talks, scoped workshops, breakout sessions, and hackathons.

Email for Registration Text

Code4Lib South Central Registration and Signup for Lightning Talks, Workshops, and Demonstrations

The Code4Lib South Central (Texas, Oklahoma, Louisiana, Arkansas and New Mexico) meeting on August 11th at the University of North Texas in Denton, Texas is now open for registration.

https://code4libsc17.eventbrite.com

If you are interested in attending, please take a moment to register, so that we can get an accurate count of those who are attending.

We are also opening up the call for participation in lightning talks, workshops, and demonstrations. We all have projects that seem like there isn't a group that would be interested in hearing about them. I have a feeling this is your group.
