Welcome to 6th grade!

I am here to help and support your learning the best I can.
Be prepared everyday to learn, and have your materials ready!
I want you to love learning, be willing to take risks and make mistakes.
Student Expectations:

1. Be Respectful
2. Make Good Choices
3. Always Solve Problems

Grading:

I will be using Jupiter Ed as my grading program. You will be able to view your grades and any missing work at any time. Students will be aware of what is going in the gradebook and what is not. I will send out log-on info in the next few weeks.

Assignments:

I will be using Google Classroom as a platform to deliver some, but not all assignments. You should be logging on daily. Sometimes you will have videos to watch, google docs, paper assignments, plus assignments on other sites to complete each day. Students should also learn to check their gmail daily.

If you are absent from a class, it is your responsibility to figure out what you missed.

Technology:

We will be using a variety of programs. Chromebooks will stay at school insurance will no longer be required.

We will be using-
