Appearance;

cas is a small-framed feline. his voice is low and rough, a gravel-like tone to it. he has silver fur with a light brown gradient within it. his eyes are of a near-transparent blue with specks of amber in them. castiel has a medium-length pelt and long tail.

Personality;

castiel is curious about the world. he is often times heard questioning many things, and will usually drive someone away by asking so much stuff. he is kind and caring, but also has a short temper that does not help with his already-low patience. cas loves to make friends, and is usually described as an 'angel' by kittypets, but he doesn't know what that is.
