

METER RESERVATION FOR ON STREET PARKING

- Downtown vitality is dependent on the availability of convenient hourly parking spaces, and for this reason the Chattanooga Parking Authority discourages the use of meter bags except when absolutely necessary.
- A permit will be required from the City of Chattanooga Traffic and Engineering Department for the purpose of lane closure, placing equipment such as a container or dumpster, or for any traffic changes.
- The cost to reserve on street meters is \$15.00 per space, per active meter day.
- On street reservation request will be reviewed and approved depending on necessity.

Information needed:

1.) Company name and billing information:

2.) Reason for bagging or reservation:

3.) Install and removal dates:

4.) The meter numbers (found on a white label):
